# 2018 Capital Project

<b>Project Name:</b>	<b>Migration of Bylaw Services to AFRRCS</b>		
<b>Reference No:</b>	<b>77</b>	<b>Sponsoring Department:</b>	<b>Planning &amp; Development</b>
<b>Description:</b>	<p>The province now has a two-way radio communications system known as the Alberta First Responders Radio Communications System. The RMWB can make use of AFRRCS at no charge until 2030 and the CAO has signed the access agreement recently. Bylaw has been informed that RCMP and RES plan to migrate to the new system and should work in collaboration to come onboard as well. Migrating to AFRRCS is also in line with KPMG’s Lessons Learned/2016 Horse River Wildfire Report Recommendations and OH&amp;S mandate. Not executing the project will leave Bylaw without an effective radio communications tool.</p>		
<b>Major Outcomes:</b>	<p>Bylaw will be able to continue to work with RES and RCMP and support their activities. Ensures safety of officers, and enables effective dispatch/operations.</p>
