

Capital Budget Request - DESIGN & CONSTRUCTION

Project Name **Firehall #5 Fall Arrest System** \$ **95,000**

Order Code _____ Project Location Gregoire

Project Category Machinery & Equipment Ward 1 - Fort McMurray

Type of Project New Asset - Construction Municipal Function 23 - Fire Protection

Project Description and Scope

This initiative is to design and install fall arrest protection system in the facility to support ongoing operations in the facility. The fall arrest cable system with 2 auto belays would be installed in bay #8 of the mechanics bays and would serve as safety tie offs for when the mechanics are performing maintenance work atop fleet vehicles that exceed 6' from finished floor surface. A similar system was recently install with success at the Anzac Fire Hall, and allows ready access and flexible maneuvering for the mechanics on site.
