- Toni Elliott reported that the increase in user fees should have a minimal impact on seniors as they should be less than \$7.00 per month.

All other Action Items are ongoing, and updates will be provided at future meetings.

4.4. Organization Reporting

Carol Theberge reported that the Health Advisory Committee will be meeting with all the North Region's committees at the end of January.

Henry Hunter reported that Wood Buffalo Housing and Development Corporation are continuing to work with the Government of Alberta on the ongoing review of the Rent Supplement Program. He noted that during the review, there is a moratorium on any new tenants for the program; therefore, there are vacancies that cannot be filled until the review is complete. This impacts not only seniors and the unemployed, but those with low incomes who would otherwise not be able to afford a place of their own.

The Committee agreed that the moratorium and review of the Rent Supplement Program should be brought to Council's attention to start lobbying the Government of Alberta for answers.

MOTION:

THAT the Advisory Committee on Aging bring forward a recommendation to Council to lobby the Government of Alberta to expedite the review process for the Rent Supplement Program and provide information to impacted Municipalities as soon as possible.

RESULT:	CARRIED [UNANIMOUS]
MOVER:	Linda Mywaart
SECONDER:	Joan Furber
FOR:	Theberge, Mywaart, Furber, McGrath, Bussieres, Hunter, Blasius

Ingrid Blasius, Seniors Resource Centre, spoke about the challenges that seniors have with snow clearing and SMART Bus usage, and noted that there will be an electric bike available for the seniors to use this summer.

Joan Furber, Golden Years Society, noted that the new bus is a fabulous resource for the community and the drivers were trained by Municipal staff on all the features and the ramp operation. The bus will not operate if the temperature is minus 30 or lower as it is too difficult for the volunteer operators to be out in the cold for long periods assisting riders getting on and off the bus.

Luana Bussieres, Urban-at-Large, is working on Seniors Month, noting that although St. Aidan's Society has applied for a grant, it is a regional initiative that requires more stakeholders to be involved in the planning and execution of events.

4.5. Pulse Overview

Kelly Williams, Manager, Pulse, provided an overview of Pulse, which is the customer contact centre for the Municipality. It was noted that if a senior self-identifies when submitting a request to Pulse, then the information provided can be tailored to support the senior; however, due to the privacy legislation, that information cannot be requested by the Pulse operator.

Action Items:

- Deanne Bergey to arrange a planning session for next meeting to review the Committee's work plan and determine goals for 2020 and noted that the Committee should also review their Age Friendly Work Plan.
- Deanne Bergey will arrange for the Communications Advisor assigned to the Committee to attend a future meeting.
- Carol Theberge to report on statistical information when available (ongoing).
- Carol Theberge noted that the Health Advisory Committee has not had their first meeting of the year but will follow up with St. Aidan's Society regarding advocating for individuals requiring specialized medical services in the region rather than requiring travel to Edmonton (ongoing).
- Henry Hunter noted that the meeting with the Government of Alberta regarding the Rent Supplement Program has not happened to date and is anticipated to occur by the end of February (ongoing). Henry will provide statistical information regarding the program recipients to Administration in preparation for a presentation to Council.
- Melissa Williams follow up with Roads Department regarding the marking specific driveways and clearing of windrows for seniors and seniors lodging as well as the SMART Bus policies when she meets with them on January 17, 2020.
