### **COUNCIL REPORT**

Meeting Date: November 28, 2018

Subject:	2019 Proposed Budget,	2020 – 2023 Financial Plan
APPROVALS:		
		Annette Antoniak
	Director	Chief Administrative Officer

### **Recommended Motion:**

The following summary of the 2019 Proposed Operating Budget, 2020-2021 Financial Plan, 2019 Proposed Capital Budget and 2020-2023 Capital Plan is provided as information to inform the budget workshop discussion therefore no motion of Council is required.

### **Summary:**

The *Municipal Government Act* (MGA) requires that every Alberta municipality approve a budget prior to passing a property tax bylaw.

### **Background:**

Administration has continued with a zero-based budget approach in developing the proposed budget. The proposed budget is based on the allocation of funding aimed at maintaining assets, providing quality core services and capital assets to support municipal operations. In addition, the Undrawn Debt Reduction Plan that was introduced as part of the 2018 Budget is continuing, to ensure the transition to a Pay-As-You-Go philosophy for capital projects. This reduction plan will allow the Municipality to eliminate future debt service (interest and principal payments) on undrawn committed debt.

In advance of the budget workshops, a Budget Primer and video were released. The Budget Primer and video are tools to enhance public understanding of the budget process.

Residents are invited to attend the budget workshops in person, by participating in the delegation process or via the live stream video. Rural residents will also have the opportunity to watch the budget workshops at their local contact office by booking in advance.

Proposed Community Investment Program grant recipients will make presentations to

Department: Financial Services 1/2

Council followed by detailed departmental operation budgets and capital project presentations.

### **Budget/Financial Implications:**

The budget philosophy for 2019 is a continuation of the efforts of staff from all levels of the organization seeking efficiencies and savings. The 2019 Proposed Operating Budget is \$29M less than the 2018 Operating Budget and includes a \$60M budgeted allocation to reduce undrawn committed debt. The undrawn debt reduction strategy proposed would allow for the elimination of undrawn debt by the end of 2021.

The 2019 Proposed Capital Budget is \$276M, this amount includes funding allocations for capital projects in progress and/or required to maintain existing assets and life-cycle requirements.

### **Rationale for Recommendation:**

The presentation of the 2019 Proposed Budget, 2020 - 2023 Financial Plan represents Administration's recommendation. The next steps in the budget process include incorporating changes as identified by Council during the proposed four-day budget review workshops followed by a presentation of the final budget and financial plan on December 11, 2018 for Council approval.

### Strategic Priorities:

Responsible Government

# Arts Council Wood Buffalo

Liana Wheeldon, Executive Director

Dave Boutilier, Board Chair & Director - Theatre

November 28, 2019

# Organization Mandate

**MANDATE**: To champion investment in the arts in our region and support our vision that the arts are valuable and integral to a remarkable quality of life.

### **ACWB STRATEGIC PRIORITIES:**

- The arts community is connected and has the resources needed to thrive;
- The arts are recognized as essential in creating a balanced community;
- The Arts Council is an influential voice for the arts.

# Organization Mandate

**SERVING**: We serve the arts community, and community at large, in Wood Buffalo.

**2019 GOALS**: To continue expanding our Business of the Arts program to include discipline specific learning, engaging youth as well as adults; To leverage existing, and create new, partnerships enabling more outreach to rural communities; To maintain our availability to meet the high demand for our consultative services; and operationalization of the Arts Recovery Strategic Plan.

### Organization Mandate

### FUNDED PROGRAMS INCLUDE:

- Learning Programs such as: Business of the Arts Workshop Series;
   Artistic Practice Development Series; Consultative Services
- Profile Building: Wood Buffalo Excellence in Arts Awards & Showcase; On-line Artist Directory; Arts Tours
- Art Production Projects: Suncor Student Art Awards / Kim Jenkins Student Art Scholarship; Arts Recovery Project
- Community Collaborations: ACWB works with a number of local community groups including: Alberta Culture Days; Social Sustainability Plan Stewardship Committee; 2018 Alberta Winter Games; Wood Buffalo Food Bank; Urban Market; and Fuse Social.

Since incorporating in 2012, ACWB has followed a path of sustainable growth, consistently responding to increased demands for its services from the community. Part of that demand is because our services are not offered by any other organization in the community.

- ACWB membership has seen steady growth, and includes artists, nonprofit organizations, and businesses.
- ACWB is often called upon by government and industry to represent our region's arts community.
- 48% of artists living in the region would now be defined as "professional" by the Canadian Artist Code directly resulting from the Business of the Arts workshop series, Master Classes, and individual consultations provided by Arts Council Wood Buffalo.

"The Fort McMurray Airport Authority reached out to the Arts Council Wood Buffalo for guidance and assistance in creating our Arts & Culture Program Strategy which is a 5-year plan to incorporate arts and culture into the airport experience for the benefit of visitors and community members. The Arts Council's guidance was valuable in assisting the Authority in creating a plan that is achievable, sustainable and supportive of the community as a whole. Beyond the assistance with the development of the strategy, the Authority frequently reaches \( \brace \) out to the Arts Council for advice on the implementation of our Arts & Culture Program to ensure we are strengthening and supporting the arts community with each stage of our strategy. The Fort McMurray Airport Authority gladly recommends the Arts Council Wood Buffalo to any organization looking for insight into the local arts community."

Joanne Meredith, Manager of Marketing, Communications & Experience Fort McMurray Airport Authority

"The Arts Council Wood Buffalo (ACWB) has been an important partner to the Wood Buffalo Food Bank (WBFB), most importantly with the inception and continual partnership on our Empty Bowls Festival over the past three years. With this partnership we are able to create a sustainable fundraiser for the WBFB, which has helped spread awareness about food insecurity in the region, as well as bringing the Arts community together in unique way. As well, the ACWB helped the WBFB with their project to create a mural on the property by engaging local artists to beautify the space and showcase their talent, and also in creating book covers for our history projects also done by local artists. Our partnership with the ACWB has been beneficial in creating another link between the non-profit and art sectors in our region."

### **Anna Noble**

Communications & Development Manager
Wood Buffalo Food Bank Association

"The Arts Council is incredibly valuable to the community, as well as being a personal and professional resource. Their mentorship and guidance has helped my growth as an artist in Fort McMurray. In the last 2 years I have gone from an enthusiast to full-time professional artist.

They have helped me build strategies and develop my art and I couldn't have done it without them."

Liam Renner, Artist

### Part B - Board Questionnaire

Are any board members being paid, or receiving an honorarium, for being on the Board or for other positions in the organization outside of their role on the Board? Yes □ No ☑

Board member name	Paid role on the board / organization	Amount received		

### What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

Anyone can become a member of Arts Council Wood Buffalo (ACWB) by submitting the appropriate
fee. Although there are exclusive benefits for members (discounts on programming, profile on artist
directory, access to consultative services), membership is not required to access most of ACWB's
programs and services.

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

The Board reviews the financial position on a monthly basis along with quarterly variance report analysis and approval. The Annual Budget for the following year is also presented to, and approved by, the Board in the last quarter of every year.

ACWB continues to work diligently to diversify its revenues to become less reliant on the RMWB funding. In 2018, ACWB will receive approximately \$52,000 in additional grant revenue, a 16% increase over 2017.

Every program and project undertaken by ACWB is assessed annually for appropriate revenue streams including: registration fees, sponsorship, and grant funding. When an alternate source of funding is identified, it is pursued by ACWB staff to ensure the sustainability of our programs and services. ACWB also takes on fee for service contracts when time and capacity allows. In these scenarios, ACWB is paid a fee by businesses, industry, and other non-profits to administer various programs (such as the Suncor Student Art Awards).

Finally, ACWB is able to leverage the operational funding it receives from the RMWB to receive operational support from the Alberta Foundation for the Arts (AFA). AFA funding is based on a percentage of ACWB's operating budget - as ACWB grows, so does the support from the AFA.

### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

### Summary of ACWB Programs, Services, and Events

#### **Learning Programs:**

- Business of the Arts Workshop Series: 6 BOA workshops will be conducted in 2019. These
  workshops focus specifically on how artists can make a living from their work and arts
  organizations can deepen their impact.
- Discipline-specific workshops: In 2019, ACWB will further develop the Artist Practice
  Development Series. These workshops will provide advanced arts training that would otherwise
  not be available in our region. In the past, ACWB has partnered with local artists and arts
  organization to present music master classes, obtaining gallery representation workshops,
  theatre script development workshops, and a puppetry/set design workshop.
- Consultative Services: Arts Council staff and Directors provide one on one support to members
  of ACWB and non-members on topics ranging from grant applications to portfolio development.
  In 2016, ACWB provided 37 separate consultations; in 2017, over 217 separate consultations
  were completed; in 2018, the demand for this service continues to grow with over 260
  consultations accessed by members and non-members as of October, demonstrating that ACWB
  is recognized as an influential voice for the arts.

#### **Profile Building:**

- Wood Buffalo Excellence in Arts Awards and Showcase: seeks to recognize those that have contributed to a remarkable quality of life in our region through the arts, and provides a platform for the top artists in our region to share their talents with the community.
- Wood Buffalo Artist Directory: Provides profiles on individual artists and arts organizations in Wood Buffalo. In 2019, ACWB proposes to expand its website in order to better serve rural and Indigenous artists and artisans.
- Purposeful Communication: ACWB reaches a diverse audience from art galleries to school boards and from professional artists to community members. In order to create meaningful connections, ACWB employs a variety of methods to reach its diverse audiences. These include a website, a monthly electronic member newsletter, social media platforms, and advertisements. ACWB also provides monthly arts columns through the Fort McMurray Today and Snapd.
- Arts Tours: Customized to fit the interests (and time) of visiting artists and stakeholders these
  tours showcase the people, venues, and events that create a culture of creativity here in Wood
  Buffalo. In 2019, working in conjunction with Fort McMurray Tourism, ACWB will look to
  leverage this service to assist in promoting cultural tourism.

#### **Art Production Projects:**

- Suncor Student Art Awards / Kim Jenkins Student Art Scholarship: The purpose of the program is
  to increase the reach and impact of artwork created within the school system and to build the
  confidence of emerging artists to exhibit their work.
- ACWB will partner with a variety of stakeholders to create opportunities for artists and arts
  organizations to collaborate and showcase their work as part of the execution of the PostWildfire Arts Recovery Strategic Plan. This plan also includes creating events for the community
  at large to interact with the arts.

### **Community Collaborations:**

Arts Council Wood Buffalo works with a number of local community groups to demonstrate that
the arts are essential in creating a balanced community. Some of the groups, committees, and
initiatives the Arts Council is involved in are: Social Recovery Interagency Meetings; Social
Sustainability Stewardship Committee; Wood Buffalo Community Foundation Grants
Committee; Alberta Culture Days; Arctic Winter Games Bid Committee; Arts Sector Recovery
Working Group; Wood Buffalo Food Bank Association's Empty Bowls; RMWB Arts and Culture
Master Plan Committee, and Fuse Social's Timeraiser.

#### Achieving the objectives of the Municipal Strategic Plan

The Regional Municipality of Wood Buffalo (RMWB) and Arts Council Wood Buffalo (ACWB) share a vision of using the arts to create an attractive and liveable community. Through financial support of ACWB, the Municipality is investing in this shared vision and an organization that is working towards the RMWB's goals as outlined in the Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan. Specifically:

- Strategy & Initiative #3c Small Business Incubator
- Strategy & Initiative #3d Economic Gardening and Pop Up Stores
- Strategy & Initiative #3e Shop Local Program
- Strategy & Initiative #3f Support Arts and Culture

ACWB's Business of the Arts Workshops (BOA), Artistic Practice Development Series (APD), and Consultative Services all serve to build the capacity and business acumen of our local artists and arts administrators to support the institutions and programming the Municipality wishes to attract while encouraging "increased small business start-up".

The Municipal Strategic Plan calls for establishing "Market Places to promote local crafts and entrepreneurs and artisans". The Arts Council will work in tandem with the municipality to ensure that artists have the skills required to establish viable businesses and will be a catalyst for creating a thriving arts scene in Wood Buffalo that will be attractive to current and future residents. By promoting collaboration, engaging partnership projects, and building the capacity of our local artists, we can increase the profile and viability of arts in our region.

The Profile Building services ACWB provides: the Wood Buffalo Excellence in Arts Awards and Showcase, the on-line Artist Directory, communication tools, and Arts Tours, which continue to raise the profile of the arts amongst the community, government, and industry. This will result in collaboration amongst sectors to help strengthen our arts and cultural offerings. The arts council is also promoting province-wide collaboration by connecting members with organizations such as Visual Arts Alberta, Theatre Alberta, and the Alberta Foundation for the Arts. The arts council has promoted a Shop Local marketing strategy throughout 2018 in our organization's communications, and was an early adopter of the "Has the artist been paid" call to action implemented by Visual Arts Alberta/CARFAC.

ACWB will continue to work with the Municipality, Fort McMurray International Airport, Keyano College, and Tourism Fort McMurray to enhance the creative economy and encourage tourism as well as retention of residents. By leveraging Community Collaborations and Art Production Projects, Arts Council Wood Buffalo will continue to work toward one of its long-term goals of fostering a creative community through the creation of "creative spaces for artists, in addition to places where community-based art works can be displayed".

ACWB believes that public art is truly accessible to all in the region, expresses our collective identity, and enriches our quality of life. The Arts Council will assist the Municipality to ensure that public art in Wood Buffalo meets standards of best practice, is integrated into the community, and invests in the local arts economy.

Arts Council Wood Buffalo will continue to be a key resource to the Municipality and other organizations on best practices with regard to arts policy and incorporating the arts into other sectors such as education, tourism, and social services. The Arts Council will also continue to

connect the region's diverse arts community and provide opportunities for partnerships that "support arts and culture development, contribute to increased tourism and generate prosperity for the region along with improved reputation and branding".

Arts Council Wood Buffalo supports the Municipal strategic plan in a number of other areas including:

- Strategy & Initiative #1i Partnerships with Social Profits "…align policies, strategies, and actions (to) support decision making and resource allocation to maintain quality of life for current and future residents" by engaging in the Social Sustainability Plan creation and stewardship committee.
- Strategy & Initiative #1m Youth
   "Create opportunities for youth and encourage youth engagement" through our ongoing
   participation in MACOY; and our goal to expand our Business of the Arts Program to
   include youth-specific learning opportunities
- Strategy & Initiative #2e Riverfront Master Planning & Revitalization
  "Create opportunities for small business development, arts, culture, and recreation"
  through our Learning Programs and Arts District branding initiative.

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

Arts Council Wood Buffalo leverages the RMWB Sustaining Grant to obtain funding from other government agencies and foundations. Alberta Foundation for the Arts bases their funding on the grant amount provided by the municipality.

ACWB applies for Alberta Foundation for the Arts operating and project grants and has registered with the Canada Council for the Arts to pursue funding for enhancing the Business of the Arts series, Artist Directory improvements, and multi-year program funding.

The Arts Council receives sponsorship from local business and industry supporters in order to host the Wood Buffalo Excellence in Arts Awards and Arts Showcase. In 2018, ACWB participated in the ArtsVest Program, a sponsorship matching initiative run by Calgary Arts Development, in support of this event.

### Please explain any cost savings initiatives the organization has, or is planning, to implement:

ACWB has moved their offices into Keyano College, reducing our rent expense by just over 50% for the first twelve-month term, and providing an 8% savings for each year thereafter.

Arts Council Wood Buffalo operates to a zero-balanced budget and strives to be a low-cost operator while maintaining high quality service to its stakeholders. We continue to look for the best value when purchasing items for the organization and utilize 'webinars' and other local agency offerings for professional development opportunities.

The Executive Director, Programs & Partnerships Manager, Communications & Engagement Manager, Communications Coordinator, and Arts Recovery Project Coordinator share the administrative workload where possible and engage a professional bookkeeper and accountant to maintain financial records.

\$140,900	\$143,000	\$143,000

Increase in 2019 of \$18,632 is due to being behind in receiving grant checks for the last three years. The board has been hesitant to spend money we have not received. The result is that the society is behind in doing repairs and upgrades to the museum. Also, the museum has been short-staffed for 1½ years. On 1 Nov, 2018 we received the last grant check which completed the 2016 grant year. Prior to this the last grant check for \$71,500 was received 23 Jan 2018 and on 9 Aug 2017 another \$71,500.

#### Describe measures being undertaken to fill vacant spots if minimum board members are not met:

Posters are put up in the community asking for names of people who are interested in sitting on the board. They are then asked to attend a meeting and then a motion is passed to accept them onto the board.

Please list your current Board of Directors:

#### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

	c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
	Provides strategic programs/services that are of benefit to the entire region

#### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

2017 but some planning for the future is discussed at nearly every board meeting.

#### Provide a brief overview of the organization's strategic priorities:

The Historical Society's main priority continues to be the operation and maintenance of the Bicentennial Museum. The museum is a neutral location within the community in which local artifacts are stored and displayed; it also acts as a distribution center for tourism information and events in the community. The museum has been short a full-time staff member since the middle of 2017, operating with one full-time staff, one part-time staff and one very casual staff to call upon. Only recently has a part-time person been hired and hopefully this will become a second full-time position. This will provide better delivery of completing tasks, adding displays in the museum and generally completing all activities in a timely manner. Another priority is to search out other funding sources that are applicable to museums. Space is now a big problem and we continually discuss what can be done. Staff training is another item of concern, especially in trying to digitize our photo collection and the books, tapes, videos, etc. in the Oliver Glanfield Resource Center. Staff training in computer programs, power point presentations, etc. would be a real boon for staff.

#### Part D - Organization Questionnaire

## Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

The main activity of the society is to maintain and operate the Bicentennial Museum, keeping it open to the public throughout the year. Thus far in 2018 the museum has only been closed for 3 days - New Year's Day, Good Friday, and July 1. Regular hours of business are 9:00-12:00 noon and 1:00-5:00 Monday through Friday and 1:00-5:00 Saturdays and Sundays. Staff always accommodate out-of-town visitors and have extended the hours until 6:00 or have been open in the evenings for 2-3 hours. The funding applied for, therefore, goes primarily to wages and wage costs, utilities, and maintenance of the building. As funding was so short during the past year and a half very little maintenance was done and a bare minimum of supplies for the office, general cleaning supplies and so on were purchased. The building needs new lighting and some wiring to be installed, floors need some repair as well as repairs outside the building.

The museum is an active coordinator and participant in the annual Remembrance Day ceremony held in the Mamawi Community Hall on November 11. Museum tours are provided for school groups and other groups who request them. The museum also has the "Quarry of the Ancestors" kit that teachers may have access to and stimulate their classes with hands-on activities. The museum grounds ha been and may be used again by Heritage Day activities and other cultural activities. The museum does also contribute to the Winter Carnival, July 1 activities, Safe Halloween and so on.

# Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

The society will continue to keep the museum open to the public. Museum displays illustrate life in the past and how it has evolved into today's lifestyle. Cultural grants and donations allow the museum to offer cultural classes in sewing such items as fur mitts of varying styles, clothing, knitting, beaver hats, beading, etc. These activities are well supported by the community. For example, a beaver hat course to be offered later in November is full with 11 students and a second course is set to follow with ten more students. Participants include men, woman and teenagers. Several more courses to be offered will help in the progression of cultural awareness and retention of "long ago" traditional skills that provide individuals with much self-satisfaction. This strengthening and understanding of the extra ordinarily rich cultural history of Fort Chipewyan enriches the community's pride of history. The result is very positive word-of-mouth advertising for the museum.

# Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

The society completed an eligibility review in order to apply for a casino license. It is not an immediate solution for funding as there is now a 16 month or longer waiting time to get the casino date. The new Provincial Museum is now open in Edmonton and the Director will be contacting them about any possible training programs for the staff. Perhaps they can also suggest some leads for funding opportunities that can be followed up on.

# Fort McMurray Heritage Society

Roseann Davidson - Executive Director Tammy Plowman - Office/Program Manager

November 28, 2018

- "The Fort McMurray Heritage Society exists so that the people of Fort McMurray, Alberta, the Municipality of Wood Buffalo, visitors from Alberta and Canada and international visitors learn about history and culture in ways that enhance their lives socially, intellectually and economically."
- Fort McMurray Heritage Society Board Policy.
- Our geographic mandate is Fort McMurray and all regions within a 100 km radius.

Community served are residents of Fort McMurray, the urban communities, schools and ational & international visitors young and old.

#### Goals for 2019

- Continue with the rebuild of the grounds at Heritage Village; development the Indigenous Village & Agricultural Barn exhibit; build the Heritage Storage Garage.
- Complete the Collections Assessment, re-housing the collections, PastPerfect upgrades (museum database) for artifact documentation & digitization project for photographs.
- Continue to partner with community organizations & with the RMWB on the Herita Calendar, plaques & Community in Bloom programs.
- Continue with the rental prospects.
- Maintain standards of excellence in children's programming.

#### Programs/services to be funded by the grant:

The Fort McMurray Heritage Society will primarily to use this funding for staff wages.

- Every element of our operations requires staff. This funding will support all of our activities & events of our general operations in some way.
- Some staff members are partly supported by grants, but all of these grants require that we match some portions of those wages with other funding.
- Staff members work in areas which are revenue generating, such as gift shops or rentals; covering wages with the grant will free that revenue for other expenses.
- Staff work in areas, such as administration, maintenance, events, archives, & collections which are necessary to our general operations & to meeting our missior but are not funded by grants & do not as directly or reliably generate revenue.

# **Community Impact**

- The primary impact of cultural institutions is intangible: we improve the Region's
  quality of life which creates a sense of community and continuity, and encourages
  workers & potential citizens to reside in what can sometimes be a challenging
  place to live.
- Heritage Shipyard and Heritage Village are two key locations that anchor Fort McMurray's Arts & Culture District. In 2018 we had 15,000+ visitors through admissions, school programs, summer camp registrations, FMHS event & private event attendees.
- The benefits we provide to the community are:
  - o Producing and implementing summer & theatre camps at Heritage Village.
  - Giving informative and interpretive tours of our museum sites.

# **Community Impact**

TANTAGE SNILL AGE SOCIAL TO THE SEL 1996

- We organize two events each year.
- We host media tours in partnership with Fort McMurray Tourism and other organizations.
- We provide research services.
- We engage with local & Canadian artisans to provide a unique line of giftware at the Heritage Village Gift Shop.
- We attend community events & trade shows to promote the history of our region.
- We enhance the local economy promoting our local businesses and recreational venues.
- We have developed and maintained a website & and continue to engage in social media networking.
- We have established a joint partnership with major groups to host community events at Heritage Village and Heritage Shipyard.

2019 Request	2018	2017
\$380,000	-	-

FMHS last received a RMWB was in 2016 for \$700,000. Decrease in 2019 of \$220,000 is due to a reduction in staff costs.

# Additional Information

- The status quo is difficult on our ability to manage the operations of our two
  museum sites as we are heavily reliant on staffing to operate properly. For the
  short-term, we have not replaced 2 full-time positions and have reduced 3 fulltime positions to part-time. This practice cannot be continued for long as we
  cannot maintain operations this way.
- Staff have been participating in long distance learning to reduce travel.
- We currently have a skilled volunteer taking care of our maintenance; unfortunately, he is leaving the city at the end of November and will need to be replaced.
- We recruited volunteers to help alleviate some of the workload of all staff.
- We have implemented other cost saving initiatives by becoming more energy efficient & installed a boiler heating system.

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

The Board reviews the financial position of the agency at every board meeting (6 times per year); there is also an executive committee made up of the Chair, Vice Chair, Treasurer, and Secretary which reviews the organization's financial position monthly.

The Heritage Village was closed between June 2013 to July 2017 due to the two local disasters: flood and then fire. For those four years the focus on-site was to salvage, repair, and rebuild. It was challenging to seek funding for operations & think about sustainability when there was no normal operation at our main site. Since re-opening last year, and learning how to operate a very different site, we can begin to look forward and start momentum to gaining sustainability. FMHS has attempted to increase the number and types of financial support this year by exploring new partnerships with locally-invested organizations such as oilsands companies and regional business associations. Many of these partnerships were either initiated or facilitated by Board members; for some of these partnerships the Board forms an action group of a few directors in order to work and negotiate with the new partners. Furthermore, directors are on several mailing lists and send FMHS staff any grant application opportunities they encounter.

#### Part D - Organization Questionnaire

#### What year did the organization complete its last strategic plan?

Our Master Plan is our guiding document. Board Strategic Planning review is scheduled Dec 2018.

#### Provide a brief overview of the organization's strategic priorities:

Our strategic directions, as laid out in the Business Model, are divided into three categories: Market Strategies, Financial Strategies, and Programs and Exhibits Strategies.

Our Market Strategies are to appeal to both adults and families (with a strong emphasis on families), to focus on residents of the region with a secondary focus on tourists, to prioritize school programming and appeal/programming for children outside of school programming, and to prioritize attracting repeat visitation.

Our Financial Strategies are to maintain a high perceived value reflected in high price point (but balancing this with the need to be economically accessible) and to earn a larger proportion of income from programs and events rather than general admission fees.

Our Programs and Exhibits Strategies are to invest in interactive or participatory exhibits and experiences, striking a balance between delivering content and igniting learning, striking a balance between quantity and quality of objects and experiences, and favoring definable marketable components or areas for children. Please note that our Mission Statement could not fit into the space provided. It finishes as follows: "...socially, intellectually, and economically." Please also note that our Master Plan continues to guide us through construction phases and that our Business Model outlines strategic priorities alongside the Interpretive Master Plan.

In 2019, we aim to complete the Indigenous Village and the Heritage Storage Garage, continue to have the Heritage Village open for all year visitation, develop new interpretive programs, improve our rental performance, and maintain standards of excellence in children's programming. We will continue to focus on our Collections Management and the rehousing of our artifacts and archives. The Board and management is meeting in December to review the 5-year Business Plan and at which time we will update our financial sustainability initiatives.

#### Part D - Organization Questionnaire

Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

With two key locations that anchor the Fort McMurray Arts District, Heritage Shipyard and Heritage Village, a main annual expense incurred by the Fort McMurray Heritage Society is for staffing. Every element of what we do requires staff, so this funding supports all of our activities and events and general operations in some way.

Some staff are partly supported by museum, federal or student grants. But each of these grants require that we provide matching funding to some degree. Some of our staff are supported by the revenue that we generate annually, through the gift shop, admissions, rentals, and programs; but there are far more staff required to sustain such large facilities than that revenue can cover. With this funding we can maintain the staff needed to continue to welcome over 15,000 visitors per year. The heritage sites operated by the Fort McMurray Heritage Society are key locations in the Wood Buffalo region to learn about the rich history Fort McMurray has.

Though the oil industry is vibrant and vital, the history before oil discovery is truly inspiring. The spirit of the people who built and shaped Fort McMurray and their stories are well worth learning. This funding will enable us to continue to not only share these stories with others, but to preserve them forever.

# Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

Like the Strategy and Initiatives outlined in the RMWB Strategic Plan, the Fort McMurray Heritage Society has plans to be vibrant and sustainable and will always strive to be a great representative and promoter of our region.

The elements noted in points 1a and 1c of the Strategic Plan focus on Responsible Government and are specifically concerned with Financial Responsibility. This resonates with our planning. We already function conscientiously and take meticulous care with all financial reporting through our board treasurer and hired financial consultants. We spend a great deal of time making financial decisions and planning for the future when assessing organizational needs verses wants and in seeking donations, partners and grant funding.

In the coming years, we plan to increase revenues through various function and programming streams. Being open year-round, after being closed for four years, will add to our visitor numbers, private rentals, programming, and functions. All increasing our revenue generation, but also increasing our public profile. With a great public profile comes the ability to seek sponsorship from corporations and organizations, and other granting entities.

## Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

Funding initiatives at a not-for-profit is a constant element. We are never not developing ways to continue and improve our funding streams.

Every year we apply for grants and sponsorships from a wide variety of organizations for both operating and capital funding. There are specific non-profit grant opportunities, and specific museum and heritage granting opportunities, municipally, provincially, and federally. We will apply to all and continue to search for other appropriate granting agencies in these areas.

We are in discussions with a variety of organizations for possible funding and/or in-kind donations. We will continue to rent out our two museums site to community groups, for weddings and gatherings.

The school programming and children's camps run by the Heritage Society are a large part of our community engagement and outreach. This has been supported by corporations such as Nexen, Syncrude and Suncor, and we will continue to seek support from them. Chevron Canada is once again supporting the Heritage School Open Minds program; these funds are split between multiple academic years.

We will apply to the Alberta Museums Association and the Canadians Museums Association for staff training and development support.

Considerations that have been tabled for discussion, but have no specific plans in place yet are:

- a specific fund-raising events (ie: an annual benefit event)
- project specific corporate fund seeking (ie: the new visitor centre)
- search for more granting organizations sympathetic to coming projects and developments

## Please explain any cost savings initiatives the organization has, or is planning, to implement:

Staffing is our highest expense, and though we try to reduce staff costs this practice is hard on our ability to function as our site and operation is heavily reliant on staffing to operate properly. For the short-term, we have:

- not replaced 2 full-time position. One is on leave (the Archivist), though this practice cannot be continued for long as the archives needs to be maintained and the other is a Grant Writer.
- reduce three position from full-time to part-time.
- worked to recruit more volunteers to help alleviate some of the workload of all staff.
- a skilled volunteer taking care of our maintenance; unfortunately, he is leaving the city soon and will need to be replaced.

Other cost saving initiatives on-site:

- · we have changed light-bulbs to be more energy efficient
- we place shipping orders in bulk to reduce freight fees
- we try some long-distance learning for staff, to reduce travel costs

# Fort McMurray Minor Baseball Association

Kevin Breen President, FMMBA

November 28, 2018

- Mandate for Organization Promoting a healthy lifestyle, building new friendships and ingraining community spirit in our future leaders. Our go each year is to provide structure, stability, and support for all players and families in a fun and safe atmosphere.
- Community served FMMBA has had players register from all over the Municipality. Minor Baseball also brings youth and parents from other communities across the province and country to Fort McMurray, which allows FMMBA and the community to showcase how well developed and kept our community and parks are.

## Goals for 2019:

- To provide quality recreation and sporting opportunity.
- To provide a forum for athletic skill development, interpersonal skills and active lifestyle.
- To offer coach/umpire training and development and teach respect in sport.
- To ensure our facilities are up to a standard that the community and FMMBA would be proud of when hosting events and upgrade some of the aging infrastructure.
- To promote volunteerism and the positive impact it has.
- To maintain a strong partnership with the Municipality.

- **Programs/services to be funded by the grant** The grant funds the upkeep and maintenance of 7 baseball diamonds and their surrounding areas. Several of the diamonds are also used by 2 different school boards. The grant funding also supports the hiring of seasonal field maintenance staff.
  - Cutting grass
  - Building and maintaining mounds
  - Prepping diamonds for games
  - Covering graffiti
  - Building maintenance
  - Deep drag diamonds
  - Equipment maintenance

- Clearing weeds
- Repairing chain-link
- Picking up garbage

# **Community Impact**

- Provides year round youth baseball programming within Fort McMurray.
- Summer Ball Program numbers in 2018 jumped to <u>662 players</u> (up155 players) between the ages of 4 to 18 which was <u>31% increase</u> over 2017 registration.
- Baseball Alberta increased its numbers by 1.1% (up 203 players overall).
- 2018 had roughly 100 players playing within our competitive stream with Baseball Alberta.
- More of our players are getting invited to high level showcase events.
- Introduced pilot project called Double P (player & parent).
- Fall league runs from August to early October, weather permitted.
- Winterball Program runs from November to March.

# **Community Impact**

- Minor Baseball brings youth and parents from other communities across the
  province and country to Fort McMurray, where we are proud to showcase how
  well developed and kept our community and baseball facilities are.
- Building on the success of the 2016 Canada Cup, FMMBA, in partnership with RRC, hosted the 2018 18U Nationals. It was a huge success, bringing nearly 300 players and officials and their families to the region from across the country.
- FMMBA and RRC have already started looking for the next hosting opportunity.

- To support these programs, FMMBA ensures facilities are up to a standard that provides a safe and fun atmosphere for all levels of play. FMMBA hires staff to maintain ball fields to ensure our fields are safe and meet standards that the Community and Association can be proud of.
- Increase accessible recreation and leisure opportunities for all user groups in the Region. By encouraging volunteerism for events, games, fundraising, etc., it allows the cost to be affordable for all players to play ball.

## Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

#### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

#### Part B - Board Questionnaire

Are any board members being paid, or receiving an honorarium, for being on the Board or for other positions in the organization outside of their role on the Board? Yes  $\square$  No  $\square$ 

Board member name	Paid role on the board / organization	Amount received

What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

programs of services:	
Becoming a member of the organization: none Participation in programs/services: none Committees (operational): based on the committee (topic - such as Sport Tourism), these are completely open to the Wood Buffalo community at large.	

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

Frequency with which Board reviews financial position: monthly, quarterly & annually.

Efforts in past fiscal to increase the number/types of financial support for organization: Operationally: multiple without success due to the type of organization we are. The investment in the destination management & organization (DMMO) is returned in economic impact (business revenues, taxation). As such, for operations (which then allow the programs, services, activities to be undertaken), the funding of these primary functions largely resides with the municipality.

Programs/services: we undertake program based applications to gain further funding on a project basis for research, provision of visitor/resident information services, marketing, sport tourism. Further to this we undertake trade shows as a means to fund-raise locally to ensure that we are able to partially support both our operations and programs/activities/services.

Result: is that we only request in 32% (35% in 2018) for the 2019 fiscal of total funds as support from the municipality.

The personal information collected in this application is collected under the authority of section 33(c) of Alberta's Freedom of Information and Protection of Privacy (FOIP) Act. It will be used to process the application and contact you if needed, during the review of this application. #### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

Operator of a Municipally-owned asset (Please continue to Part E on page 7)
Provide programs and services related to the collection, preservation and display of regional
heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
Acts as a collective voice for:
a) the development of the arts community (Strategy & Initiative #1f);
b) advancement of cultural diversity (Strategy & Initiative #3f); or
c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
Provides strategic programs/services that are of benefit to the entire region

#### Part D - Organization Questionnaire

#### What year did the organization complete its last strategic plan?

Strategic Plan: 2011;Sport Strategic Plan: Apr/16;Strategic Review: Nov. 2016-alternate model

#### Provide a brief overview of the organization's strategic priorities:

On behalf of our sector - Tourism and with our community and municipal government we have the following overarching strategic priorities:

- A) to diversify the regional (Wood Buffalo Region) economy through tourism,
- B) to aid in improving the region's quality of life for our residents,
- C) to develop in-demand resident/visitor experiences and stimulate demand via marketing / promotional / media efforts to/within our region,
- D) to grow hosting capacity & ability while attracting events related to Sport Tourism,
- E) continuously evolve our service delivery for resident/visitor information services,
- F) improve our region's image via the development of favourable content, visual assets, market-ready experiences,
- G) Seek out opportunities to strategically plan & research for the region, eg. regional product development plan, Fort Chipewyan Tourism Opportunity Assessment, etc.
- H) enable the local development of the Meetings, Incentive, Conferences, Exhibition (MICE) market for our region across hotels, venues, food & beverage businesses, activities, etc.

#### Part D - Organization Questionnaire

### Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

Destination Management & Marketing Organization (DMMO):

- Marketing/Promotions/Media/Experience & Business Dev: work with EcDev & Communications/region to develop market-ready experiences to externally market to our region. Improve our destination's / region's image, grow our visual assets, improve our campaigns & regional content for on line/social media consumption. Work with the travel trade industry to attend key Canadian & W. Canada trade shows, assist in the development of MICE (mtg, incentive, conference, exhibition), etc.

Funding for: collateral, marketing, FAM tours, activity/program delivery wages.

- Visitor Information Services: to continuously develop and curate an experience that is tailored to both residents (to reduce economic leakage) and visitors (extend trips to increase economic impact). This is labour intensive requiring staff to deliver services in person, mobile (summer & sporting events) and on-line via web/social media.

Funding for: visitor/resident information service program/activity delivery (wages & administration wages), content development, trade show booths.

- Sport Tourism: to improve upon collateral, support on line presence, strengthen the hosting abilities of sport user groups/venues/community, partner/lead on bids, event activation, business development, marketing, event attraction, research and continuously undertake advance & support focused business development activities, etc.

Funding for: execution of marketing, promotions, business development, activity/program delivery wages.

### Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

Acts as a collective voice for: c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b).

Tourism is a sector that markets (story, image, brand, content), stimulates & drives demand (business development, sales, etc. across leisure/business/VFR - visiting friends & relatives markets, visitor information services), leverages assets directly via sport tourism and MICE (meetings, incentive, conferences, exhibition). In doing so this presents new opportunities for current & new businesses in collaboration with the region's Economic Development arm. By properly resourcing Fort McMurray Tourism to support the regional tourism sector our operations / programming achieves the following objectives, per the KPIs of the Municipal Strategic Plan: Across all 3 primary activities noted just above we deliver or partially deliver (aid) on:

#3a: business development & sales via leisure, business, sport, MICE markets,

#3b: aid Economic Development's activities via our regional story, image, brand, MICE activities,

#3c: stimulating business to/within region aids in growing current businesses & offers opportunities for new businesses to consider our starting up in our region,

#3d: increased event frequency allows tourism to both package & activate them to grow events & business.

#3e: improve customer service experience, increase ability for businesses to retain/grow sales, #3f: arts & culture go a long way to improving our regional story, brand, image and ability to provide tourism experiences to grow this element of our region.

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

Fort McMurray Tourism has the ability to undertake project related funding as in prior years. Core programs are expected to be sustainable via how we undertake activities/programs on behalf of the region to drive economic value to our local businesses and taxes back into the local government. We will look to pursue a few key initiatives to support the tourism sector but respecting the current trajectory, will look to economic development to pursue provincial and federal programs.

At present, our largest stable form of funding comes from the trade shows that we undertake on behalf of the region. It serves to support our local key venue, hotels, businesses in general and generates further economic impact for Fort McMurray.

Further to this, we are always looking to assist local organizations in order to have more activities, events and opportunities for our residents and visitors to enjoy the Wood Buffalo Region! We encourage other organizations who have the ability under culture, arts, community, indigenous and the social profit sector to apply for funds to allow their organizations to deliver on a variety of programs in our region.

### Please explain any cost savings initiatives the organization has, or is planning, to implement:

With respect to our organization we endeavor to save on costs on a number of aspects to deliver activities & programs to and on behalf our region.

- looking to expand our reach & create ambassadors: throughout the summer, sporting events, delivery of local tourism activities/programs we are engaging the youth & senior segments of our population to assist.
- Capacity building: across our community we look to strengthen boards & committees with materials and experience. It saves community resources, funds, time and improves our region nad tourism sector.
- Project funding: largely exclude administration, so this we do as part of our normal duties. Projects that we undertake relate to research, planning, engaging the community to set future direction. This secures project funding from normally the GoA to further the tourism sector and our member/community partners/stakeholders.

### Justin Slade Youth Foundation

Mandy MacDonald Executive Director November 28, 2018

- The Justin Slade Youth Foundation (JSYF) is a registered non-profit organization that provides youth between the ages of 12-17 years with organized programs, community engagement and a casual drop-in center that promotes valuable opportunities for social interaction.
- Since inception 14 years ago, JSYF has proudly served the young people of Fort McMurray by providing them with the tools needed to navigate their own positive journey through life.
- Our mandate is to empower youth.

### **Community Served**

 Youth ages 12-17 years residing in the Regional Municipality of Wood Buffalo.

### Goals for 2019

- To increase our fundraising efforts through our Fundraising Coordinator/ Fund Development Committee
- 2) Organizational Growth
- 3) Board Development
- 4) Staff Development
- 5) Securing additional venues for programming
- 6) Program Growth

### **Programs and Services funded through the Sustaining Grant**

**The Dugout:** Located in the heart of Borealis Park, The Dugout provides a safe, clean and drug-free environment for youth to access support and have fun while interacting with peers. Our team of Youth Support Workers aim to provide any and all youth who walk through our door with the support they need as individuals to navigate their own positive journey through life. This drop-in center is filled with unstructured activities such as pool, ping pong, gaming, movies, snacks, a reading corner, computer access for homework help and much more, hoping to keep youth away from the negative elements of the streets.

Programs and Services funded through the Sustaining Grant (cont'd)

**JSYF Presents**: Provides free programming, events and activities throughout Fort McMurray. These programs are developed based upon youth input, and are brought to a variety of venues in different neighborhoods throughout Fort McMurray. By bringing free programs to youth, JSYF Presents combats barriers created by a lack of transportation and financial restraints, a key issue identified by local youth in the Foundation's 2009 survey. Youth who take part in extra-curricular activities tend to be more confident, capable and committed to making the positive choices they need to when they move into adulthood.

# **Community Impact**

- Youth centers provide a safe, supervised environment for youth.
- Structured programming provides mentorship, opportunities for social interaction and individual support.
- Our center connects youth with community resources if the support they need is past the scope of JSYF.
- Provide youth with constructive and pro- social activities
- Prevention is KEY!

### Part B - Board Questionnaire

Are any board members being paid, or receiving an honorarium, for being on the Board or for other positions in the organization outside of their role on the Board? Yes I

If yes, complete the following t	table:
----------------------------------	--------

-

What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

- -Must be a resident of the Regional Municipality of Wood Buffalo.
- -Must be at least 18 years of age.
- -It is required to have a Criminal Record Check with the Vulnerability Sector completed and clear of any offenses.
- -Individuals will be chosen based on our skills matrix.
- -The maximum amount of consecutive years a board member can serve is 6.

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

Our financial position is reviewed monthly by our Treasurer in our board meetings.

Our Executive Director is currently receiving mentorship with Grant Writing, as well as guidance through the Executive Director Network and the Regional Municipality of Wood Buffalo as to what grants are available in our community/provincially/federally for organizations that deal with youth.

JSYF hosts an annual Golf Tournament and Silent Auction each year to help raise funds for the organization's operations. Unfortunately, this fundraiser was cancelled this fiscal year due to lack of participation. To increase our fundraising efforts, JSYF hired a Fundraising Coordinator in July 2018, who will be focusing on Fund Development throughout this coming year.

JSYF is also a United Way member agency, receiving funds towards our operations.

The personal information collected in this application is collected under the authority of section 33(c) of Alberta's Freedom of Information and Protection of Privacy (FOIP) Act. It will be used to process the application and contact you if needed, during the review of this application. If you have any questions about the collection and use of the personal information you may contact the Community Investment Advisor, at 9909 Franklin Avenue, Fort McMurray, AB T9H 2K4 or at (780) 788-4309.

### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

	Operator of a Municipally-owned asset (Please continue to Part E on page 7)
	Provide programs and services related to the collection, preservation and display of regional
	heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
	Acts as a collective voice for:
	a) the development of the arts community (Strategy & Initiative #1f);
	b) advancement of cultural diversity (Strategy & Initiative #3f); or
	c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
<b>/</b>	Provides strategic programs/services that are of benefit to the entire region

- -Secondary location.

### Part D - Organization Questionnaire

Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

The Dugout: Our Drop In facility which is open to youth ages 12-17, 7 days a week. The Dugout provides a safe, clean and drug free environment for the youth of Fort McMurray to interact and have fun. Our team of Youth Support Workers aim to build strong relationships with any and all youth who walk through our doors, and provide them with the support they need as individuals to navigate their own positive journey through life. Activities provided at The Dugout includes: Pool, Ping Pong, Arts, Crafts, gaming, movies, homework help, computer access, Referrals to alternative organizations for further support, resume building, life skills workshops, reading and writing. JSYF Presents: The organized events/programming component of JSYF with a goal of providing a full schedule of events and activities throughout the different areas of Fort McMurray, addressing and concurring the need of accessibility for our region's youth. While many youth are fortunate enough to be able to travel to the different areas of our community, this is not the reality for many. JSYF Presents is designed to address transportation, cost and youth input as to what they'd like to see and do in our community. With JSYF having a Youth Advisory Committee, we are able to receive input as to what they'd like to see, and gather feedback in regards to past programming, events and activities. This way, JSYF is able to provide youth with a voice. Programming/events/activities included in JSYF Presents includes: Youth Dances, Landmark Cinema Field Trips, Sports and Recreation at MacDonald Island Park, Youth Cooking Program, Teen Mental Health Workshops, Beach Days, Street Writers Graffiti Art Program, Youth Skate Nights, Creative Arts and much more.

No Limits Youth Empowerment Day: Our Annual Grade 8 Youth Conference at Shell Place.

### Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

Youth Centers play a valuable role in any community by empowering youth to make positive life choices, provide opportunities for social engagement and support, and promote a strong community based identity. Youth Centers not only provide teens with a safe, supervised environment, but they also connect youth to additional services and community resources. Free programming gives youth the opportunity to engage in constructive and pro-social activities, reducing the risk of delinquent behaviors such as drug/ alcohol usage, sexual activity and self harm. JSYF provides a place for emotional support and helps youth build the self confidence needed to develop into strong, stable citizens who will lead our community in the future. According to TYPS (Town Youth Participation Strategies), a Nationwide Coalition of Youth Associations, the key importance in youth centers is the availability to take part in unstructured activities of play; "Open and unstructured opportunities for youth to interact in a safe environment lessens their conscious stresses and worries in seeking social and personal identity development" (TYPS Best Practices Manual 2006).

Youth who are involved in extra curricular activities are more confident, capable and committed to making better life choices while setting and achieving their goals. JSYF provides programs such as Recreation Leagues, cooking programs and creative art programs throughout different neighborhoods to increase accessibility. By bringing the programs to youth, JSYF combats issues identified in the Assets In Action's 2009 survey which identified transportation as a major issue for youth. By also providing all programming free of charge, JSYF provides equal access to opportunities for youth, regardless of what socio-economic status they may face.

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

Funding Initiatives include:

- -Hiring a Fundraising/ Fund Development Coordinator whose main focus is to increase fundraising activities within the organization.
- -Implementation of a Fundraising Committee consisting of Board Members, Staff Members and community volunteers.
- -Applying for our Casino Eligibility.
- -Researching new grant opportunities that support youth organizations.
- -Involving youth in fundraising efforts.
- -Maximize the benefit of being a member of the Birdies for Kids", through the Shaw Charity Classic throughout 2019.

### Please explain any cost savings initiatives the organization has, or is planning, to implement:

JSYF is currently undertaking a 0-based budget approach to our 2019 budgeting, while reviewing programs and expenses, as well as fundraising initiatives in order to maximize the benefit/value of dollars coming into our organization.

Some addition cost saving initiatives include:

- -Reviewing what we pay for insurance, reviewing new options.
- -Reducing paper/printing weight whenever possible.
- -Making maximum use of board members not only in raising money, but also saving it.
- -Creating organization "wish lists" to encourage in- kind donations from companies.
- -Adopt teamwork, cooperation and collaborative approaches with other organizations to save dollars.
- -Make good use of volunteers.

# Keyano College Theatre and Arts Centre

Trent Keough (President Keyano College)
Dale Mountain (Interim VP Finance and CFO)
Frederick Russell (VP Community Relations)

November 28, 2018

### Organization Mandate

- The Theatre and Arts Centre aims to enrich the lives of the people of Wood Buffalo through providing a venue that allows for artistic expression that ties to educational programming.
- The College's mandate is to Enhance the Student Experience, Pursue Academic Excellence, and Advance Institutional Sustainability.
- Keyano College serves the entire community of Wood Buffalo with campuses in Fort McMurray and Fort Chipewyan, with Learning Centres in Anzac, Gregoire Lake, and Fort McKay.
- The funds will assist the College to sustain the operations of the Theatre and Arts Centre. It will also allow for the development of a concept for an International Art Gallery.
- The request aligns with RMWB's Strategic Plan 2018-2021, Strategy and Initiative 3f.

## Community Impact (Theatre)

- RMWB's premier venue for arts, entertainment and engagement.
- Hosts over 35,000 guests each year by offering: a four play community theatre drama season, the Toronto International Film Festival, Professional Touring Artist Concert Series (previously offered dance, piano, guitar, percussion lessons and string, choir, band and jazz band, drama, music and visual arts).
- Largest professionally operated theatre in Northeast Alberta.
- Community asset in 2018 dollars is valued at \$25,421,093. This includes: two theatres (594 seats and 194 seats), five theatre support spaces, 18 studios, many administrative offices, a lobby, and a storage area. The total square footage of the Theatre and Arts Centre is 79,375 square feet.

# Community Impact (Professional Art Gallery)

- Maximize on the use of The Keyano Theatre and Arts Centre.
- Become the premium professional art exhibition, and creative artist hub in the RMWB.
- Maximize the opportunity to learn techniques in multiple disciplines in one physical location in a teaching and learning environment with a focus on indigenous, international, and regionally relevant art.
- Enable collaboration between the College, Arts Council Wood Buffalo, RMWB, local schools, and the Arts community.
- Design concept includes a new gallery space, associated storage, loading dock and art studios including a glass art studio and a ceramic studio. Also includes the provision or Order of Magnitude Cost (Class D +/-30%).

# 2019 Grant Request

2019 Grant Request				
Revenue	\$1,038,012			
Expense	\$1,487,525			
Subsidy Requested	\$449,513			
Subsidy represents 30.2% of total expenses				

<b>Previous Year's Financial Information</b>	
Last Fiscal Year End Date	June 30, 2017
Total expenses from previous year	\$65,120,581
Unrestricted Net Assets	\$4,574,958

# **Expense Summary**

Cost Category	Total Expense	Funded by RMWB
Salary/Wages (10 full time, 2 part time)	\$984,392	\$267,848
Program Costs	\$441,804	\$120,336
Overhead (utilities, insurance, etc.)	-	-
Art Gallery Concept Design	\$61,329	\$61,329
TOTAL	\$1,487,525	\$449,513

### Community Investment History

2019 Request	2018	2017
\$449,513	-	-

- Increase in 2019 of \$ 449,513 is due to the fact that the Theatre and Arts
  Centre is a valued community asset that Keyano can no longer sustain on its
  own. Subsidies are required for its ongoing operations. Municipalities
  typically have a role in Alberta to fund these types of operations.
- There is an identified need for an International Professional Art Gallery within the region. If the study proposed within this presentation is funded, additional investment for the renovations to the International Art Gallery could be in excess of \$10 million, while ongoing operational costs could be in the vicinity of \$1.6 million.

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

The Board of Governors meet eight times per year. A standing agenda item is to review the financial position of the College. The Finance and Audit Committee, a sub-committee of the Board, also meets to review the financial position more in depth and make recommendations to the Board.

Keyano College seeks initiatives to maximize revenue generating in opportunities through grants, donations, tuition, and sales of goods and services. The College also practices fiscal restraint in an effort to improve our financial standing.

### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

	Operator of a Municipally-owned asset (Please continue to Part E on page 7) Provide programs and services related to the collection, preservation and display of regional heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
<b></b>	Acts as a collective voice for:  a) the development of the arts community (Strategy & Initiative #1f);  b) advancement of cultural diversity (Strategy & Initiative #3f); or  c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
	Provides strategic programs/services that are of benefit to the entire region

### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

August 2018

#### Provide a brief overview of the organization's strategic priorities:

The Keyano Theatre & Arts Centre sets standards for excellence in arts and arts education in Northern Alberta. The Theatre and Arts Centre values our community with a welcoming, collaborative and inclusive approach to contributing to the quality of life in our region. It provides a safe, nurturing environment for creativity to flourish. Keyano College is a Comprehensive Community College of choice that is committed to excellence in teaching and learning, industry training and applied research through the delivery of relevant and sustainable programs and services that maximize opportunities for our students, staff, and stakeholders, and, that enable Keyano to engage in community leadership. The Theatre and Arts Centre aims to enrich the lives of the people of Wood Buffalo through providing a venue that allows for artistic expression and to tie that creative expression to educational programming at a certificate, diploma and degree level.

Keyano College's overall strategic priorities are to: Goal 1: Enhance the Student Experience Goal 2: Pursue Academic Excellence, Goal 3: Advance Institutional Sustainability. This proposal, if funded, will assist with all three priorities listed above and allow the College to continue to operate the Theatre, and also allow for the development of an International Art Gallery.

### Part D - Organization Questionnaire

Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

The Keyano Theatre is Fort McMurray's premier venue for Arts, Entertainment and Engagement. The Theatre hosts over 35,000 guests each year by offering a four play community theatre drama series, the Toronto International Film Festival, and a professional touring artist concert series. The Keyano Theatre & Arts Centre is the largest professionally operated theatre in northeast Alberta and serves as the community hub for the arts where local individuals, groups, businesses and schools frequently rent the theatres, or one of the other many performance studios. Keyano Theatre & Arts Centre is also the venue of choice for other agencies and organizations to present national and international touring artists and events. The value of the existing Theatre and Arts Centre as a community asset in 2018 dollars is \$25,421,093. This includes two theatres (594 seats and 194 seats), five theatre support spaces, 18 studios, many administrative offices, a lobby, and a storage area. The total square footage of the Theatre and Arts Centre is \$79,375 square feet. The current operating deficit for the theatre is \$388 185. The College is seeking support for design and concept development to create an International Art Gallery as well for the amount of \$61,328.20. The College has received a quote from a consulting firm with expertise in Architecture, Structural Engineering, Mechanical Engineering and Electrical Engineering. The quote is to develop a design concept for new gallery space and associated storage, loading dock and art studios (glass and ceramic). The quote also includes the provision or Order of Magnitude Cost (Class D +/-30%). The quote is only the beginning stage of design and concept development but will give an idea of what the project will entail. If the International Art Gallery Concept is approved, an additional amount will be required for renovations and yearly operations.

### Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

Keyano College, through the Theatre's live theatre programming, provides a structured, professional environment for our community to be engaged in creative learning opportunities in the disciplines of acting, dance and voice. Alongside live theatre, Keyano presents up to 14 professional touring artists annually from across the country to ensure our community has access to the many genres of world class entertainment; ranging from classical music and dance to emerging and established musical acts. Keyano College is revisiting our expired Joint Usage Agreement to ensure we can continue to be inclusive with our school systems and community and are able to provide affordable access to our facilities and expertise. Our theatres and studios are used by the school boards for recitals and productions as well as three large local dance academies, and many groups for dance, music and drama. For consideration, other municipalities support local arts centres such as: Fort Saskatchewan (Shell Theatre) \$348,175, Camrose (Jeanne and Peter Lougheed Centre) \$250,000, Prince Albert (E.A. Rawlinson Centre) \$367,290. The addition of a professional International Art Gallery to our region will not be limited to national and international touring exhibits, but will also have community based displays throughout all regions of the RMWB. The International Art Gallery will showcase the more than 70 cultures forming the fabric of RMWB's mosaic, while privileging Indigenous artists from around the world. The College would be providing space, project leadership, and continue its administrative role. The College believes that this programming and project plans will assist the Municipality with meeting its strategic mandate. This aligns with Strategy and Initiative 3F of the RMWB 2018 - 2021 Strategic Plan.

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

Keyano Theatre is very active in our community and seeks support from local industry and business, from title sponsorships of touring artists and youth drama programs to in-kind support for artist accommodations, products and services that would otherwise make it cost prohibitive to host the variety and quality of performers and events that are presented. Our programming reflects the need to build our audiences and expose our region to a wide variety of artistic genres. This requires a careful balance of artistic and financial risk that is carefully managed to ensure we not only present popular, in demand artists, but also the next generation of emerging artists.

The Theatre receives grant funding for touring artists from the Alberta Foundation for the Arts as well as Canadian Heritage. The Theatre Angel campaign is an individual donor campaign that receives financial support from our local citizens to to support our live theatre initiatives.

Federal and provincial granting opportunities exist to assist with the development and operation of the Art Gallery. With municipal support, funds can be matched to attract grants from the Canada Cultural spaces Fund or the Community Facilities Enhancement Program. It would be important for the RMWB to consider funding the concept design but also to set aside potentially in excess of \$10 million for associated renovations and an additional \$1.6 million for operations. The renovations commitment would be required for the RMWB's new budget year and the operations expenses would be an ongoing commitment. These amounts are not included in the Sustaining Grant Application but are important considerations.

# Organization Mandate

- Mandate: The Foundation supports dedicated 24/7 helicopter emergency medical services (HEMS).
- Service area and demographics: The residents, workers and visitors in the Regional Municipality of Wood Buffalo.
- Goals for 2019: Maintain availability of the helicopter and crew; meet the full cost of the program; continue to grow community awareness and charitable support; hold 3rd major fund raiser
- The grant: Will cover one-third of the fixed base cost of the HEMS program.

# Community Impact

HERO 1 is the **Region's sole provider** of HEMS, helping save lives and improve health outcomes since 2013. The well-equipped EC135 carries a crew of 2 pilots and **2 Fort McMurray Fire Department paramedics**. Vital **life or death drugs** for pain, heart attacks, drug overdoses, asthma etc. can be administered on scene. Patients may require extrication from a vehicle. Night flight capability using **night vision goggles** (NVG) is crucial, especially during the long winter nights when missions are flown to **remote**, **inaccessible** backcountry sites, highways or industrial camps after sunset.

As of October 31, 2018, **61** life-saving missions have been flown, at **no cost to the patient.**

#### Notes:

In 2018, Local HERO Foundation received half-year funding, in order to change its RMWB grant cycle from July-June annually, to January to December annually. Therefore, the 2019 request represents a \$500,000 reduction from the prior years' funding.

Recommendation is that RMWB Sustaining Grant be used to support salaries and other operating costs, while other funding sources be used to finance the capital lease payments.

What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

Unable to participate in the delivery of Local HERO Foundation's services unless properly trained and certified.

There are no restrictions to becoming a member.

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

The financial position is reviewed quarterly and shared with the board. The Foundation accountant is also a board member. Application was made to three new grant sources. Two were successful. New potential grant sources shared by OSCA staff are being followed up on. This was Local HERO's first year as a United Way agency. It has been a great learning and networking opportunity, in addition to the funds. A new campaign called 'Speed of Life' was launched at our major annual fundraising event. Most of HERO1's life saving missions are about an hour; this costs approximately \$1,200.00. Attendees were encouraged to pledge the cost of an hour flight, with the affordable option of paying \$100 monthly, in order to save a life. It was preceded by a moving testimonial video about a particular mission. The response was tremendous with 100 hours being pledged that night. Agreements for multi-year donations were made with two new entities who may require a medevac flight in the course of doing business remotely. A letter has been sent to the provincial Minister of Health regarding non-payment of flight invoices from 2016 during the fire, when other efforts to obtain payment were unsuccessful. Radio, print and social media program promotion happens regularly all year. There were five speaking engagements to further awareness of the program and advocate for support.

#### Provide a brief overview of the organization's strategic priorities:

To continue our development as an exceptional service provider we will:

- Maintain a state-of-the-art helicopter and an experienced, well trained, engaged team committed to providing best practice service.
- Collaborate with our board, the community, government and industry to inform and seek support.
- Maximize the power of social media and re-vamp existing website.
- Sustain existing key partner and financial relationships with consistent and clear communications.
- Strategically develop diversified sources of stable funding.
- Continue holding an annual major fund-raiser to promote awareness and support.
- Plan for the future acquisition of an advanced helicopter with increased capacity for passengers,
   speed and distance. Procure once funding is stabilized.

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

An application to the United Way for their next funding cycle (2019-2020) is in progress.

The new Speed of Life campaign introduced at the annual fund-raiser will be ongoing. It provides an affordable option for individuals and small business to pledge support for the program. Buying a life-saving hour of flight is something donors perceive as a tangible benefit, in addition to the tax receipt.

Talks are under way with Canadian Brewhouse management about collaborating on some fundraising for Local HERO. Provincially, they had previously been directed to support STARS; following a tour of the facilities and learning about the Foundation and its mandate they have agreed to assist us locally.

Companies working remotely in northeastern Alberta that are not currently donors will be approached to learn about the charity and encouraged to donate, after an employee benefits from a helicopter medevac.

We are developing a plan to approach the Federal government regarding support for services provided to indigenous patients. Collaboration on this with the RMWB is desirable in order to be more effective.

#### Please explain any cost savings initiatives the organization has, or is planning, to implement:

The current AHS contract specifies that there must be two pilots on board for missions. In order to grant time-off requests for medevac pilots without a gap in service, a new strategy was employed. The hiring and training of a casual standby pilot is not feasible due to cost (over \$90,000 for the training alone; standby costs would be additional). Instead, two pilots from Phoenix Heli-Flight were trained as Safety Pilots. The training was done by the medevac pilots and the chief pilot. It consisted of ground school, simulator practice time and actual flight-time, both day and night. Instruction on the use of night vision goggles was included. On a shift when there is only one medevac pilot, the Safety Pilot acts as an extra set of eyes, ears and hands, monitoring radios, the medevac phone, navigation instruments and the external environment to ensure a successful mission.

The medevac program start-up costs were the lowest possible 5 years ago and have been kept stable. For reasons of safety, there is little can be done to reduce costs. Cost savings can't be realized until start-up debt has been retired.

#### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

	Operator of a Municipally-owned asset (Please continue to Part E on page 7) Provide programs and services related to the collection, preservation and display of regional heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
	Acts as a collective voice for:  a) the development of the arts community (Strategy & Initiative #1f);  b) advancement of cultural diversity (Strategy & Initiative #3f); or
V	c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b) Provides strategic programs/services that are of benefit to the entire region

#### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

2017- 5 Year Plan

#### Provide a brief overview of the organization's strategic priorities:

- \*Maintain a safe, harassment free organization for volunteers, Club Members, citizens of RMWB and ASA members.
- \*Promote organized Snowmobiling, the McMurray Sno Drifters and the Alberta Snowmobile Association within the RMWB
- \*Maintain and safely operate existing assets:

  we provide fire wood.

The Sno-Drifters received the National Excellence Award for best Snowmobile Club from the CCSO (Canadian Council of Snowmobile Organization) for the 2016 season

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

The Sno Drifter's currently maintain files on approx 20 sponsors/advertisers on our Warm Up Sheds, Sno Drifter's trailer and mechandise provider for Door Prizes at our events.

The funding is raised from local business and corporate partners that are involved in the RWMB area resource development and construction.

The Club would like to host the ASA Jamboree in the near future, but after the 2016 Fires, some of the great RMWB winter activities hosting, has put a huge draw on volunteer resources for everyone.

The Club Executives is reviewing to approve an adjusted sponsor program to raise funds to pay for the costs above the CIP Grant provided by RMWB by Nov 15, 2018.

Increase in 2019 of \$36,000 is due to:

- Executive Director (ED) Wage Increase: The MCA Board is in the process of recruiting an ED for our organization. In light of the findings from recent interviews, the board treasurer proposed an increase in the ED Salary and Benefits package.
- Inclusion of 25% of Welcome Centre (WC) Coordinator's Wage: The WC has been running full time since re-entry (post 2016 wildfires), with exceptions of few closures due to lack of funding. There is 55% increase in # of appointments made at the centre comparing 2017 year to 2018 (YTD) with an anticipated climb by the end of the year. The need to have the WC manned at all times is apparent.

#### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

I.	a) the development of the arts community (Strategy & Initiative #1f);
	b) advancement of cultural diversity (Strategy & Initiative #3f); or
	c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
	Provides strategic programs/services that are of benefit to the entire region

#### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

2017

#### Provide a brief overview of the organization's strategic priorities:

The MCA has identified four strategic directions that will bring focus to the work the organization undertakes. The 4 priority areas are as follows:

- Strengthening MCA Culture: MCA understands that people are at the centre of our organization's mission. It is essential that MCA benefits from talented people who feel valued and can see how they play meaningful roles in making a difference with newcomers, cultural groups and the Fort McMurray community.
- 2. Embracing Sustainability: As a longstanding organization in the RMWB, the MCA is responsible for our financial outlook. We understand that people in the community depend on us for community support, education, and integration, and we recognize the importance of being there for people over the long term. We strive to be a financially strong and sustainable organization.
- 3. Meeting Stakeholders' Needs: MCA realizes that it takes more than one organization to initiate transformational change in a community. By engaging our Stakeholders in "meaningful" purposed work we can achieve great things. When a multitude of community interests and groups can find common ground and synergy, no challenge (large or small) cannot be conquered. MCA has a vested interest in making sure that our Stakeholders are also working at their highest level.
- 4. Creating Community Connections: The mission and programming services of MCA are integral to the success of the Fort McMurray community and region of Wood Buffalo. As such, we recognize the importance of being connected with multiple parts of the community and having excellent relationships with our partners, stakeholders, the municipality and community. MCA strives to be recognized as a highly visible and dynamic organization that works hard to support the quality of life for citizens of the RMWB newcomers, established residents and community organizations.

#### Part D - Organization Questionnaire

Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

The MCA gets majority of it's operational funding through the Sustaining Grant (formerly Community Operating Grant). The general operations that are covered through this grant are as follows:

- 1) Wages and Salaries of the Executive Director, Admin and Finance Officer, Events and Volunteer Coordinator, and 25% of the Welcome Centre Coordinator.
- 2) Office Expenses
- 3) Office Supplies
- 4) Other: Such as Volunteer Expenses, AGM, General Advertising for MCA, etc.

Some of the directly supported Events, Services, and Programs are:

- 1) Programs: Financial Literacy, Welcome Centre, and Cross Cultural Parenting Program
- 2) Events: Multicultural EXPO, Speak Up Against Racism, Community Block Party Alberta Culture Days World Meets in Wood Buffalo, and Human Rights Day Conference
- 3) Services: Notary Clinics

However, by the virtue of providing operational funding, the Sustaining Grant will directly or in directly support everything the MCA undertakes.

Please see attached an additional document with more details.

### Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

The MCA, through its operations and programming, aligns with 2 of Municipal Strategic Priorities that are #1f Fostering equality, diversity, and inclusion in the region and #3f - Support Arts and Culture. The MCA achieves these strategic objectives by:

- Promoting art, culture, diversity, and advocacy for inclusiveness through various programs, events, services, and initiatives.
- 2. By sitting on community committees such as the Arts and Culture Master Plan Advisory Committee and Alberta Culture Days Committee the MCA continues to support Arts and Culture in in a wider scope.

### Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

The MCA continuously seeks new avenues of funding for on going as well as new initiatives. Some of the New Grants that are pending approval are as follows:

- 1. Alberta Human Rights Commission , Human Rights Education and Multiculturalism Fund Grant for Cultural Equity Building Training Program \$26,991.06
- 2. Anti Racism Grant for Anti -Racism Workshops \$22,537

Other grants applied Pending Approval:

- 1. Wood Buffalo Community Foundations for Interpretation and Translation Unit and Welcome Centre \$73,890 and \$68,000 respectively
- 2. Suncor Energy Foundations for Welcome Centre \$50,000
- 3. United Way of Fort McMurray and Wood Buffalo for Program Manager Wage and 3 programs \$143,612.5

New or Returning Sponsorships Pending Approval:

- 1. SMS \$3,000
- 2. CNRL \$2,500
- 3. ATB \$5,000

As well, we are awaiting the 2019 schedule for Casino Gaming Fundraising which will further support MCA's operations.

### Please explain any cost savings initiatives the organization has, or is planning, to implement:

The MCA has been employing few cost saving practices to ensure all core programs, events, and services continue whilst maintaining or decreasing the alloted budgets. Some of these initiatives are as follows:

- 1. Collaborative Approach: The MCA has taken the collaborative approach in planning and implementing events and programs as a cost saving initiative. A great example was the National Indigenous People's Day 2018 event. The MCA partnered with 9 other organizations bringing down our financial contribution to 31% whilst achieving one of our strategic priorities (#4 Creating Community Connections).
- 2. In-Kind Contributions: The MCA has been approaching a wide range of organizations that have not have not traditionally been our Funders/Sponsors due to the nature of the work they do. The MCA has been able to leverage their support and incorporate it in various programs and events as in-kind donations hence reducing programming costs.

#### Part 1: Explanation to variation in wages covered by Sustaining Grant 2019

- **Executive Director Wage Increase:** The MCA Executive Board is in the process of recruiting an Executive Director (ED) for our organization. In light of the findings from recent interviews, the board treasurer proposed an increase in the ED Salary and Benefits package. The proposed increases are as follows:
  - o Salary increase of \$8,000 a year
  - o Fuel allowance increase from \$50 to \$100 a month
  - o Increase in health coverage from 50% to 100%, which amounts to a change of \$50/month to \$100/month respectively
- Inclusion of 25% of Welcome Centre Coordinator's Wage: The Welcome Centre (WC) has been running full time since re-entry to the region post 2016 wildfires. However, there were times when the centre was not able to be open for full time hours due to funding running out. The number of appointments booked at the WC in 2017 was 120 whilst the 2018 number, to-date, sits at 170. This captures a growth of 41.7% and we anticipate more of an increase before the end of this year. The WC has seen a spike in the number of returning clients this year which we think correlates with the continued need for supporting newcomers. In effect, we want to secure 25% through the sustaining grant to ensure that the WC would have a paid staff member while we continue to fundraise for the 75% of the funding to cover the coordinator wage as well other expenses.

#### Part 2: All MCA Programs, Events, Services, and Initiatives

#### **New Projects Starting in 2019:**

- Cultural Equity & Capacity Building Training Program

The Multicultural Association of Wood Buffalo (MCA)'s upcoming initiative, Cultural Equity and Capacity Building, is intended to develop knowledge and skills for new and established cultural groups in the region. The knowledge and skills gained through the program will enable the cultural groups to build their organizational capacity, and proactively engage with their own community and with the community at large to respond to and reduce cultural and religious discriminatory barriers.

In May 2017, The Newcomer Interagency Network conducted a Newcomer Needs Assessment (IRCC funded). Recommendations included: engagement with organizations, institutions and programs across the region to dialogue and address issues of discrimination or racism, and to

Bob Lamb Industry Education Centre, Keyano College 8015 Franklin Avenue, Fort McMurray AB P.O. Box 5298 T9H 3G3 780-791-5186 www.mcawb.org Celebrate • Educate • Integrate

strengthen community awareness and build strategies to combat these concerns as they emerge.

The Collaboration for Religious Inclusion (CRI) conducted a survey in April 2017 (AHRC funded) to collect data on faith-related issues. Two key findings in this survey were: underreporting of hate crime incidents, and prevalent negative perceptions and discrimination towards certain groups. Some of the CRI recommendations relevant to this program were to "provide workshops on hate crime prevention, rights, "Increase opportunities for interfaith interactions, events, responsibilities". gatherings", and "promote awareness and understanding through public campaigns." Through this program, various cultural groups within the Wood Buffalo region will learn how to build organizational capacity, educate the community about their culture, network with other cultural groups, and gain education and training on human rights and how to prevent and respond to hate crimes and discrimination. This program will require a commitment from a leader of each cultural group to attend a workshop once a month for 9 months, and to disseminate their knowledge to their corresponding cultural group in order to complete skill building assignments. Upon graduation of the program, all participants will be invited to attend monthly networking meetings to learn from each other and to support each other in their own initiatives.

We have decided to divide our project into two phases: I. Cultural Equity Building II. Cultural Capacity Building. We are asking the Alberta Human Rights Commission to fund the "Cultural Equity Building" phase of this project. This phase will expose our participants to several of the protected grounds as identified within the Alberta Human Rights Act, and will encourage them to put these into context within their own cultural groups. These will include workshops on Mental Health, Gender Identity, Culture (race, religion, tradition etc.), LGBTQ+, Mental/Physical Disabilities, and how the Alberta Human Rights Commission protects each of these grounds. The participants will also be given the opportunity to attend our annual Human Rights Day Conference in December to strengthen their understanding of contemporary conversations around human rights.

Through the workshops and assignments, the groups will create individualized strategies to address and prevent discriminatory barriers in a way that is culturally acceptable. With the MCA as the overarching organization in this project, we will be able to support them in building connections with the community and facilitate their planning processes, as well as utilize our professional connections to bring in experts in each workshop field.

### - Conversation Café: Anti Racism, Discrimination, and Hate Crimes

This project will be a collaboration between the Multicultural Association of Wood Buffalo (MCA), the Collaboration for Religious Inclusion (CRI), Wood Buffalo Equity Coalition (WBEC), and the Regional Advisory Committee for Inclusion, Diversity, and Equality (RACIDE). The project will be a series of workshops allowing the victims of racism, discrimination and hate-crimes to speak about their experiences to influential community members, such as: RCMP, Mayor and Council, teachers, Bylaw, etc. The series will be divided into 5 parts: indigenous discrimination and racism, inter-faith discrimination and racism, LGBTQ+ with an intersectionality on race and religion, youth discrimination and racism, and finally, a platform for community leaders to develop a recommendation for policy to present to Council.

Influential community members will be informed of contemporary issues within the region based on the consultation of victims, community members and organizations that will be part of each workshop (which is identified as a municipal priority in the Diversity and Inclusion Plan 2017-2022). With the collected information, CRI will develop a report to share with the community leaders who will be able to utilize it to create a recommendation for municipal policy against racism, discrimination and hate-crimes.

The first four workshops will provide a space for speakers to share their stories with authority figures, followed by roundtable discussions for community leaders and community members to reflect on the topics addressed by each speaker. The last workshop will be a platform for authorities to develop their recommendations to address the racism, discrimination, and hate-crimes within Wood Buffalo.

### **Programs:**

### - English Language Learners Assistance (ELLA)

The English Language Learner Program (ELLA), formerly known as After-School Tutoring Program (ASTP), builds confidence in newcomer students so that they can actively participate in class, and school activities. It helps English Language Learner (ELL) children with their reading, writing, speaking and listening skills. Newcomer students often struggle in school, when they arrive in Wood Buffalo due to the language barrier, and frequently do not have sufficient homework support at home, as their parents may also be just learning English. ELLA provides free support for these children throughout the school year. ELLA helps develop interpersonal relationships between peers and strengthens family dynamics by eliminating the

stress of developmental language skills on parents and their children.

This program is offered in elementary, junior high and senior high schools during school hours at a 2:1 students-to-tutor ratio for 30-minute intervals.

### - Multicultural Cookery

The Multicultural Cookery Program brings diverse cultural groups together and promotes cross-cultural understanding and appreciation. The program runs monthly cooking lessons during the academic calendar year, featuring a different region's cuisine every month. Attendees learn to cook traditional foods, interact with diverse groups, and share delicious meals around one table.

### - Financial Literacy Programs

The Financial Literacy Program is intended to help make the financial transition of newcomers moving to Wood Buffalo a little smoother. Over several sessions, the participant gains knowledge about topics such as banking, credit, debt, taxes, loans, insurance, government support programs, and avoiding fraud and scams. The sessions are highly interactive and provide newcomers with the tools to help them and their families understand the Canadian financial system. Participants are provided with workshop material that serves as a great resource and reference document. Participants in the second level of financial literacy continue on from the level one program, gaining more knowledge and advanced skills in the areas of investing, real estate, and multiple steams of income.

In addition, Fort McMurray real estate is down more than 25% since the peak of 2014. Recent national surveys show that 67% of Canadians are not confident in their abilities to handle their financial planning. In effect, some Alumni from the Financial Literacy program formed a volunteer committee and planned the first Financial Literacy Conference in 2018. This one-day conference featured keynote speakers, breakout sessions, and networking opportunities. Free child-minding, breakfast, and lunch were made available to participants at the conference.

### - Cross Cultural Parenting Program

The Cross-Cultural Parenting Program helps immigrant, refugee, and Canadian parents with practical knowledge, skills, and resources for parenting in a multicultural context. Throughout the ten-week program, we explore parent-child relationships, and the benefits and challenges of living and parenting in a multicultural society. Childcare is provided free of charge to reduce barriers for parents attending. Parents develop a support network and build confidence, when

interacting with other participants who are experiencing similar life challenges. Our trained facilitators are experienced in child development, parenting styles, and facilitating workshops.

### - Cultural Awareness Training

The Cultural Awareness Training (CAT) provides tailored workshops based on local research and covers a variety of cultural challenges and how to address them. The goal of this program is to strengthen the community through a better understanding of diversity and cultural differences. This developed understanding would in-turn strengthen services being provided in the community.

Despite the incredible need for this training, both non-profit and for-profit organizations often do not consider this training, when creating their budget, or if they do have a budget, cultural awareness is often not a priority or is covered very minimally by in-house staff with limited training. The United Way funding previously covered the development of new materials for various target populations and the implementation of the sessions.

#### **Events:**

#### - Multicultural EXPO

The Multicultural EXPO is MCA's annual flagship event. This event celebrates and embraces the vibrant diversity in the Regional Municipality of Wood Buffalo (RMWB). The EXPO provides an opportunity to culture groups, residing in Wood Buffalo, an opportunity to display as well as educate the public on their culture. This event features various multicultural cuisines, traditional crafts, cultural music and performances, traditional fashion and attires. In addition, the event will showcase a Youth Talent Show to help empower youth by providing a platform to display their talents.

### Speak Up Against Racism

The "Speak Up Against Racism" workshop is a program created by the MCA to commemorate the International Day for the Elimination of Racial Discrimination, which falls on March 21st of every year. This workshop aims to engage young generations to speak up against racism, promote diversity, integration, and unity within the school and among students. Hence, equipping students to prevent, eliminate, and speak up against racism in their communities. Students will be given information as well as opportunity to apply what they learned in the workshop through follow up programs within their schools.

Bob Lamb Industry Education Centre, Keyano College 8015 Franklin Avenue, Fort McMurray AB P.O. Box 5298 T9H 3G3 780-791-5186 www.mcawb.org Celebrate • Educate • Integrate

### - Community Block Party

The Multicultural Association, in Partnership with the McMurray Experience, has been putting on the Community Block Party annually since 2016. The Community Block Party offers food vendors, performances, photo booth, face painting, henna tattoos, and balloon animals. This event is free to all community members with activities and food available for cash payment/purchase.

### - National Indigenous Peoples' Day

The National Indigenous Peoples' Day is a day recognizing and celebrating the cultures and contributions of the First Nations, Inuit and Métis Indigenous peoples in Canada on June 21 of each year. In line with embracing multicultural diversity, MCA, in partnership with local Indigenous peoples' groups, will host an all-day event featuring traditional activities. Some of these activities will include, a speech from an Elder, presentations on Indigenous cultures, and performance by traditional dancers and drummers. Local schools will be invited for youth to teach and learn from one another.

#### Canadian Multiculturalism

The Canadian Multiculturalism Day on June 27 is an opportunity to celebrate our diversity and our commitment to democracy, equality and mutual respect and to appreciate the contributions of the various multicultural groups and communities to the Canadian society. The MCA hosts a social media campaign encouraging students and employees to wear their cultural attires to school and work on June 27<sup>th</sup> of every year. The MCA reminds people that "cultural attire" is not limited to traditional clothing that exists outside of Canada: there are many beautiful cultures represented within the Canadian borders that we look forward to celebrating, as well. We encourage people to think about what it is that makes up their cultural identity, and to wear and share their attires all day on June 27.

### - Canada Day Pancake Breakfast and Parade

The MCA hosts an annual Pancake Breakfast event on Canada Day. The Pancake Breakfast brings together our diverse community with food, music, and activities that celebrate our incredible multiculturalism and the Canadian heritage. This event is traditionally held at the Curling Rink at MacDonald Island park from 8:00 am - 10:00 am. Following the breakfast, the MCA takes part in the city-wide parade by organizing a multicultural float with volunteers from various countries dressed in their cultural attires.

#### - The World Meets in Wood Buffalo

The World Meets in Wood Buffalo is a performing-arts showcase that aims to engage local citizens, artists and performers. It generates an awareness of diverse cultures within the region of Wood Buffalo. Through this event, the MCA continues to work towards fostering an environment that encourages cultural inclusion and the sharing of traditions.

### - Annual General Meeting

The MCA holds its Annual General Meeting after the completion of the fiscal year and year end audit. This meeting is open to the general public and is where members may vote in and out board directors and executives, pass motions on upcoming organizational decisions, and become updated on the organizations finances and activities in the previous fiscal year.

### - Human Rights Day

December 10th marks the anniversary of the Universal Declaration of Human Rights developed in 1948. The MCA celebrates this day as a practical approach to increase awareness on human rights in our community. The event brings together leaders from government, community members, local committees, and social profit agencies as a way of recommitting to the cause, sharing resources, and educating the general public on local human rights issues and mitigating remedies.

#### **Services:**

#### - Free Notary Clinic

In partnership with Don Scott McMurray Law Office, the Multicultural Association of Wood Buffalo has started offering Free Notary Services. The Notary Services are aimed at supporting immigrants in Wood Buffalo region. Some of the notarizations are for travel documents, power of attorney, certified copies, proofs of life, and more. This service is offered out of the MCA's board room every last Saturday of the month.

### - Interpretation and Translation Unit

This service facilitates equitable access to health, legal, social, educational and other services through certified interpretation and translation in Wood Buffalo. The Multicultural Association (MCA) offers certified translation services in over 45 languages for individuals and service providers who need documents translated into one or more languages. In addition to the translation services, the MCA offers interpretation services by qualified local community interpreters who have had their language proficiency assessed and have been trained in Community Interpretation. The Community Interpretation course is a 70- hour program, designed by Cultural Interpretation Services for Our Communities (CISOC), that trains the participant on the proper procedures and code of ethics for professional interpreters. This program is available at the MCA through in-class training and will soon be available as an online course. Through this program, individuals are educated and empowered to work within the community. The MCA is dedicated to celebrating, educating and integrating our diverse community by providing the highest quality interpretation and translation services for anyone who needs them.

#### - The Welcome Centre

The Welcome Centre is a space on the second floor of the Wood Buffalo Regional Library that streamlines the newcomer settlement process within the community. It functions as a free, one-stop-shop location that links newcomers with services that meet their needs within the community. The Centre is equipped to provide support in-person, over the phone, or by email and eliminates the frustrations newcomers often feel when being bounced around from organization to organization, due to eligibility limitations.

The Welcome Centre also gathers anonymous data from client interactions to help support newcomer serving organisations in the community. We record statistics, such as Country of Origin, Languages Spoken, and Landing City, and use this to discover newcomer trends in the region. We also identify and record experienced gaps in service (i.e. needs that have no supports in Fort McMurray), as well as duplications in service that may exist in the community. This data can them be used to deepen our understanding of the needs and challenges that newcomers to the region face, and improve service delivery to newcomers in the region.

### **Initiatives:**

#### - The Newcomer Interagency Network

The Newcomer Interagency Network (NIN) is a forum to share expertise, enhance collaboration between agencies, and support projects and initiatives to better meet the needs of newcomers to the region. The purpose of the network is to:

- o Facilitate an awareness of existing community services and improve referral processes
- o Identify gaps, needs, and duplications in newcomer services, skills, & employment
- o Support & implement projects and initiatives to address those gaps where possible
- o Provide consultation to government, businesses, and organizations on matters relating to newcomers

### - Collaboration for Religious Inclusion (CRI)

The Collaboration for Religious Inclusion (CRI) brings together organizations located in the RMWB to promote unity through religious inclusion and understanding. The group aims to engage and educate the public through workshops, forums, media, and collaborative initiatives. The CRI champions inclusivity with the goal of making the community a more welcoming place for those of all faiths. The CRI launched an inclusivity survey in Wood Buffalo in the spring of 2016.

The survey polled 375 residents after it was relaunched in early 2017 in response to the 2016 wildfires, with new questions to reflect the post-fire reality in Wood Buffalo. Of those who responded, 51 percent were Christian, 18 percent Muslim, 5 percent Traditional Aboriginal Spirituality, 3 percent Sikh, and 17 percent said they had no religious affiliation.

The full CRI project report along with infographics, in 9 different languages, with summary of findings and recommendations can be found on the MCA's website.

- Our Vision: To be a world-class cross-country ski club creating a culture of excellence in community sport through participation, skill development and fun.
- Our Mission: To support healthy, outdoor recreation in the Regional Municipality of Wood Buffalo by promoting cross-country skiing as a life-long sport.
- Last season the club had 396 members including 81 youth.
  - The club offers members adult and youth lessons and supports a youth racing team.
  - Equipment is made available to all members so as not to be a barrier to participation.
  - The club is primarily run by volunteers.

# Community Impact

- The club operates out of the Doug Barnes Cabin and the Birchwood Trails (We will be using an alternate location during cabin construction)
- The grant allows the club to operate the cabin, groom trails and loan skis to members for club programs.
- The club rents out the cabin during the off-season to other community groups at an affordable rate.
- Our 2019 goal is to transition into the newly expanded cabin upon completion.
- The grant, along with casino funds, helps support all programs and trail grooming. Membership fees are kept low in order to maintain accessibility to all members of the community.

#### Notes:

Trail Maintenance and operations of Doug Barnes Cabin is considered separate from Club Operations, therefore the financial position of the Organization does not impact the eligibility for the Sustaining Grant.

Doug Barnes Cabin Expansion is expected to be operational in time for the 2019-2020 winter season. Administration is currently negotiating an Operating Agreement for this facility with the PNSC.

### Part B - Board Questionnaire

Are any board members being paid, or receiving an honorarium, for being on the Board or for other positions in the organization outside of their role on the Board? Yes  $\square$  No  $\square$ 

If yes, complete the following table:

Board member name	Paid role on the board / organization	Amount received
Inger Kleppe-LeBlanc	Club Coordinator (Admin)	t7(1)

### What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

As per the club bylaws, there are no restrictions on becoming a member of the ski club and anyone wanting to become a member simply has to fill in an online registration form and pay the required dues. For insurance purposes, anyone wanting to participate in club activities need to become a member. Membership dues are intentionally kept low so as not to be a restriction to anyone wanting to become a member and participate in club activities. At \$30 for and individual or \$50 for a family membership, which includes lessons and borrowing of equipment for both youth and adults, cross-country skiing remains one of the most affordable activities in the region. The board is elected annually from the members at large, you must be 18 years of age and an active member

# How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

The financial position of the club is reviewed monthly during the ski season, at each executive meeting as well as annually by the membership at large at the annual general meeting. Over the past year, outside of the previous grant from the RMWB, the club has increased its financial position primarily through casino revenue, the collection of membership dues, rentals of the Doug Barnes Cabin to other community groups and through executive members applying for volunteer grant money provided by Syncrude's Good Neighbour program and Suncor's Community Volunteer program. In 2018, the club also applied and received a CFEP grant from the Province of Alberta for furnishing the new cabin of which the funds were handed over to the RMWB to support. The amount of net income the club earns from the sale of a membership after affiliation fees with Cross Country Alberta/Canada (for insurance purposes) are taken out remains extremely low. This is done on purpose to help keep the sport affordable to all in the community, especially under-privileged youth and families looking for an affordable activity.

The personal information collected in this application is collected under the authority of section 33(c) of Alberta's Freedom of Information and Protection of Privacy (FOIP) Act. ### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

~	Operator of a Municipally-owned asset (Please continue to Part E on page 7)
	Provide programs and services related to the collection, preservation and display of regional heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
	Acts as a collective voice for: a) the development of the arts community (Strategy & Initiative #1f); b) advancement of cultural diversity (Strategy & Initiative #3f); or c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
	Provides strategic programs/services that are of benefit to the entire region

### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

The strategic plan was last updated in 2017

#### Provide a brief overview of the organization's strategic priorities:

PNSC encourages the use of Birchwood Trails and the Doug Barnes Cabin through our Cross Country ski program. Our adult and youth programs engage individuals of all ages to enjoy a recreational ski or build towards a more competitive skill set. The focus of the lessons and programs prepares members for a life-long physical activity that takes advantage of our extensive trail system. The trails are an integral part of our club that the PNSC maintains during the winter by grooming them and removing small debris. These trails are groomed by our volunteers which makes them fully accessible to non-members such as winter bikers and walkers.

PNSC supports the social profit sector by allowing the use of our cabin as rental space. When we are outside of our normal winter ski season, May to October, Community groups have the ability to rent our cabin for \$10 an hour. This offers an affordable alternative to private rental spaces at other facilities. Also, it permits groups that are holding events at the trails to have an indoor space equipped with a kitchen, washroom and lounge space. With the cabin expansion in 2018/2019, we look to expand on the services offered to the community.

In attempt to make our programs an accessible recreational activity we offer very low rates for our membership fees. Fees range from \$30 - \$50 for the base membership. The youth program provides skis for personal use during the entire ski season as part of the fee which allows members to practice outside of the ski lessons and returned at the end of the season. Our adult program loans all the relevant equipment as part of the membership costs for each lesson or event.

# Part D - Organization Questionnaire

# Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

As per the PNSC's mission, the club helps to promote healthy, outdoor recreation in the city of Fort McMurray through cross-country skiing. It does this through its program in the following key ways:

- Maintenance and grooming of the Birchwood trails provides the community with 35km skiable tails in the winter and is accessible from many locations in Thickwood, Dickinsfield and Timberlea/Eagle Ridge. The trails are not only enjoyed in the winter but year round by walkers, runners and cyclist who may actually out number skiers. The trails are also used in the summer to host events such as running races and cycling events.
- Providing an affordable winter activity to youth and adults of the community. Included as part of a club membership is lessons and access to loaner equipment in order to participate in club programs. This not only encourages community members to get out, try the sport and enjoy the beautiful trails in the winter but also removes the burden of needing to go out and buy equipment prior to participating. It also takes the burden off families to have to constantly buy new equipment each season for their growing children.
- Providing youth an opportunity to develop and get involved in competitive cross-country ski races across the province and around the world. Current cross-country ski Olympian Grahame Killick got his start in PNSC youth lessons and developed through its racing program.
- Providing affordable meeting space for other clubs and organizations in the community through the use of the Doug Barnes Cabin. This is expected to continue with the proposed cabin expansion.

# Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

As per the previous section, the club helps to promote healthy, outdoor recreation in the RMWB through cross-country skiing. It does this through its program in the following key ways:

- Maintenance and grooming of the Birchwood trails provides the community with 35km skiable tails in the winter. The trails are not only enjoyed in the winter but year round by walkers, runners and cyclist who may actually out number skiers. The trails are also used in the summer to host events such as running races and cycling events.
- Providing and affordable winter activity to youth and adults of the community. Included as part of a club membership is lessons and access to loaner equipment in order to participate in club programs. This not only encourages community members to get out, try the sport and enjoy the beautiful trails in the winter but also removes the burden of needing to go out and buy equipment prior to participating. It also takes the burden off families to have to constantly buy new equipment each season for their growing children.
- Providing a venue to host future larger scale ski races as part of events such as Alberta Winter Games/Arctic Winter games. The club is also positioning itself to potentially host stand alone ski races such as Alberta Cup races which would increase sports tourism to the region.
- Providing affordable meeting space for other clubs and organizations in the community through the use of the Doug Barnes Cabin. This is expected to continue with the cabin expansion.

# Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

The club will continue to pursue its other primary forms of revenue which are: casino funding, membership dues, cabin rentals and corporate donations. The club will also apply for grant money as applicable like the CEFP grant to help offset as much of the cost of the cabin expansion as possible.

With the new cabin expansion, the club will be exploring new streams of revenue such as renting skis and planning to increase revenue from the cabin rentals.

# Please explain any cost savings initiatives the organization has, or is planning, to implement:

In 2019, the club will be going through a major transition as we start operation of the cabin expansion. Currently the club is primarily volunteer based with one part-time paid administrative staff. We are actually planning to increase our cost structure to support our growth in offering more services to our members and will offset as much of these costs as possible with new revenue growth without sacrificing the accessibility of our programs and services.

# Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

The Library completed a 2016 to 2018 strategic plan in 2015; new plan currently being developed.

### Provide a brief overview of the organization's strategic priorities:

The Library uses a community led service planning strategy to inform our strategic priorities. Our plan was developed by community members and champions who identify gaps and needs within the community. Through the community led service planning approach, the three selected service responses identified to meet those needs were:

>Know your Community: Community Resources and Services

>Celebrate Diversity: Cultural Awareness >Satisfy Curiosity: Lifelong Learning

As we developed our three year goals and objectives, we incorporated the following values into each initiative:

Sharing with all

Empowering the community and each other, by providing a supportive and welcoming environment.

Collaborating with each other to engage in progressive opportunities.

Diversity in resources, services and relationships.

Discovery through curiosity and creativity.

Our Commitment to building an informed and inclusive community.

Update on the Plan of Service for 2018 is attached.

# Part D - Organization Questionnaire

Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

On behalf on the Municipality, the Regional Municipality of Wood Buffalo Library Board operates the Wood Buffalo Regional Library, located at the Suncor Community Centre at MacDonald Island Park. The Library provides Wood Buffalo residents of all ages with access to information services, library collections and a variety of programs and resources.

Our Library collections include books, DVDs, CDs, video games, audio books, fun boxes; eResources including downloadable books, magazines, movies and music; electronic databases such as PressReader (to view magazines and newspapers around the world), Solaro (study and exam prep for grades 3 - 12), plus many more.

We offer programs to all ages including story time programs for Children, arts and crafts for all ages, conversation groups, gaming, movies, French language programs, Aboriginal programs, Senior Socials, puppet shows and much more. We host popular events such as Team Trivia, the Banff Mountain Film Festival, Radical Reels, the Elf Workshop, and Speaker Series.

Our general operations include purchasing and cataloging of our Library collection, providing patrons with information services, providing Library services to off site locations including rural communities, providing a variety of programs/events based on community need, partnerships with organizations in the RMWB, marketing of those services to ensure residents are aware of our services, and administration of the organization to ensure it operates effectively.

### WBRL Plan of Service 2016-2018

WBRL annually reviews our progress towards meeting the goals and objectives of our current Plan of Service.

#### Vision

Our patrons are able to pursue and realize lifelong potential.

### Mission

Providing lifelong learning to an engaged community through diverse resources and progressive leadership.

### The three selected service responses are:

- Know your Community: Community Resources and Services
- 2. Celebrate Diversity: Cultural Awareness
- 3. Satisfy Curiosity: Lifelong Learning

# Service Response: Know your Community: Community Resources and Services Goal: We will be a pillar of the community through the development and promotion of services and resources to confidently meet the evolving needs of our community.

#### Objective 1: We will engage our patrons to explore and connect with our community

Action 1:1: Circulating, Museum Pass: The WBRL met with all parties involved and due to budgetary reasons, we will not be able to move forward on the museum pass at this time.

Action 1.2: Offsite programs at various locations: Ongoing

#### Objective 2: We will be a community hub accessible for all

Action 2.1: Central location for promoting community in Library: Achieved

Action 2.2: Develop and maintain a Know Your Community webpage: Many community events pages already exist. WBRL resources and time would be better spent researching what already exists and compiling links to existing services.

Action 2.3: Increased community awareness and engagement by employees: Ongoing

Action 2.4: Create a partnership program to highlight different agencies and services in the community (a weekly display or promotion): Ongoing

Action 2.5: Support the Welcome Centre through continued partnership with the Newcomer Interagency Network: Ongoing

### Objective 3: We will have an increased presence throughout the Region

Action 3.1: Library promotion and advocacy plan: Postponed to 2019

Action 3.2: Better use of Wiley Wordsworth: Ongoing

Action 3.3: Actively partner with new and existing community agencies and participate in public events: Ongoing

## Service Response: Celebrate Diversity: Cultural Awareness

Goal: Our community is strengthened through the celebration and respect of culture, language and heritage.

Objective 1: Our collection will reflect the diversity of Wood Buffalo.

Action 1.1: Showcase our growing collection through monthly exhibits and displays: Achieved and Ongoing

Action 1.2: Expand and promote our English Language Learners, Adult Literacy and World Language Collections: Achieved

Action 1.3: Develop in-depth resource guides to better support English language and adult learners: Achieved and Ongoing

### Objective 2: We will offer increased programming to enhance awareness of our community

Action 2.1: Highlight community celebrations; Achieved and Ongoing

Action 2.2: Host innovative programming that highlights our diverse community: Achieved and Ongoing

Action 2.3: Intergenerational programming; Achieved and Ongoing

### Objective 3: We will increase accessibility through the reduction of barriers

Action 3.1: Reduce barriers to accessing library services: Achieved and Ongoing

Action 3.2: Cards that do not expire: Achieved

Action 3.3: Accessible cards: Achieved

Action 3.4: Establish an online payment method for borrower fees: Ongoing

# Service Response: Satisfy Curiosity: Lifelong Learning

Goal: We will be essential to the lifelong, formal and informal, learning of the Region.

Objective 1: We will keep pace with emerging trends and changing interests.

Action 1.1: Enhance user-experience and access to technology: Achieved and Ongoing

Action 1.2: Be informed of changing and current trends: Achieved and Ongoing

# Objective 2: We will create an environment that embraces learning together, to provide service excellence.

Action 2.1: Develop an ongoing database promotion and training plan: Achieved and Ongoing

Action 2.2: Create enhanced reader's advisory strategies: Achieved and Ongoing

Action 2.3: Ongoing support and training for staff: Achieved and Ongoing

Action 2.4: Develop a resource sharing strategy with our community: Achieved and Ongoing

### Objective 3: We will foster personal growth through life long leisure learning.

Action 3.1: To liaise with community to pilot a Literary and Arts Festival: Achieved and Ongoing

Action 3.2: Create infotainment boxes for patrons: Achieved and Ongoing

Action 3.3: Human Library: We will not be completing this task due to time limitations, resources and not a core service at this time.

Action 3.4: Offer programming that is dynamic and intellectually stimulating: Achieved and Ongoing

Action 3.5: We will enhance community collaboration for service delivery: Achieved and Ongoing

### Measures of Success:

- Annually, management and departments will develop tangible goals and objectives that align with the Plan of Service.
- Bi-annually, the Plan of Service Committee will review progress on implementation.
- Annually in June, the Director and Plan of Service Committee will report on progress to the Library Board as well as provide a communication though the wbrl.ca website.

### Tools required to measure success:

- Patron satisfaction survey
- Staff and volunteer satisfaction survey
- Standardized program evaluation
- Partnership agreement and evaluation tool
- Statistics

### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

V	Operator of a Municipally-owned asset (Please continue to Part E on page 7)
	Provide programs and services related to the collection, preservation and display of regional heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
	Acts as a collective voice for: a) the development of the arts community (Strategy & Initiative #1f); b) advancement of cultural diversity (Strategy & Initiative #3f); or c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
	Provides strategic programs/services that are of benefit to the entire region

### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

2017

### Provide a brief overview of the organization's strategic priorities:

In May of 2017, the RRC Board of Directors engaged Keldar Leadership to lead them in a Strategic Planning Process. The intent of this strategic plan was to guide the RRC for the next three years.

The strategic plan outlined challenges and opportunities for the RRC. The strategy of the RRC is developed from the commitment of the organization to make a difference in the region through innovation, community engagement and a dedication to the quality of life of the residents of the RMWB.

The strategic plan outline a SWOT analysis performed, as this analysis generated information that is helpful in matching the RRC's goal, programs, and capacities to the environment in which the RRC operates.

Strategic Priorities identified include:

- Maximize Sustainable Revenue;
- Continued Cost Improvement;
- Best Possible People / Talent; and
- Alignment with Stakeholders.

# Vista Ridge Recreational Association

Kevin Grogan General Manager

November 28, 2018

# Organization Mandate

- To provide safe, affordable recreation to all the residents of RMWB.
- To be fiscally responsible without compromising our guest experience.
- Continuous improvement through innovation
- Offer excellence in programs.
- Continue developing summer products to become a true "All Seasons Park"

# Community Impact

- Over 50,000 winter visits to ski/snowboard and an additional 7,000 tubing.
- 5,500 school visits to ski, another 1,000 to tube.
- 4,000 guests visit the Adventure Park each summer.
- Free skatepark and playscape available for public.
- Further summer development will fill recreational voids in the region and result in 100% cost recovery.
- Multiple synergies with Saprae Creek community.

# Wood Buffalo Economic Development Corporation

Brad Ferguson, Interim CEO

November 28, 2018

## Who We Are

 WBEDC was established in 2018 through unanimous resolution passed by RMWB Council to increase the growth, innovation, prosperity and resilience of the local RMWB economy.

 WBEDC is a wholly-owned entity of the RMWB, governed by an independent Board of Directors and managed by an entrepreneurial team that clearly understands its customers.

### What We Do

### WBEDC has accountability for the following core functions:

- Attracting investment, business, visitors, conferences/conventions and events.
- Encouraging an environment for industry growth, diversification, entrepreneurialism and innovation.
- Marketing/positioning the RMWB brand and opportunities in target markets.
- Supporting MacDonald Island Park, Keyano College, YMM Airport and other places driving economic growth.
- Enriching the downtown core, the riverfront and other lands with economic potential

## We Don't do It Alone

Economic development is a team sport – part of an ecosystem.

We work in partnership with key stakeholders in the economic development system to differentiate our region, generate prosperity, and heighten the standard of living for our residents.

Organizational Values Public Stewardship
Selfless Approach
Make Your Mark
Amplify Pride

# Organization Mandate

WBEDC is responsible for providing leadership to the economic growth strategy for the RMWB, and has specific accountability for the marketing, pursuit and sales functions of the following activities:

- New businesses and investment
- Existing business investment and expansion
- Entrepreneurship and innovation
- Sustainable visitor economy
- Major events to the region
- Marketing and positioning the RMWB brand
- Activating under-developed real estate assets

# 2019 Priorities

- Over the course of 2019, each of our functional divisions (below) will mature and begin creating an accelerated level of value (Economic Impact) for the RMWB.
  - Brand & Reputation
  - Trade & Investment
  - Tourism & Events
  - StartUps & ScaleUps
  - Corporate Services
- The priorities will be used throughout the calendar year to consistently measure and report on results.

# **Economic Growth & Impact**

- WBEDC's goal is to grow economic impact from \$10 million in 2019
   (4.7x Return on Municipal Dollars Invested) to approximately \$27 million in economic impact (12.6x return on Municipal Dollars Invested) in Year Five.
- WBEDC's operating and governance structure is scalable, creating a wellfunctioning platform for economic development priorities that can be started, matured and exited over a period of time.
- WBEDC provides the governance, leadership and coordinated support for such priorities as part of an efficient economic development system.

# 2019 Grant Request

### Part B - Board Questionnaire

Are any board members being paid, or receiving an honorarium, for being on the Board or for other positions in the organization outside of their role on the Board? Yes  $\square$  No  $\square$ 

If yes, complete the following table:

Board member name	Paid role on the board / organization	Amount received
Gregg Saretsky	Board Chair	\$ 120,000.00

What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

WBEDC has only two Members: (1) the RMWB Municipality; and (2) the CAO of the RMWB Municipality. However, its programs and services are designed to be open and to serve all businesses, people, institutes and organizations in the RMWB. WBEDC works in partnership with key stakeholders in the economic development system – the RMWB, Fort McMurray International Airport, Keyano College, Government of Alberta, Wood Buffalo Regional Innovation Network, Indigenous and Rural Communities, Adjacent Economic Development Agencies, Community Futures, Federal Government, Fort McMurray Tourism and Tourism Industry Partners, Productivity Alberta and the Fort McMurray Chamber of Commerce – to differentiate our region.

How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

WBEDC is governed by the Board of Directors, which has structured a Finance, Audit & Risk Management ("FARM") subcommittee of the Board to meet with Management on a quarterly basis to review the financial position of the Corporation. The FARM Committee also engages with the appointed external auditor who reviews the financial affairs of the Corporation.

The Board of Directors works with Management to grow non-municipal sources of revenue. Non-municipal sources of revenue are budgeted to grow +44% over the Corporation's first five years, resulting in revenues from the RMWB Municipality shrinking to only 43% of the overall budget. This performance metric will be reported on to Municipal Council on an annual basis and to its Board of Directors on a quarterly basis.

The personal information collected in this application is collected under the authority of section 33(c) of Alberta's Freedom of Information and Protection of Privacy (FOIP) Act. It will be used to process the application and contact you if needed, during the review of this application. If you have any questions about the collection and use of the personal information you may contact the Community Investment Advisor, at 9909 Franklin Avenue, Fort McMurray, AB T9H 2K4 or at (780) 788-4309.

### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

	Operator of a Municipally-owned asset (Please continue to Part E on page 7)
	Provide programs and services related to the collection, preservation and display of regional
	heritage and culture in a museum setting (Strategy & Initiatives #1a and #1c)
	Acts as a collective voice for:
	a) the development of the arts community (Strategy & Initiative #1f);
	b) advancement of cultural diversity (Strategy & Initiative #3f); or
	c) promotion of tourism potential of the Municipality (Strategy & Initiative #3b)
1	Provides strategic programs/services that are of benefit to the entire region

### Part D - Organization Questionnaire

What year did the organization complete its last strategic plan?

2018

### Provide a brief overview of the organization's strategic priorities:

WBEDC was established in 2018 to Increase the growth, Innovation, prosperity and resilience of the local RMWB economy. WBEDC is a wholly-owned entity of the Regional Municipality of Wood Buffalo, governed by an independent Board of Directors and managed by an entrepreneurial team that clearly understands its customers. WBEDC is responsible for providing leadership to Municipality of Wood Buffalo economic growth strategy, with specific accountability for the following core functions:

- Attracting Investment, Businesses, Visitors, Conferences, Conventions and Major Events
- Encouraging an Environment for Industry Growth, Diversification, Entrepreneurialism and Innovation
- Marketing and Positioning the Regional Municipality of Wood Buffalo Brand and Opportunities in Target Markets
- Supporting MacDonald Island, Keyano College, Fort McMurray International Airport and Other Places Driving Economic Growth
- Enriching the Downtown Core, Riverfront and Other Lands with Economic Potential

WBEDC maintains responsibility for each of the above activities; however, it works in partnership with key stakeholders in the economic development system – the Regional Municipality of Wood Buffalo, Fort McMurray International Airport, Post-Secondary Institutions, Government of Alberta, Indigenous and Rural Communities, Adjacent Economic Development Agencies, Federal Government, Tourism Industry Partners, Wood Buffalo Regional Innovation Network, GO Productivity (formerly Productivity Alberta), the Fort McMurray Chamber of Commerce – to differentiate our region, generate prosperity, and heighten the standard of living for our residents.

### Part D - Organization Questionnaire

### Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

WBEDC's divisional approach allows for value to be created between divisions, while paying keen attention to the overhead that is shared between them. Presently, WBEDC is structured with five (5) functional divisions, each with their own expectation of performance and accountability.

- Brand & Reputation
- Trade & Investment
- Tourism & Events
- StartUps & ScaleUps
- Corporate Services

Each division leverages public dollars to generate economic impact (direct expenditures) back in the RMWB community. Economic Impact comes through the attraction of new investment, new business growth, tourists/visitors, conferences/conventions, major events, talent/students and direct flights. WBEDC's operating and governance structure is scalable, creating a well-functioning platform for economic development priorities that can be started, matured and exited over a period of time. WBEDC provides the governance, leadership and coordinated support for such priorities as part of an efficient economic development system.

### Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

The Wood Buffalo Economic Development Corporation was created in Fall 2017 and is responsible for providing leadership to the economic growth strategy for the RMWB. As per our mandate, the Corporation will have specific accountability for the marketing, pursuit and sales functions of the following activities:

- Attracting new businesses and investment to RMWB
- Supporting existing business investment and expansion
- Developing a culture of entrepreneurship and innovation
- Building a sustainable visitor economy
- Attracting a diverse set of major events to the region
- Marketing and positioning the RMWB brand in targeted markets
- Activating under-developed real estate assets
- Encouraging the coordination of policies and strategies among stakeholder organizations

Specifically, the Corporation will contribute significantly to the following strategies from the RMWB's 2018-21 Strategic Plan:

Regional Economic Development, Strategy #3b – Business Attraction and Incentives Regional Economic Development, Strategy #3c - Regional Innovation Network Downtown Revitalization, Strategy #2a - Encourage Development in the Downtown

## Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

WBEDC is actively engaged with Provincial and Federal departments and programs that support Integrated economic development and tourism initiatives. Coordinated strategies and operating relationships are being developed between RMWB, Edmonton and Jasper to increase marketing, funding and resource leverage throughout northern Alberta.

It is anticipated that these funding partners will account for 15% of the budget, and approximately 33% of the budget will come from industry-supported or Internally-generated funding. More important than funding is the operating relationships required for Fort McMurray and the Regional Municipality of Wood Buffalo to enhance its brand positioning across the country, which is a key driver of visitation and investment.

Preliminary plans and relationships are in place to grow each of these revenue partnerships,
thereby reducing the overall percentage of funding that comes from the RMWB over time. The
WBEDC Board of Directors plays an important role in opening up these relationships at
fundamentally new levels, paving the way for stronger positioning of the entire region.

## Please explain any cost savings initiatives the organization has, or is planning, to implement:

WBEDC is in discussions with Fort McMurray Tourism to merge the two entities together under an integrated economic development model. This improves marketing leverage and coordination, and reduces overhead costs in ways that will improve the percentage of funding available for external programming. As well, WBEDC has created a unique relationship opportunity with Edmonton Economic Development Corp. to leverage higher quality industry and economic data, integrated tourism product development programs, digital imagery and brand development platforms and programs in the start-up and scale-up space. This approach allows WBEDC, along with its investment attraction and tourism mandate to operate with extended resources available, as opposed to having to develop 100% of the resources from local funds.

## What are the restrictions (if any) on becoming a member of your organization or participating in programs or services?

The YMCA of Northern Alberta specifies the following conditions on becoming a member of the Board:

- Each director must be 18 or more years of age and shall be in sympathy with the purposes and objectives of the Association.
- No employee of the Association may serve as a Director.
- Members of the Board of Directors must demonstrate their support with of purposes and objectives by contributing to our financial campaigns.
- Recruitment to the Board is done on a competency, skill and diversity basis.

# How often does the Board review the financial position of the agency? What efforts have been made in the past fiscal year to increase the number and types of financial support for your organization?

The Board of Directors and the Audit and Finance Committee review the financial position of our organization four times per year. Additional meetings may be arranged to discuss urgent matters. The YMCA Management Team is responsible for monitoring and managing the operating and financial position on a monthly basis. The Association has the ability to seek additional support in this area through its auditors – Grant Thorton LLP.

YMCA of Northern Alberta has a professional Fund Development Team that leads our Association in a variety of fundraising activities including, the annual campaign, major gifts, planned giving, events, sponsorship and grants from all levels of government, corporations and foundations. YMCA Strong Kids is the annual fundraising campaign for the YMCA. The Associations goal for 2019 is \$2,200,000. The annual goal is achieved through a collective effort of YMCA staff and volunteers who target YMCA members and members of the community for annual giving. Dollars raised through the Strong Kids Campaign go towards the YMCA Opportunity Fund which ensures no one is turned away from the YMCA due to financial limitations.

### Part C - Strategic Plan

The Regional Municipality of Wood Buffalo 2018-2021 Strategic Plan focuses on the vision of a vibrant, sustainable region we are proud to call home. It identifies four key strategic priorities to achieve this goal: Responsible Government, Downtown Revitalization, Regional Economic Development, and Rural and Indigenous Communities and Partnerships. The Community Investment Program aims to assist non-profit agencies to achieve the goals and objectives outlined in the Municipal Strategic Plan.

The Sustaining Grant subsidizes organizations to operate and maintain Municipally-owned assets and/or contribute toward the key strategic priorities identified above. Please indicate which category that is applicable to the organization.

### Part D - Organization Questionnaire

### What year did the organization complete its last strategic plan?

Our most recent Strategic Plan was approved by the Board of Directors in June 27th, 2017.

### Provide a brief overview of the organization's strategic priorities:

The YMCA of Northern Alberta's Strategic Plan focuses on responding to urgent challenges facing our communities that require immediate action through our identified "Calls to Actions" which include:

- Promoting health and wellbeing
- o Children under 12 are active and healthy
- o Adults experience optimal health as they age
- o Individuals and families are supported in meeting basic needs such as safe, affordable housing, income and nutritious food
- · Helping children, youth and families thrive
- o Children enter kindergarten ready for school
- o Individuals and families report and improved quality of life
- o Youth are healthy and engaged in their community
- Fostering belonging and connection
- o People are involved in and feel a sense of belonging to their community and each other
- o Ongoing collaboration between community organization and stakeholders to find effective solutions
- Providing opportunities for all
- o Individuals who demonstrate an inability to pay the full cost of membership or program are eligible for YMCA financial assistance
- o Our Y reflects the diversity of the communities we serve

### **Part D - Organization Questionnaire**

## Describe the elements, activities, or events of general operations that the organization is seeking this funding for:

YMCA of Northern Alberta is seeking support for general operations of the Westwood Family YMCA and the Eagle Ridge Centre.

Westwood Family YMCA, Health, Fitness and Aquatics

The Westwood Family YMCA is a Health, Fitness and Aquatics facility that has been providing quality programs and services that foster the growth of spirit, mind and body in individuals and families, since 1986.

For the past 32 years, thousands of children, youth and families in the Thickwood, Timberlea and surrounding neighborhoods have participated in and enjoyed the benefits of being a YMCA member or program participant. Individuals of all ages have the opportunity to connect and feel a sense of belonging, make healthy choices and reach their potential by becoming engaged in a wide variety of programs and services including: preschool, child and youth programs, aquatics, youth leadership development, adult fitness and lifestyle programming and many more. Eagle Ridge Community Centre (ERCC)

The YMCA of Northern Alberta was engaged by the RMWB to operate the ERCC. The ERCC consists of 2 multi-use spaces, a studio, 2 meeting rooms and a dedicated youth centre. The program offerings have focused on providing activities that include family participation, preschool and child activities, fitness classes, child minding, birthday parties, summer day camps and youth programs and activities. In addition to providing quality programs for participants, the YMCA also facilitates the community's access to the centre.

## Explain how the operations/programming will achieve the objectives of the Municipal Strategic Plan as indicated on page 4:

Research strongly supports the positive impact that quality recreation opportunities have on children, youth and families. A paper published by the National Children's Alliance summarizes the following positive benefits: \*Participation in recreation and physical activity is a significant influence in reversing the ever-growing trend of childhood obesity. \*Youth participation in recreation leads to decreased participation in negative behaviors. \*Participating in recreation activities not only improves health but also exposes children to positive role models and develops life-long skills. (http://www.nationalchildrensalliance.com)

Both the Westwood Family YMCA and the Eagle Ridge Community Centre provide strategic programs and services that benefit the community. Programs and services offered at both locations are determined based on community interests and needs.

The Westwood Family YMCA averages 460 facility users per day with a total of 8,327 pass holders in 2018 year to date and 125,830 accesses year to date. The facility serves over 711 children per week in swim lessons. In addition to private lessons, the YMCA offers 82 group classes each week for children as young as 6 months through to adults.

The Eagle Ridge Community Centre (ERCC) offers drop-in and registered programs for children, youth and adults. In addition to fitness classes and child and youth programming, the YMCA's Bridging the Gap and Wellness programs provide outreach support at the ERCC. The YMCA also works in collaboration with other community organizations to provide a variety of programs and services to meet the diverse needs of our community. An example is our partnership with the Wood Buffalo Food Bank who is offering a cooking program for seniors out of the ERCC Kitchen.

## Describe any other funding initiatives the organization has taken or is planning to implement to further support this request for Sustaining Grant funding:

YMCA of Northern Alberta has an annual marketing and communication plan that is focused on attracting new members and increasing member retention. In addition to these efforts, the YMCA Strong Kids Campaign raises dollars for the YMCA Opportunity Fund which ensures no one is turned away from the YMCA due to financial limitations.

The YMCA of Northern Alberta also seeks funding opportunities through all levels of government and corporate and foundation funding programs to support our programs and assets and increase our capacity to serve the community. This includes annual applications to the Alberta Lottery Foundation's Community Facility Enhancement Program and the Government of Canada's Federal Infrastructure program to help us meet our annual capital refurbishment needs.

## Please explain any cost savings initiatives the organization has, or is planning, to implement:

The YMCA management team reviews the financial position and operating budgets of each of our service areas on an ongoing basis to identify gaps in revenues and reduce costs where possible. The association is currently preparing for the implementation of a new online management registration system which we anticipate will reduce staffing costs as members and participants move to a more self serve model. The Westwood Family YMCA has been serving the community since 1986. The facility has aged to a point where significant renovations and infrastructure work must be done to extend the life of the building so that the Westwood Family Y continue to be a centre of community until a new north side recreation facility can be built. Cost savings initiatives from a facility perspective are not possible without significant work to upgrade the centre to as new. The YMCA has done considerable work in outlining the renovations that are required some of which are very urgent in nature. The YMCA has begun to work with RMWB administration to identify the infrastructure needs, solutions and proposed time-lines. This work will this work will allow Westwood to continue to serve the Community while also increasing energy efficiency.
