Provide a description of the activity including any objectives and/or community benefit OR attach a brochure or activity outline (space continues on next page) :

The Athlete Enhancement Program (AEP) through the Alberta Sport Development Centre (ASDC) gives emerging athletes non-technical support to improve their sports performance.

AEP athletes receive the following:

- Direct guidance from performance professionals
- Access to a sports nutritionist
- Mental skills training
- Strength and conditioning coaching
- Opportunities to participate in the Experiences Program, which teaches athletes to apply exercise, nutrition and mental skills through practical learning exercises
- Clothing to wear during your training sessions

(continued from previous)

Describe how these short-term programs or activities are beyond the applicants' regular on-going training or instruction.

Professional trainers are an asset to improving a child's physical strength. The Alberta Sport Development Centre (ASDC) are aware of how to deal with injury management. Children learn leadership and attentiveness to instructors. We found last year completing this same training he was more agile and no injuries he knew how to stretch and had flexibility.

Accomplishments

Please provide a brief description of:

- applicants' accomplishments leading up to the qualification event; or
- how the applicant meets qualifications to compete, if not through a qualifying event.

The Hockey Super League was established in the winter of 2017 giving youth players an alternative option to Minor Hockey in Alberta. Oil City Hawks team was developed in 2018 in the fort McMurray community by a local parent wanting to provide an opportunity for players to participate in a privately-operated program that's goal is to develop high level hockey players and create leaders both on and off the ice. We believe that hockey is defined by the people who play game. We are not restricted by borders or boundaries.

This team has provided Andrew an environment to showcase and progress his individual skills within a team setting he is a leader on and off the ice. At the beginning of last years hockey season the opposing teams beat us with some very high scores with all our training and efforts made by my child, his team and partners at the end of the year they were competing on a very level playing ground. The opposing parents even made comments as to what a difference our team had made. Playing in other communitis gave the children an opportunity to be viewed by other teams, scouts etc. the oportunites for these children to shine are enormous and this could not be possible without this team.

Additional Information

Provide any additional information that may give a better understanding of your application during the grant review (optional).

As a parent we strive to provide our children with opportunity to do what they love. My son is a leader and treats everyone as his equal. He will take the younger team mates and help them adjust to the new style of playing a game they love. He has been with this team for 2 years now through try outs he has proven he is a hard worker and deserves a chance. He has since joined the Air Cadets of Fort McMurray to help increase his skills on and off the ice as a leader.

Andrew's father has been a coach for this team for 2 years. He played hockey all his life and is key in pushing these children to be the best that they can be. Andrew has two sisters (Rink Rats) which cheer him on and with the schedule provided by this team they are able to attend outside activities as well. I am proud of them all!

We would love to have an individual grant but if it is possible we would love to see the team succeed as well. Trying to find sponsorship with the economy today is proving to be extremely difficult. We would appreciate any help towards our kids passions!

Thank you,

Lori
