

Capital Budget Request - EQUIPMENT

Project Name Unmanned Aerial Vehicle (Drone) \$ 46,000

Order Code Project Location Muni Wide
Project Category Public Safety Ward 5 - Muni-Wide
Type of Project New Asset - Acquisition and/or Instal Municipal Function 24 - Emergency Measures

Project Description and Scope

Small Unmanned Aircraft Systems (sUAS) are flying vehicles that do not have a pilot and are controlled remotely. They are also called drones or unmanned aerial vehicles (UAV's). For the purposes of this document the term drone and sUAS will be used interchangeably. The National Fire Protection Association (NFPA) 2400 - Standard for Small Unmanned Aircraft Systems (sUAS) Used for Public Safety Operations is being used as a benchmark for the RMWB Drone Project. The procurement and implementation of a drone will provide Regional Emergency Services a tool that benefits first responders and residents with enhanced situational awareness.

Project Cash Flows

Table with 6 columns: Year, Total Annual Cost, Federal Grant, Provincial Grant, Reserve, Other. Rows include 2019 & Prior, 2020, 2021, 2022, 2023, 2024, 2025, Thereafter, and Total Budget.
