Dear Sir /Madam,

Regarding: Reference Letter for Chess Player Ray Jiang (Date of Birth: May 9, 2010)

Thank you for the financial support we have received in the past. We value and appreciate the contribution from the RMWB tremendously! We sincerely hope that you will continue to invest in the youth and future of the Fort McMurray Chess Club (FMCC).

As President of the Fort McMurray Chess Club, I am extremely pleased to be able to recommend Ray Jiang for the 2018 Games Legacy Grant. I have known Ray only for about two years. I have had the opportunity to see him grow up peering at chess positions, when he was barely tall enough to see. Since he learned to play chess, he has performed with exceptional problem-solving skills for a person his age.

The Fort McMurray Chess Club is dedicated to providing training and development initiatives for chess players by means of introducing them to the deeper aspects of the game. We allow the players to learn at their own pace, always emphasising that they should always enjoy the sheer fun that this activity has to offer. Ray has distinguished himself as a very capable player. He is very passionate about the game and has spent hours hovering over chess boards, playing and studying.

More recently, in only his second provincial tournament (the Alberta Youth Chess Championships) he came in third. He was very proud of this accomplishment. It seemed to fuel his eagerness to learn even more. In April, 2018 his excitement and enthusiasm paid off; he achieved first place in the grade two section in the Alberta Chess Challenge. This annual competition is arranged by Chess and Math and usually takes place in Red Deer.

FORT MCMURRAY CHESS CLUB

At our annual awards night, Ray was also named the most improved player of the year. This was well deserved, not only due to the exceptional progress he has made; but also because of his ability to think on his feet and to consider each move carefully before executing it. He is outstanding at chess with exceptional tactics and analytical skills. It is inspiring to see how a small child, like Ray, can achieve the patience and analytical skills needed. He loves to be part of the FMCC and is usually seen bouncing around in his blue and yellow team colours.

With his excellent performance in Red Deer, Ray's experience will take him to the national 2018 Canadian Chess Challenge scheduled to take place in Newfoundland. He will be representing FMCC, Christina Gordon Public School, RMWB and the Alberta region. We are very fortunate to have him as a young player.. I am sure he will benefit tremendously from your support.

Should you have any questions concerning Ray Jiang, please contact me directly at 780-881-6856.

Sincerely yours,

Re: Travel Assistance for Ray Jiang

To Whom It May Concern,

I am writing to in support of a travel grant for Ray Jiang, of the Fort McMurray junior chess club. This spring, Ray had the privilege, along with teammate Johnny Burn, of being the first known players from Fort McMurray to earn a spot on Alberta's Chess Challenge team.

The Alberta Chess Challenge team is a collection of the twelve best chess players in the province (one from each grade.) The team is traveling to St. John's, Newfoundland, on May 19-21 to participate in the national event against the other provinces.

Ray was dominant in Grade 2, where he won all five of his games. He showed great improvement over his performance last year, and he has great potential to further developing his talents. Attending the national event in St. John's will only help.

As the Executive Director of the Alberta Chess Association, it's been my pleasure to witness the growth of junior chess programming in Fort McMurray over the last several years, and I am delighted that two Fort McMurray players are getting this opportunity. It is a testament to the Fort McMurray junior chess program that they have come this far in the last six years, and it bodes well for their future.

Thank you

LEGACY GRANT APPLICATION: NAOMI SLEE

May 6, 2018

To Whom It May Concern,

My name is Mark Chantaj and I am the head coach of the Fort McMurray Manta Swim Club (FMSC). Please accept this letter as an endorsement for Naomi Slee's application for financial support from the Games Legacy Grant for the 2017-2018 swim season as she attends National Level competition throughout Canada as a member of the Fort McMurray Swim Club.

Naomi is a dedicated athlete who amasses approximately 15 hours of training within 8-9 sessions each week in the pool and in the gym. She has recently been a member of Team Alberta on multiple tour teams which has her not only represent the Fort McMurray Swim Club but the community of Fort McMurray in general. She is a national finalist placing in the top 5 and top 10 at multiple National level competitions including the Canadian Junior Championships and Western Canadian Championships.

As with many other sports, as swimmers compete at higher levels of competition it becomes quite an expensive endeavour for the athlete's family. Any assistance that you can provide to complement Naomi's immense efforts to compete and represent the Wood Buffalo Region will be greatly appreciated by both her family and the Fort McMurray Swim Club. We are all hopeful that we can count on your support.

Kind regards,

To whom it may concern,

My name is Craig Ewashko and I am the current president of the Fort McMurray Swim Club. The Fort McMurray Swim Club is a local nonprofit organization that has been a grass roots development club for 3 Olympic swim team members and multiple International and National Level swimmers. Fort McMurray Swim Club has operated with an elected volunteer executive since 1971.

FMSC will be sending a young swimmer to the Canadian National Swimming Championships in Winnipeg at the end of July 2018. Naomi Slee has a commitment to training with FMSC which includes 25-30 hours per week of swimming and often travelling to competitions on weekends. She represents the top swimmers from the region and is representing the Regional Municipality of Wood Buffalo at a National Championship level and likely future International Competitions.

On behalf of the Fort McMurray Swim Club I would consider the FMSC and Naomi Slee as a candidate to receive a Games Legacy Grant. Please contact me if there any further questions.

Regards,

Swimmers are notified by a Doping Control Chaperone and are required to sign a notification form.

A Doping Control Chaperone will accompany the swimmer until released by the Doping Control Officer (DCO). Upon notification of testing and if necessary, the athlete may notify the DCO if they are competing in another event in the same session. In such cases, the DCO may direct that testing be carried out later in the session, provided a Chaperone accompanies and/or observes the Athlete at all times and until such time as the Athlete reports back to the Doping Control Station for testing.

Photo identification is required for doping control. Coaches are asked to instruct athletes to bring photo identification to competitions (i.e. driver's license, school identification, passport, etc.)

Doping Control Information

Athletes are encouraged to take the following steps:

- Check the Global DRO (www.globaldro.com) to determine if any prescription or over-the-counter medications or treatments are banned by the WADA Prohibited List.

- Review medical exemptions requirements (www.cces.ca/medical) if you require the use of a banned medication for a legitimate medical reason.
- Do not use supplements, or take precautions prior to doing so. Supplement products cannot be verified by the CCES or in the Global DRO. A lack of industry and government regulation makes it impossible to confirm their ingredients. Read more: www.cces.ca/supplements
- Review the steps of the doping control sample collection procedures: <http://cces.ca/sample-collection-procedures>

For additional resources and general information about anti-doping, please contact the CCES:

Westwood has attended Provincial Drama Festival for over twenty years. Our accolades have been numerous-students at Westwood have worked towards excellence in areas of: acting, directing technical theatre, playwriting and design. Westwood was last scheduled to attend the Alberta High School Drama festival on May 5, 2016. Due to the wildfire, this trip did not occur.

Additionally, being a part of a touring drama production has benefitted Westwood students over the years to inspire; learning, confidence, develop life skills, careers and vocations in the arts, driving many Westwood alumni careers as professional actors, directors, technicians, designers, film makers, writers & teachers working in the industry of the performing arts. Much of this motivation has been inspired from students experience of attending the High School One act festival at both Regional and particularly at the Provincial level.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

Attending the Provincial Drama festival benefits the westwood students(applicants) in the following way:

- attending workshops at the Provincial level gives students further training in their vocation, curricular and extra curricular field of the performing arts.
- students are able to expand their skills and share with others at our school and in our community.
- students are motivated to continue learning about script-based on what they have seen. Already students are talking about reading scripts ready for next year's festival-based on their recent experience
- students are more motivated to be involved in more theatrical activities at large ie community theatre, volunteer events. local improv. team, dinner theatre (all examples of Westwood students who have been inspired from attending Provincial Drama festival.

Additional Information

Provide any additional information that may assist in developing a better understanding of your application during the grant review (optional).

We are grateful for the opportunity to attend Provincial festival. The most arduous part of organizing a trip of this nature is transportation. With FMPSD rules and safety concerns, travelling in smaller vehicles such as SUVs has become almost impossible for small groups. This year we have a small group of travellers. Greyhound buses alone are \$12485 for eight people to attend RedDeer with additional cab costs and transportation of our Set and scenery.

A typical coach rental with driver is minimal at \$3700. We would love funding to help with transportation of this trip. Students have fundraised through out the year for other increment costs such as hotel and registration fees.

We appreciate any financial assistance that the municipality of Wood Buffalo can possibly provide.

Terri Mort

To whom it may concern,

My name is Stefan Young and I have been a teacher at Westwood Community High School for the past 5 years. Though in the classroom my focus is on English Language Arts I have a passion for theatre that started when I was a student here at Westwood. Many people face the same trials and tribulations that comes with being an adolescent trying to find their place in the world. The Cheepiak Theatre was a place of refuge for me where I was able to openly express myself and further explore the possibilities of who I wanted to become.

Many of the reasons I am successful in my classroom stem from things I was taught on stage such as proper diction, how to project, how to present confidence (even if you're not necessarily feeling it) and how to read your audience. I am lucky enough to have been able to return to a space I loved as a youth in a professional role and now get to observe the love of theatre being passed onto others. During my time at Westwood as a student I competed in the Regional/Provincial One Act festivals numerous times. This festival gives attendees the opportunity to not only spend time with their like minded peers but work with respected theatre professionals from all over Alberta. Students get to see the wide variety of what theatre can be and the opportunity to learn from individuals who have made big names for themselves in the industry.

I cannot express what a positive role theatre played in my life and how fortunate I am to now get to witness it doing the same for others. The Cheepiak Theatre here at Westwood Community High School acts as a vessel for individuals to explore their own potential whether that leads them towards a life on the stage or not. These opportunities for the students to travel and showcase their hard work is for some life changing, as it was for me. Thank you for taking the time to read this today, if you have any further questions I can be reached at stefan.young@fmpad.ab.ca

Kindest regards,

RE: Support for Application for Games Legacy Grant-Westwood's Cheepiyak Theatre Company

Dear Selection Committee,

It is with great pride that I write to you with the hopes of encouraging your support for the West Wood High School Drama students and their trip to the 2018 Alberta Drama Festival (ADFA) Provincial One ACT Competition.

My name is Michelle Thorne and I am a professional theatre artist currently working on a Masters of Fine Arts Degree in Directing for Theatre at The University of British Columbia. Before my acceptance into this extremely competitive program I was the co-founder and Artistic Director of "Theatre; Just Because" in Fort McMurray, and I attribute both of these achievements and more to the education I received in the dramatic arts program at West Wood High School. Of all the amazing opportunities I received as a student at West Wood, it was my participation in the annual regional and provincial One Act competitions that prepared me best for my future as a professional Theatre Artist.

The benefits from this experience that these fortunate students will gain and take with them into adulthood is tenfold, and will not only effect their development in a positive fashion, but will positively impact West Wood High School and their entire community within The RMWB. The students return home from these festivals with a sense of pride, accomplishment, and security within themselves as they move into adulthood. These feelings are contagious to their peers, and help create a well balanced community within and outside the school walls.

Of all the theatrical endeavours educator Teri Mort leads her students through, participation in the ADFA Festival has the most substantial influence in their professional development as Canada's next generation of skilled theatre artists.

Participation in the ADFA Festival requires dedication, maturity, and an outstanding work ethic and commitment from the students. These students will direct, act in, design, stage manage, and in some cases, write the plays that they present in the Festival. As Canada is known as the leading country for Fringe Theatre (an experience which is emulated at the ADFA Festival), the students who participate in the festival will be entering their post secondary training, or professional careers with a major leg up on their competitors. For those students who do not wish to pursue theatre arts as a career, participating in this festival is an incredible opportunity

to bond and work with their fellow students, to act as trusted leaders among the student body, and to leave their high school years with cherished memories.

The arts have been the unsung hero of the Regional Municipality of Wood Buffalo for many years. Since returning home after the wildfires in 2016, this has been shown even more so. The lively and eclectic arts scene proves that The RMWB is so much more than just an "oil town". This is a community that encourages and supports all its members, and I hope that The RMWB Legacy Grant selection committee will reflect this support by funding the West Wood theatre students.

These students, and the entire community of Fort McMurray is blessed to have an educator and leader like Teri Mort supporting our youths.

It would be a pleasure to discuss my reasoning's for my support of this grant being awarded to West Wood high school for the costs associated with their participation in The ADFA Festival at your convenience.

Yours,
Michelle Thorne

AHSDFA Provincial Festival Description: The AHSDFA (Alberta High School Drama Festival Association) Provincial Festival is a One Act Play Festival that celebrates the excellent theatre that is happening from around Alberta, in our High Schools - Public, Catholic, Private, and Charters. In April, schools from around the province participate in zone festivals (their local areas), then the Outstanding play(s) chosen by an adjudicator is produced at Red Deer College to showcase the work on the Provincial Festival stage.

AHSDFA Mission: To promote interest, involvement, and development in all phases of drama and theatre for students and teachers in Alberta high schools through the sponsorship of annual drama festivals. It is to be understood that all involvement in AHSDFA sponsored festivals - Zones and Provincial - is for the betterment and development of students and that all involvement will be underscored with integrity, flexibility, and cooperation.

Productions will find this out during their adjudication period and it will be announced at the awards ceremony as such: "At this point, this school did not meet the time limit as set out by the Provincial festival".

BOH manager and Festival Stage Manager reports each One Act play run time, on headset. Shows will be videographed from the tech booth, as backup evidence of run times.

One act plays can be musicals, dramas, comedies, student written work, published and non-published work, collective creations, etc., as long as a script is provided to the adjudicator by the submission date (information provided upon registration).

Students involved: AHSDFA performers/ technicians must be registered in high school. This may be grades 9-12, depending on the high school. Non-high school students may perform if prior permission is granted by the Provincial president, but only in exceptional cases.

General Information and FAQs:

When will we receive the formalized schedule for the festival (with performances/tech times)?

- If you are a performing group, you will receive your tech rehearsal time and production time schedule during the week of April 30, prior to your arrival. Due to the date change, some zone festivals are being held the weekend prior and will need to submit information later than usual. Please be patient with the schedule arrival.
- If you are participating as an audience member, you will receive an email confirmation and tentative schedule upon receiving your registration form
- At the festival, all participants will receive a finalized schedule of events, complete workshop descriptions and a map of the campus.

Is the schedule “set in stone”?

Every attempt will be made to run on schedule, however, we must all be aware of variables and intangibles. The focus of the festival is to share our work with one

another and to maintain the integrity of the participants, the playwrights and the productions. If, for whatever reason, we are not able to stay on the exact schedule, **we will all have to make efforts to be co-operative.**

Banquet/ Dance:

There will be a banquet for everyone at the festival.

- Saturday, May 5
- 6pm
- Food is served
- A DJ is hired for students to dance
- Most people “dress up” for this experience in semi-formal wear

Awards Ceremony:

There will be an awards ceremony following the banquet.

- After the banquet
- 8pm start
- Awards are given to tech, directing, and acting
- No “outstanding” or “winning” production is named
- This usually lasts about 120-150 minutes

Is there a “winning play” chosen at the Provincial Festival?

No. This festival is a showcase of all the best productions in Alberta. A significant number of awards including honourable mentions are available in the following categories: acting, directing, ensemble work, playwriting, song/instrumental performance and various technical theatre areas such as stage management, set design, lighting and sound. Awards and certificates of achievement will be presented. The categories and number of awards in each category will be determined between the Artistic & Technical adjudicators and the AHSDFA Directors and President.

Qualifying Requirements / Prequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/ tournament / competition (Attach copies of official documentation with the application).

All youth chess players who competed at the Wood Buffalo Regional Youth Chess Championship qualified to play at the Alberta Chess Championship.

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

Fort McMurray Chess Club had representatives at the Alberta Chess Challenge every year. We had few success stories in the last 4-5 years with youth player in the top 5 in few sections. This is as a result of the substantial training the kids receive throughout the year by a coach from Edmonton who is coming twice per month to Fort McMurray.

Here are some of our successes at the last AYCC 2018 :

Johnny Burn taking 3rd place in Section U-18

Ray Jiang - 3rd place in Section U-8

Shawn Jiang - 4th place in Section U-14

Manish Shetager - 4th Place in Section U-12

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

The number of youth chess players in Wood Buffalo Region is growing and Fort McMurray Chess Club is working hard to promote chess even more because of the benefits of chess on the kids. Chess has the benefits of increasing cognitive perception, reasoning capability and it will also heighten the children's ability to concentrate on a particular task and/or function. In addition, chess teaches responsibility, planning, social skills and how to be a good sport. Winning and losing is a life lesson that every child must learn in order to integrate effectively into society and groups responsibly with an excellent attitude.

To really benefit from chess you need to go deeper and taking part in high class tournaments is crucial for the development of a chess player. Taking a part in a Provincial Youth tournament like the Alberta Youth Chess Championship (AYCC) brings a lot of interest, it inspires youth to raise the bar and work hard to get better.

We have few families that were not able to travel due to lack of fund to pay the travel expenses.

The financial support we have received from RMWB in the past few years has being crucial providing boost with the payment for the bus.

It is important that we all travel together as a team in addition to the fact that this is the safest way to travel in the winter months.

Fort McMurray Chess Club (FMCC) – Youth Group competes in the Alberta Youth Chess Championship each year. This is the largest annual Youth Chess tournament in Alberta.

The kids worked hard since the beginning of the season, preparing themselves to compete in the tournament, held in Calgary this year.

It is important that we all travel together – kids and parents – to build a team.

Travel by a bus is a safety issue especially in the winter months. It is much safer for the parents and players to travel in one bus than drive individual vehicles.

Chartering a bus is very expensive and on top of this there is the cost of hotel, food , entry fees etc.

If you can pay a portion of the bus cost it will be a great help to all the Chess families who attended.

Thank you,

You need to study hard to go deeper into chess and very importantly - take part of high level tournaments if you really want to benefit from chess. Playing at high level tournaments is crucial for the development as a chess player.

Taking a part of a Provincial Youth tournament like Alberta Youth Chess Championship (AYCC) boost the competitive spirit, inspire youth to raise the bar and work hard to get better.

We have seeing a great improvement in our players in the last few years who are now some of the top players in the province:

Johnny Burn took 3rd place in Section U-18

Dear Ms. Russell,

Regarding: 2018 Games Legacy Grant

Qualifying for the Provincial Alberta Youth Chess Championship

Thank you for the financial support that we have received in the past. We value and appreciate the contribution from the RMWB tremendously! Without your generosity, it would be very challenging to support our players to go to this important provincial tournament. We sincerely hope that you will continue to invest in the youth and future of the Fort McMurray Chess Club (FMCC).

As President of the Fort McMurray Chess Club, I am pleased to present you with the information required to complete our application for the 2018 Games Legacy Grant.

This communication confirms that all the local chess players who have participated in the Fort McMurray Youth Chess Championship, have qualified to enter the provincial Alberta Youth Chess Championship. This eligibility criteria is set to confirm that each player has mastered the game of chess on a deep enough level to be a contender at the provincial level.

Travelling as a group to the provincial tournament has been a wonderful experience; especially for team building and for camaraderie. Because this tournament was so far away from home, and scheduled during the harsh winter time, families were elated to not have to endure the harrows of winter-driving and travelling by car.

Should you have any questions concerning the content of this communication, or if you require additional information, please contact me directly at 780-881-6856.

Sincerely yours,

FOIP s.17(1)

Re: Grant - RMWB - Drew and Ellie Germain

I have had the opportunity to watch and be with Drew and Ellie Germain since the first time they got up on waterskies. I remember that first day that they and my own boys learnt how to waterski, it was a huge milestone and a very exciting day for me as a parent.

It is a source of pride that in a few short years, since that day, Drew and Ellie have reached another milestone in waterskiing and have qualified and competed in Alberta Provincials and Canadian Nationals in all 3 waterski disciplines. The disciplines are Slalom, trick and jump.

Early in the morning, I look out at the lake and see Drew and Ellie are already training and getting ready for the next competition. Sometimes it is raining or cold and miserable but they are still out on the lake skiing. They show amazing dedication and commitment to improving in the sport.

The next time I'm with them, they always want to show me a new trick that they are working on or another slalom pass that they can completed at faster speed. The dedication to the sport is unmatched; they have been in the water at+ 1 Temps still practicing; that shows me they are committed!

Drew and Ellie Germain do this without the support of a local association or without any access to coaching in our community. They also have the added challenge of competing against other Canadians that moved to warmer climates in Florida, Texas, and Arizona. Yet, even in our colder climate with a shorter waterski season, they find a way to remain competitive.

To have Drew and Ellie represent Fort McMurray and the Regional Municipality of Wood Buffalo at 2015 Waterskiing Nationals in Sherbrooke Quebec sends another positive image of region. It shows that we are more than oil, we have young athletes that excel. The announcer call outs "Our next skier, all way from Fort McMurray in Northern Alberta, competing at their first National Championship" That type of publicity cannot be matched by any advertising campaign. As a community we should support this type of athletic achievements because it serves as catalyst to change the perception of our community.

Drew and Ellie our great ambassadors because they're proud to be born in our region and proud to call Fort McMurray home. They are always polite, well spoken, and compete with sportsmanship and proficiency.

Please accept this letter of support for Drew and Ellie Germain to receive funding under the Grant program. I would support any funding that will help them attend training outside of our region or attend competitions. Maybe someday with the right support they could represent Fort McMurray and RMWB at PanAm Games or a world championships in waterskiing.

Let's give them the opportunity.

Dear Ms. Russell and Selection Committee Members,

**RE: Letter of Support for Drew Germain
Games Legacy Grant**

It is with enthusiastic support that I would like to write a letter of recommendation for a very promising athlete in towed water sports: Drew Germain.

Drew is a nationally qualified athlete in water ski, competing in all three events in our sport: slalom, trick, and jump. This season Drew attended early season training at Bennett's Ski School to further refine his skills. He attended the training April 2 - 6 & April 23 - 27. Drew was selected as a member of the 2018 WSWA Junior Water Ski Team, and he received \$200 from the association towards this training opportunity.

Drew recently competed at the 2017 Canadian Water Ski National Championships in Calgary from August 10 to 14. In this competition he placed 4th in Trick with 780 points in the Boys u14 category. Drew received a fifth place finish in Slalom with a season best of 4 @ 55 kmh and had a personal best jump of 11.3 metres.

We believe that the extra training received at the Bennett Ski School contributed to Drew's successful competitive season this past year. We hope that you can join Water Ski and Wakeboard Alberta in helping us to fund this promising young athlete. Drew continues to progress and improve and his development as an athlete in the sport of Water Skiing is certainly a result of the support received from the Games Legacy Grant.

Kind regards,

Re: Grant - RMWB - Drew and Ellie Germain

I have had the opportunity to watch and be with Drew and Ellie Germain since the first time they got up on waterskies. I remember that first day that they and my own boys learnt how to waterski, it was a huge milestone and a very exciting day for me as a parent.

It is a source of pride that in a few short years, since that day, Drew and Ellie have reached another milestone in waterskiing and have qualified and competed in Alberta Provincials and Canadian Nationals in all 3 waterski disciplines. The disciplines are Slalom, trick and jump.

Early in the morning, I look out at the lake and see Drew and Ellie are already training and getting ready for the next competition. Sometimes it is raining or cold and miserable but they are still out on the lake skiing. They show amazing dedication and commitment to improving in the sport.

The next time I'm with them, they always want to show me a new trick that they are working on or another slalom pass that they can completed at faster speed. The dedication to the sport is unmatched; they have been in the water at+ 1 Temps still practicing; that shows me they are committed!

Drew and Ellie Germain do this without the support of a local association or without any access to coaching in our community. They also have the added challenge of competing against other Canadians that moved to warmer climates in Florida, Texas, and Arizona. Yet, even in our colder climate with a shorter waterski season, they find a way to remain competitive.

To have Drew and Ellie represent Fort McMurray and the Regional Municipality of Wood Buffalo at 2015 Waterskiing Nationals in Sherbrooke Quebec sends another positive image of region. It shows that we are more than oil, we have young athletes that excel. The announcer call outs "Our next skier, all way from Fort McMurray in Northern Alberta, competing at their first National Championship" That type of publicity cannot be matched by any advertising campaign. As a community we should support this type of athletic achievements because it serves as catalyst to change the perception of our community.

Drew and Ellie our great ambassadors because they're proud to be born in our region and proud to call Fort McMurray home. They are always polite, well spoken, and compete with sportsmanship and proficiency.

Please accept this letter of support for Drew and Ellie Germain to receive funding under the Grant program. I would support any funding that will help them attend training outside of our region or attend competitions. Maybe someday with the right support they could represent Fort McMurray and RMWB at PanAm Games or a world championships in waterskiing.

Let's give them the opportunity.

Dear Ms. Russell and Selection Committee Members,

**RE: Letter of Support for Ellie Germain
Games Legacy Grant**

It is with enthusiastic support that I would like to write a letter of recommendation for a very promising athlete in towed water sports: Ellie Germain.

Ellie is a nationally qualified athlete in water ski, competing in all three events in our sport: slalom, trick, and jump. This season Ellie attended early season training at Bennett's Ski School to further refine her skills. She attended the training April 2-6 & April 23 - 27. Ellie was selected as a member of the 2018 WSWA Junior Water Ski Team, and she received \$200 from the association towards this training opportunity.

Ellie recently competed at the 2017 Canadian Water Ski National Championships in Calgary from August 10 to 14. In this competition she earned the bronze medal in Trick with 660 points in Girls u14, a silver medal in Jump going 11.7 metres, and a 5th in Slalom going 4 @ 49 kmh and was awarded Silver Overall Girls u14. Ellie recorded a personal best trick score of 990 points in 2017.

We believe that the extra training received at the Bennett Ski School contributed to Ellie's successful competitive season this past year. We hope that you can join Water Ski and Wakeboard Alberta in helping us to fund this promising young athlete. Ellie continues to progress and improve and her development as an athlete in the sport of Water Skiing is certainly a result of the support received from the Games Legacy Grant.

Kind regards,

Event / Tournament / Competition Details:

Tournament 12 (T12) is a national amateur baseball tournament held at Rogers Centre each September. The sixth annual tournament will be held September 14-17, 2017. The goal of T12 is to provide a showcase opportunity for the best 160 amateur baseball players born in Canada, with college eligibility. T12 acts to centralize the best Canadian baseball players, with the intention of exposing them to as many pro and college scouts as possible. Simply put, the Blue Jays Baseball Academy's intention is to provide a platform that both highlights and markets the high level of amateur baseball talent in this country.

Baseball Hall of Famer Roberto Alomar will act as the tournament commissioner and will receive assistance from his father Sandy, along with Blue Jays alumni.

Player Eligibility:

Amateur baseball players who are between the ages of 14-19 (as of September 1 of current year) are eligible. If a player is selected to participate in T12.

Qualifying Requirements / Prerequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/ tournament / competition (Attach copies of official documentation with the application).

Thank you for registering for the Okotoks T12 Tryout being held on Monday, July 10 at 11:00 am (please note the time) at Seaman Stadium (256 Don Seaman Way, Okotoks, AB T1S 1A5). The tryout will consist of a 60 yard dash, defensive drills and batting practice for position players and a bullpen for pitchers.

T12 is not only looking for professional prospects, as evaluators are looking for players that have the ability to play baseball at the next level (Professional, D1, D2, D3 or Junior College). We also put a strong emphasis on recognizing the potential top players in each class and exposing them to the showcase as early as possible.

During the tryout, each player will be evaluated on the different baseball skills by the Blue Jays Academy and Scouting Department. T12 Rosters will be announced in August.

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

Highlights: Has represented Alberta on 5 different occasions at the National level. Justin lead Team Alberta at the 2017 Canada Summer Games with 11 hits and a .423 batting average. At the 2017 T12 Tournament held by the Toronto Blue Jays Baseball Club, Justin had a tournament leading on base percentage of .714

Achievements: 2014 Alberta Peewee AAA Player of the year. Bronze Medal at the 2017 Canada Summer Games, and a T12 selection.

Volunteer: Justin also takes the time to volunteer with the younger players in the association.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

Justin had a bit of a set back a couple years ago with a baseball injury in the beginning of May 2015 which caused him to miss two seasons of Baseball. Two surgery later and a lot of hard work Justin was back in 2017 for his first year of Midget. Making the Canada Summer Games Team, being invited to play with Parkland Twins in Nationals and making the T12 team were very beneficial to Justin and it shows him hard work and determination does pay off in the end. Injuries are part of sports and Justin's determination to get back in the game and back to the highest level is an encouragement to other players that anything is possible.

Justin's dreams are to play at the next level so making these teams and getting invitations from other organizations helps him get exposure to colleges and scouts.

Having players compete at a higher level is a great representation to the Community.

Additional Information

Provide any additional information that may assist in developing a better understanding of your application during the grant review (optional).

Justin also attended other events that were outside of the time frame and due to him making these teams in June and July which had much greater costs that we incurred. He was invited to the play with the Parkland Twins for Nationals. Costs he incurred their were flights, transportation and meals. The cost for that was \$1200 but I am not sure how to record that on this form. He also made the Team Alberta for the Canada Summer Games. Again these teams are not selected until after tryouts in June and then they travel July and August. If someone could contact me to discuss further please.

Thanks
Danylle Breen

To Whom it may concern:

I am Allen Cox, Head Coach of the Okotoks Dawgs Academy. I have been Academy Head Coach for three years now and have been with the program for 6 years. I have been Coaching Baseball for the last 25 years of my life. I have been involved with several players who have continued on to pursue their careers in many different areas including baseball. I am writing you today about a certain individual, Justin Breen.

I have known Justin for 4 years now and believe him to be one of the best athletes I have come across. Justin has had to watch his teams play without him for two years after a knee injury that kept him out of baseball. I watched him help out his teammates by picking them up with his great attitude and team first spirit. He was player of the year before the injury and now has come back to become arguably the best player in the league. I have coached against Justin for the last 2 years since his return and we have full conversations while coaching 3rd base. He has a great attitude when doing well, also when struggling, which isn't very often.

I also had a chance to coach Justin in the biggest tournament in the country. The name of the tourney is T12. It is the best players around the country coming together to play in Rogers Centre. Hall of Famer Roberto Alomar and the Toronto Blue Jays host this unbelievable event. Justin was the team leader both on and off the field. His peers look to him for guidance in both areas. He is one of the top character guys I have ever coached.

In closing I would love to say that I have enjoyed Justin Breen as a player, and more important as a person. He has a great family who will always be his support group. I think I say it for our Academy and Staff that I give full recommendation for this young man. I am open for further discussion about Justin if needed. You may contact me at any time.

Re: Reference Letter for Justin Breen

To Whom It May Concern,

My name is Chris Myers and I am the head coach of the Midget AAA Oil Giants which are a part of the Fort McMurray Minor Baseball Association. Please accept this letter of endorsement for Justin Breen's application for financial support from the Games Legacy Grant for the 2017-2018 baseball season in which he represented Fort McMurray on multiple Team Alberta teams throughout the country.

Justin is a dedicated athlete that puts ample time in the weight room, classroom, and practice field to become a finely-tuned athlete and well respected young man. He has been able to attend Alberta Summer Games and play on Team Alberta on a trip to Toronto for T12's. He was also invited to go to Phoenix to play on the Milwaukee Brewers Scout Team. He is now being recognized as one of the top players in Alberta for the grade 11's and will have a good chance to go to college in the United States on a baseball scholarship. On top of all of his accomplishments he is a better person that brings the best out of his teammates and expects a championship level effort. It is a privilege to be able to coach an athlete like Justin.

As with many other sports, as baseball players compete at higher levels of competition it becomes an expensive endeavour for the athlete's family. Any assistance that you can provide to complement Justin's efforts to compete and represent the Fort McMurray region will be greatly appreciated by the Fort McMurray Minor Baseball Association and his family.

This year I am also attending Judges camp and will travel to Washington in June to go to a 4 day camp. At Championships I will assist in building courses to use my newly acquired skills as a judge and again bring back knowledge to the McMurray Active Canine Club.

Only a few Canadians attend championships each year. This year approximately 15 Canadians are planning on attending in 2018. I am the only one who has attended Championships from this region.

I will be traveling down by vehicle pulling a 5th wheel and will camp on site to reduce hotel costs.

Dear Sir/Madam,

RE: NADAC Dog Agility Championships – Games Legacy Grant

Please accept this letter in support of Koralee Samaroden's application for the Games Legacy Grant to attend and participate in NADAC Dog Agility Championships. I am proud of the initiative that Koralee has taken to be a part of the sport. Her dedication to developing as a trainer through ongoing education and participation is inspiring. Her commitment to the sport is apparent in the work that she does to develop healthy, active agility dog/owner partnerships within our region. The skills and knowledge that she gains in attending and competing in Championships is of enormous benefit to me, my dog, and so many others in Wood Buffalo.

As a coach, Koralee brings a wealth of information to the region on the sport that would not be in place without her ongoing enthusiasm and commitment. I provide my full support for Koralee's application and I wish her the very best in the upcoming competition.

Sincerely,

Re: Games Legacy Grant for Koralee Samaroden

Dear Community Investment Program:

I am writing this letter in support of my fellow agility competitor and instructor. Koralee has been instructing agility in Fort McMurray for 14 years and is continuously attending seminars, training camps and competitions to better her skills as an instructor to the agility community in McMurray. In 2018 she will attend her 6th North American Agility Council (NADAC) Championships. In order to attend Championships Koralee was required to earn enough points to qualify.

As a fellow competitor and member of McMurray Active Canines, it is important that we continue to have knowledgeable individuals that can teach the latest techniques for training our dogs in the sport of agility. Koralee has this experience at a high level and is able to take her learnings and experiences and teach the rest of us.

As a group of individuals that compete in a sport with our canine companions it is important that we continue to learn the newest techniques and tactics in this sport.

Sincerely,

FOIP s.17(1)

Whether you decide to come or not we would still like to say congratulations yet again, it is no small feat to meet the requirements to go.

Sincerely,

2018 Championships Qualification and Info Sheet

The Qualifying period for Championships is August 1st, 2017 through July 31st 2018

Elite Level Qualifications

1. At least 100 points must have been earned in the current qualifying year from the Regular Agility class at the Open or Elite level.
2. At least 40 points must have been earned in the current qualifying year, at the Open or Elite level, in each of the Jumpers and Chances classes.
3. If a dog is 9 or older on the first day of Championships they **MUST** enter the Veterans division. If a dog is 10 or older on the first day of the Championships, then they **MUST** enter into the Double Digit division.
4. Dogs **MAY** enter the Veterans division at age 7 if they wish.

What To Expect in the Elite Divisions:

- Longer courses. The average length of courses will be in the 22-24 obstacle range, with some rounds going up to 28 obstacles.
- Consistently challenging design. While all NADAC courses have some element of difficulty, some may be easier (for certain dogs and handlers) than others. At Championships, the courses will all lean more towards the more difficult.
- Full set of obstacle challenges in each round. While some rounds do have a theme, such as the Jumpers round or Touch n Go round, each and every round will generally have the full set of equipment tests on course.
- Distance tests. These tests are **NOT** bonus lines. But they will typically be a sequence of 2-5 obstacles where you are required to stay behind the line, similar to Chances. This line will be anywhere between 10-20 feet away from the farthest obstacle in the test.
- If the handler successfully completes the distance challenge, they will be awarded 10 bonus points

Pre-Elite Qualifications

1. At least 100 points must have been earned in the current qualifying year from the Regular Agility class in Intro, Novice, Open or Elite, with the exception that a dog entered in Pre-Elite cannot have earned more than 100 points in Elite Regular in their lifetime up to September 15, 2018. If a dog earns more than 100 points in Elite Regular, then their entry will be switched to the Elite level.

What to expect in the Pre-Elite Divisions:

- Courses similar to an Elite level challenge. Dogs should be comfortable doing a full set of 12 weave poles, multiple contacts and challenges comparable to an Elite level course on a normal weekend. In the themed runs, such as the Jumpers round or the Touch n Go round, there may be more repetitions of certain obstacles than on a regular weekend, though never more than 12 poles at one time.
- Shorter courses than the Elite Division. The Pre-Elite course typically has changes from the Elite course. These changes can be either a reduced number of obstacles, or reduced challenge, or both. There will be no distance test at the Pre-Elite level.
- Larger groupings. Because Pre-Elite is not the main event we do not split up the groups like we do for the Elite division. There are only 4 divisions: Large, Medium, Small and Mini. The only other added division may be if we have enough Junior Handlers in Pre-Elite to make a group. Pre-Elite should be viewed as an opportunity for dogs that aren't quite ready for the main event to still get a chance to experience the environment and camaraderie of the event.
- Pre-Elite ribbons and overall awards are smaller than the Elite Divisions (but still pretty darned nice!).

Scoring for both Elite and Pre-Elite:

- Scoring is done on a time plus faults system. Each round will have a base number of points that everyone starts with. For this example we will use 150 as our base number. When your dog runs their time and any faults incurred will be subtracted from this number. So a dog that ran in 25.00 seconds with 10 course faults would have a score of 115.00. This score is what determines your placement in your division.

- The base number changes depending on the length of the course and the challenges involved. A more challenging course that takes a longer time to run gets a higher base number, while a simpler course that runs very quickly gets a lower base number.
- If the Pre-Elite course is shorter than Elite, they will start with a lower base number to reflect the shorter course
- **Only** the top 33% of each division goes to the finals round, based on the cumulative scores of the first 7 rounds.
- The winner of each division is whomever has the highest score over all 8 rounds combined.

PROCEDURES

Registration & Events

All events are Open, meaning anyone may compete from any geographic area. 'Bye' positions are Awarded to the 1st Place finishers in each Category from the Region into the FireFit Championship Finals. A precise definition can be found on each Events Information Page Link located on the current years Schedule.

Teams are urged to sign up early as in many cases Events fill to capacity and the Registration has to be closed. All members on a team must be from the same department. Registration will be through our On-Line Registration System (via the FireFit web site). Teams should be registered a minimum of four (4) weeks prior to event in order to avoid late registration fees.

A team or individual is considered to be registered upon completion of the On-Line Registration including payment. Payment may be made by Visa, or Master Card On-Line Purchase Order is also accepted but please ensure you have your Department or Cities Purchase Order # before starting the On-Line Registration.

When registering On-Line the system automatically creates an Invoice which should be printed for Departmental / Union / Sponsor reimbursement.

Acknowledgement of your registration will be sent via Email and can be viewed On-Line from the Event Page by clicking on the Who's Coming Link. The 'Who's Coming' Page is a great tool for those using PO's as you will be able to see if we have received your payment.

Refund requests, in the form of a credit, will be honored 14 days prior to competition; thereafter no refund.

The Waiver and Release form must be signed by every competitor prior to participation. The form stipulates that this is a "drug free" competition; by signing the form competitors acknowledge they are not using any performance enhancing or illegal drugs. You will receive & complete the waiver the evening prior to the event. In order to practice on the course this form must be completed. In some cases it is necessary to pick-up passes to get onto Fair & Festival Grounds where the Event is being held so it is important to make arrangements for someone to be at the Registration Confirmation.

FireFit will prepare confirmation documentation which must be verified by a team member at the Registration Confirmation held at the event site the night before each competition. Changes can be made at this time so that the Start List can be prepared for the following morning.

The start order is created by FireFit and will be posted the morning of the Event. We do our best to match those competitors who have never raced before against each other. Competitors with times will be matched against those with similar times. The Fastest competitors will run at the end of the day.

Things you Need to Know

All competitors should check the Event Information Page, for which they will be attending, to confirm what time they should be on site on the day of Competition. They should also check the 'Who's Coming' link on this page to ensure they are registered in the correct Events and Categories.

Substitutions due to injury, transfers, illness, shift changes are permitted. Please inform FireFit as soon as you know that there is a change to your Registered Competitors so that the update can be made prior to Registration Confirmation the evening before the event. Substitution within a team that has qualified for the FireFit Finals are allowed, provided that at least 3 of the original members are still on the team and the substitute is from the same department.

Each competitor will be assigned a number which will match their Start Order # and will be attached to the Scott AirPak that they will use.

Team times are calculated by taking the three fastest competitors times on the team and adding them together. This becomes their Team Time.

All equipment worn must be NFPA approved structural firefighting equipment, this includes boots, gloves, helmet, turnout pants & jacket. Liners must remain in your bunker gear. Competitors found not using NFPA approved gear will be disqualified. Hoods and shields are not required.

Team Members must stay OFF the course when they are not competing.

Concerns regarding penalties will be resolved with the Course Marshal and the Referee's.
Awards

Competitor Packages are picked up from the Registration Area in most cases at the time of Registration Confirmation. Competitor Packages include an Event T-Shirt for each team member. Team members who do not compete do not receive T-Shirts. Items not claimed on the day of competition can NOT be sent to competitors, but arrangements may be made to pick them up at future events.

Pins will be awarded to competitors with the following times: Bronze: Under 4 minutes, Silver: Under 3 minutes, Gold: Under 2 minutes 30 seconds, Sub 2 Pin: Under 2 minutes Sub 1:40 : Under 1 minute 40 Seconds & Under 1:30 : Sub 1minute 30 Seconds. Re: Travel Assistance for Johnny Burn

To Whom It May Concern,

I am writing to in support of a travel grant for Johnny Burn, a member of the Fort McMurray junior chess club. Johnny, along with teammate Ray Jiang, had the privilege of being the first known players from Fort McMurray to earn a spot on Alberta's Chess Challenge team.

The Alberta Chess Challenge team is a collection of the twelve best chess players in the province (one from each grade.) The team is traveling to St. John's, Newfoundland, on May 19-21 to participate in the national event against the other provinces.

Johnny won his spot the hard way at the provincial championships - going through multiple tiebreaking games before being declared the Grade 12 winner. Among the players he defeated was last year's champion.

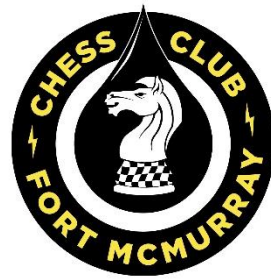

As the Executive Director of the Alberta Chess Association, it's been my pleasure to witness the growth of junior chess programming in Fort McMurray over the last several years, and I am delighted that two Fort McMurray players are getting this opportunity. It is a testament to the Fort McMurray junior chess program that they have come this far in the last six years, and it bodes well for their future.

Thank you

Additional Information

Provide any additional information that may assist in developing a better understanding of your application during the grant review (optional).

Over the years we really appreciate the help with this grant. We work extremely hard from Apr. 1st till end of October every other day from 1-3pm. All the practices are done on our own time and we go to competitions using shift trades or annual leave. We get no funding from the department, so this grant has been huge for helping with the lowering the costs. Every year we do the MegaBoys event and I'll be doing a leadership presentation at Father Beau in Abasand regarding our FireFit success.

Thank you for the help!!

PROCEDURES

Registration & Events

All events are Open, meaning anyone may compete from any geographic area. 'Bye' positions are Awarded to the 1st Place finishers in each Category from the Region into the FireFit Championship Finals. A precise definition can be found on each Events Information Page Link located on the current years Schedule.

Teams are urged to sign up early as in many cases Events fill to capacity and the Registration has to be closed. All members on a team must be from the same department. Registration will be through our On-Line Registration System (via the FireFit web site). Teams should be registered a minimum of four (4) weeks prior to event in order to avoid late registration fees.

A team or individual is considered to be registered upon completion of the On-Line Registration including payment. Payment may be made by Visa, or Master Card On-Line Purchase Order is also accepted but please ensure you have your Department or Cities Purchase Order # before starting the On-Line Registration.

When registering On-Line the system automatically creates an Invoice which should be printed for Departmental / Union / Sponsor reimbursement.

Acknowledgement of your registration will be sent via Email and can be viewed On-Line from the Event Page by clicking on the Who's Coming Link. The 'Who's Coming' Page is a great tool for those using PO's as you will be able to see if we have received your payment.

Refund requests, in the form of a credit, will be honored 14 days prior to competition; thereafter no refund.

The Waiver and Release form must be signed by every competitor prior to participation. The form stipulates that this is a "drug free" competition; by signing the form competitors acknowledge they are not using any performance enhancing or illegal drugs. You will receive & complete the waiver the evening prior to the event. In order to practice on the course this form must be completed. In some cases it is necessary to pick-up passes to get onto Fair & Festival Grounds where the Event is being held so it is important to make arrangements for someone to be at the Registration Confirmation.

FireFit will prepare confirmation documentation which must be verified by a team member at the Registration Confirmation held at the event site the night before each competition. Changes can be made at this time so that the Start List can be prepared for the following morning.

The start order is created by FireFit and will be posted the morning of the Event. We do our best to match those competitors who have never raced before against each other. Competitors with times will be matched against those with similar times. The Fastest competitors will run at the end of the day.

Things you Need to Know

All competitors should check the Event Information Page, for which they will be attending, to confirm what time they should be on site on the day of Competition. They should also check the 'Who's Coming' link on this page to ensure they are registered in the correct Events and Categories.

Substitutions due to injury, transfers, illness, shift changes are permitted. Please inform FireFit as soon as you know that there is a change to your Registered Competitors so that the update can be made prior to Registration Confirmation the evening before the event. Substitution within a team that has qualified for the FireFit Finals are allowed, provided that at least 3 of the original members are still on the team and the substitute is from the same department.

Each competitor will be assigned a number which will match their Start Order # and will be attached to the Scott AirPak that they will use.

Team times are calculated by taking the three fastest competitors times on the team and adding them together. This becomes their Team Time.

All equipment worn must be NFPA approved structural firefighting equipment, this includes boots, gloves, helmet, turnout pants & jacket. Liners must remain in your bunker gear. Competitors found not using NFPA approved gear will be disqualified. Hoods and shields are not required.

Team Members must stay OFF the course when they are not competing.

Concerns regarding penalties will be resolved with the Course Marshal and the Referee's.

Awards

Competitor Packages are picked up from the Registration Area in most cases at the time of Registration Confirmation. Competitor Packages include an Event T-Shirt for each team member. Team members who do not compete do not receive T-Shirts. Items not claimed on the day of competition can NOT be sent to competitors, but arrangements may be made to pick them up at future events.

Pins will be awarded to competitors with the following times: Bronze: Under 4 minutes, Silver: Under 3 minutes, Gold: Under 2 minutes 30 seconds, Sub 2 Pin: Under 2 minutes Sub 1:40 : Under 1 minute 40 Seconds & Under 1:30 : Sub 1minute 30 Seconds. Technical Training/Choreography

(YYYY-MM-DD)

Applicants may apply for events that have happened or are happening between October 1, 2017 and September 30, 2018.

Location: Training in Fort McMurray with visiting Specialist (for Season Competitions in various locations)

Institution or Organization sanctioning the program:

Team Canada Hip Hop Technical Director and Instructor (Paul Otterbein)

Event / Tournament / Competition Details:

Moving forward with the intent to focus entirely on competitions, it became necessary to improve the training standards and seek specialized instruction for technique and choreography. Unfortunately, we do not have access to this level of instruction in Fort McMurray and it would be cost prohibitive to send our dancers away for this training. Therefore, the Festival Team Dance Association acquired the support of Team Canada Technical Director and Instructor, Paul Otterbein, to travel to Fort McMurray throughout this past season to train our dancers on a monthly basis. Although this was cheaper than sending our dancers away, the costs associated still created a burden on the organization. However, receiving this level of training has allowed our dancers to step up to a much higher level of competition and will lead toward the potential of meeting higher qualifying standards associated with regional, national and international competition. Without this stepping stone, the dancers would have plateaued and not have the chance to realize those possibilities. Adding this piece to their training was a huge success this season and is something that will become more permanent as we plan now for next season.

Qualifying Requirements / Prerequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/ tournament / competition (Attach copies of official documentation with the application).

The requirements are set by our guest instructor. To acquire Mr. Otterbein's services, we had to agree to a certain number of training hours and choreography sessions with him visiting Fort McMurray. He only allows his brand to be showcased by dancers who have put in his prescribed training hours and adhere to strict costume obligations that enhance his choreography and in turn bring success to his art through the dancers' performance.

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

The Intermediate Festival Team is made up of 9 dancers aged 12-15. They earned a spot on the team through teacher recommendation and a successful audition process. Under Mr. Otterbein's guidance and direction, our dancers consistently earned top scores, placements and Choreography Awards.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

Working in a team environment helps youth to learn important life skills while having fun sharing a common interest. As they develop their skills, they also gain opportunities to perform solos which gives them a chance to build independence and confidence. Attending competitions among the best of competitors, gives the dancers a new sense of accomplishment allowing them to realize a higher potential and continue to set new goals. Our local and global communities are the real winners as these young, high achievers gradually enter the work world and begin to give back to the growth of a new cycle of champions!

Receiving the Games Legacy Grant would allow us to channel our fundraising toward some of these other additional costs.

Community Investment Program
Games Legacy Grant
Regional Municipality of Wood Buffalo
9909 Franklin Avenue
Fort McMurray, AB T9H 2K4

To: Community Investment Program,

I am pleased to provide this letter of support to the Festival Team Dance Association (FTDA).

The FTDA fundraises with the purpose to support financially the growth of opportunities for children and youth in the Wood Buffalo region. Because of the financial assistance that the Association has received in the past, the Festival Team has been able to attend more competitions, with astounding results. Each new opportunity has provided this talented group of dancers the ability to achieve their maximum potential.

Every year, I have witnessed improvements in the FTDA's support of the dancers. From bringing in world-renowned choreographers to helping students attend conventions, they continue to strive for excellence.

The MacDonald Island Festival Team actively participates in performances and dance competitions in and outside our region. In addition, the team has been assisting and performing in events for local non-profit organizations and charities, as they believe that collaboration and partnerships are essential in the development of a strong and vibrant community.

As a competitive team, they have worked extremely hard to succeed in numerous competitions and performances throughout Alberta and beyond; the team proudly represents and performs as strong ambassadors of the Wood Buffalo region.

I am delighted to lend my support to the FTDA application to the Games Legacy Grant.

Thank you in advance for your consideration.

Sincerely,

To Whom It May Concern:

I am writing this reference letter on behalf of the MacDonald Island Festival Team Association, as I have witnessed first hand the impact this organization has made in our arts community, which is why they are worthy of receiving the Legacy Games Grant. As a lead dance instructor at MacDonald Island Dance Academy, I have been working closely with the Team and the Association for years. In the past five seasons, the team has grown significantly, and the support of the Festival Team Association has been a catalyst in facilitating stronger programming and more opportunities for all team members.

It has been awe inspiring to see the fundraising initiatives the Festival Team Association has organized to improve financial accessibility for all dancers. The byproduct of this fundraising support has been a visible improvement of the standard of dance throughout the Wood Buffalo region. In recent years, the Festival Team Association has helped to bring in world-renowned hip hop choreographer, Paul Otterbein, to create cutting-edge, world class pieces for our students. In addition to preparing our dancers for the world stage, Paul's work has positively influenced teachers, which has had a ripple effect in all dance disciplines. With the help of the Legacy Games Grant, the Association would be able to hire Paul and potentially other similar talent to work with the Team.

Finances remain a hurdle for the Festival Team Association because they continue to increase their budget to create new opportunities for dancers. The Association sets ambitious goals because they know that they are always one more bottle drive, or barbeque away from making the budget. This is why I feel the association is so worthy of a Wood Buffalo Legacy Grant. This investment of the municipality to this Association will have incredible returns as I have seen the value of their investment in the Team increase significantly every year.

Sincerely,

Applicants may apply for events that have happened or are happening between October 1, 2017 and September 30, 2018.

Location: Training in Fort McMurray with visiting Specialist (for Season Competitions in various locations)

Institution or Organization sanctioning the program:

Team Canada Hip Hop Technical Director and Instructor (Paul Otterbein)

Event / Tournament / Competition Details:

Moving forward with the intent to focus entirely on competitions, it became necessary to improve the training standards and seek specialized instruction for technique and choreography. Unfortunately, we do not have access to this level of instruction in Fort McMurray and it would be cost prohibitive to send our dancers away for this training. Therefore, the Festival Team Dance Association acquired the support of Team Canada Technical Director and Instructor, Paul Otterbein, to travel to Fort McMurray throughout this past season to train our dancers on a monthly basis. Although this was cheaper than sending our dancers away, the costs associated still created a burden on the organization. However, receiving this level of training has allowed our dancers to step up to a much higher level of competition and will lead toward the potential of meeting higher qualifying standards associated with regional, national and international competition. Without this stepping stone, the dancers would have plateaued and not have the chance to realize those possibilities. Adding this piece to their training was a huge success this season and is something that will become more permanent as we plan now for next season.

Qualifying Requirements / Prerequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/ tournament / competition (Attach copies of official documentation with the application).

The requirements are set by our guest instructor. To acquire Mr. Otterbein's services, we had to agree to a certain number of training hours and choreography sessions with him visiting Fort McMurray. He only allows his brand to be showcased by dancers who have put in his prescribed training hours and adhere to strict costume obligations that enhance his choreography and in turn bring success to his art through the dancers' performance.

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

The Junior Festival Team is made up of 26 dancers aged 9-12. They earned a spot on the team through teacher recommendation and a successful audition process. Under Mr. Otterbein's guidance and direction, our dancers consistently earned top scores, placements and Choreography Awards.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

Working in a team environment helps youth to learn important life skills while having fun sharing a common interest. As they develop their skills, they also gain opportunities to perform solos which gives them a chance to build independence and confidence. Attending competitions among the best of competitors, gives the dancers a new sense of accomplishment allowing them to realize a higher potential and continue to set new goals. Our local and global communities are the real winners as these young, high achievers gradually enter the work world and begin to give back to the growth of a new cycle of champions!

I am writing this reference letter on behalf of the MacDonald Island Festival Team Association, as I have witnessed first hand the impact this organization has made in our arts community, which is why they are worthy of receiving the Legacy Games Grant. As a lead dance instructor at MacDonald Island Dance Academy, I have been working closely with the Team and the Association for years. In the past five seasons, the team has grown significantly, and the support of the Festival Team Association has been a catalyst in facilitating stronger programming and more opportunities for all team members.

It has been awe inspiring to see the fundraising initiatives the Festival Team Association has organized to improve financial accessibility for all dancers. The byproduct of this fundraising support has been a visible improvement of the standard of dance throughout the Wood Buffalo region. In recent years, the Festival Team Association has helped to bring in world-renowned hip hop choreographer, Paul Otterbein, to create cutting-edge, world class pieces for our students. In addition to preparing our dancers for the world stage, Paul's work has positively influenced teachers, which has had a ripple effect in all dance disciplines. With the help of the Legacy Games Grant, the Association would be able to hire Paul and potentially other similar talent to work with the Team.

Finances remain a hurdle for the Festival Team Association because they continue to increase their budget to create new opportunities for dancers. The Association sets ambitious goals because they know that they are always one more bottle drive, or barbeque away from making the budget. This is why I feel the association is so worthy of a Wood Buffalo Legacy Grant. This investment of the municipality to this Association will have incredible returns as I have seen the value of their investment in the Team increase significantly every year.

Sincerely,

Institution or Organization sanctioning the program:

Team Canada Hip Hop Technical Director and Instructor (Paul Otterbein)

Event / Tournament / Competition Details:

Moving forward with the intent to focus entirely on competitions, it became necessary to improve the training standards and seek specialized instruction for technique and choreography. Unfortunately, we do not have access to this level of instruction in Fort McMurray and it would be cost prohibitive to send our dancers away for this training. Therefore, the Festival Team Dance Association acquired the support of Team Canada Technical Director and Instructor, Paul Otterbein, to travel to Fort McMurray throughout this past season to train our dancers on a monthly basis. Although this was cheaper than sending our dancers away, the costs associated still created a burden on the organization. However, receiving this level of training has allowed our dancers to step up to a much higher level of competition and will lead toward the potential of meeting higher qualifying standards associated with regional, national and international competition. Without this stepping stone, the dancers would have plateaued and not have the chance to realize those possibilities. Adding this piece to their training was a huge success this season and is something that will become more permanent as we plan now for next season.

Qualifying Requirements / Prerequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/ tournament / competition (Attach copies of official documentation with the application).

The requirements are set by our guest instructor. To acquire Mr. Otterbein's services, we had to agree to a certain number of training hours and choreography sessions with him visiting Fort McMurray. He only allows his brand to be showcased by dancers who have put in his prescribed training hours and adhere to strict costume obligations that enhance his choreography and in turn bring success to his art through the dancers' performance.

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

The Senior Festival Team is made up of 15 dancers aged 14-17. They earned a spot on the team through teacher recommendation and a successful audition process. Under Mr. Otterbein's guidance and direction, our dancers consistently earned top scores, placements and Choreography Awards.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

Working in a team environment helps youth to learn important life skills while having fun sharing a common interest. As they develop their skills, they also gain opportunities to perform solos which gives them a chance to build independence and confidence. Attending competitions among the best of competitors, gives the dancers a new sense of accomplishment allowing them to realize a higher potential and continue to set new goals. Our local and global communities are the real winners as these young, high achievers gradually enter the work world and begin to give back to the growth of a new cycle of champions!

Games Legacy Grant
Regional Municipality of Wood Buffalo

To: Community Investment Program,

I am pleased to provide this letter of support to the Festival Team Dance Association (FTDA).

The FTDA fundraises with the purpose to support financially the growth of opportunities for children and youth in the Wood Buffalo region. Because of the financial assistance that the Association has received in the past, the Festival Team has been able to attend more competitions, with astounding results. Each new opportunity has provided this talented group of dancers the ability to achieve their maximum potential.

Every year, I have witnessed improvements in the FTDA's support of the dancers. From bringing in world-renowned choreographers to helping students attend conventions, they continue to strive for excellence.

The MacDonald Island Festival Team actively participates in performances and dance competitions in and outside our region. In addition, the team has been assisting and performing in events for local non-profit organizations and charities, as they believe that collaboration and partnerships are essential in the development of a strong and vibrant community.

As a competitive team, they have worked extremely hard to succeed in numerous competitions and performances throughout Alberta and beyond; the team proudly represents and performs as strong ambassadors of the Wood Buffalo region.

I am delighted to lend my support to the FTDA application to the Games Legacy Grant.

Thank you in advance for your consideration.

Sincerely,

I have been a part of the Canadian National Slopestyle and Big Air Team for 5 years and have been competing in World Cups/5 Star Elite events around the globe during this time.

My most recent accomplishment would be qualifying and participating in the 2018 Winter Olympics in Pyeong Chang South Korea.

I have achieved a total of 5 World Cup Podiums as well as 3 podiums at 6 Star Elite events in my athletic career this far.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

I couldn't have been more proud to have gotten the opportunity to represent Canada at the Olympics in Pyeongchang, however I was even more excited to represent my home town of Fort McMurray on the big stage. It was an experience I will never forget and one that reached more people than I ever would have imagined, I didn't realize until I returned home the effect it would have on my peers, neighbors, friends and strangers. The response I recieved was so positive and heartwarming and was far more than I every could have hoped for.

Now I am more inspired than ever before to continue in my athletic pursuit in hopes of inspiring future Fort McMurryite Olympians to come. This training camp could make for a huge stepping stone in my snowboarding and I believe it is one of many key factors in a succesful and progressive 2018/2019 competitive season.

To Whom It May Concern:

Brooke has been a member of the Canadian National Slopestyle team and competing in Internationally for several years now. The past 2 year's Brooke has made several World Cup finals, as well as had podium results on a few occasions.

The Mammoth High-Performance Camp is focused on progression with tools, such as a jump to air bag landing, designed for athletes to push their limits and try new tricks safely. This camp will be a stepping stone for Brooke to learn new tricks, which will help her achieve more finalist and podium finishes next year.

The Mammoth High-Performance Camp is an additional camp to our seasonal plans in the past. The 2018 Games Legacy Grant will help Brooke add this training opportunity into her year and pursue excellence in our ever-evolving sport of Slopestyle Snowboarding.

To whom it may concern,

Brooke Voigt has been a member of the Canadian National Snowboard Slopestyle team for 5 years. Through this time, she has shown us that she can compete with the best in the World.

I have known Brooke since she started training in Calgary when she was 12. Since then I have seen her grow into the athlete and rider she is today. Through that time, she has accomplished a lot on her snowboard. Recently she was one of the 3 Women to represent Canada at the Korea Olympic Winter Games for Slopestyle and Big Air. Along with this she has multiple podiums at World Cups and many major events around the globe.

On snow Brooke is riding at the top level but shows us that there is a lot more potential and growth in the skills she can acquire. This season she is training towards learning 2 major skills that will make her a podium threat. Off snow Brooke is putting in the work to become stronger to reduce her injury rates and to help her acquire these new skills on snow that could potentially make her one of the best in the world.

Brooke is kind hearted and knows what she needs to do to accomplish becoming a better snowboarder. We are pleased to have Brooke apart of our program and want to see her to continue to progress.

Thank you for your time,

Fort McMurray Youth Soccer's Boy's under 15 Fury team is in the process of soliciting community support for an exciting upcoming project.

This team, made up of 15 boys (+ 2 former Fury players) from our community with families from all walks of life, has been able to secure berths to represent Fort McMurray internationally in Gothenburg, Sweden and Manchester, England in two important international tournaments from July 13-30, 2018. These tournaments are the Gothia Cup in Sweden and the English Super Cup in Manchester. The Gothia Cup is the world's largest youth soccer tournament and the Super Cup is England's largest. This trip will expose the players to a high level of competition and give them invaluable life experience, while allowing them to showcase the success of our City's rebuilding efforts following the 2016 wildfire.

The Gothia cup in Sweden is the world's largest youth soccer tournament and has over 1700 teams competing. An aim of the tournament is to foster youth connections from all walks of life through participation in the tournament for youth development. As an example, after the Fort McMurray girls team competed there in 2013, a Swedish team came to Fort McMurray on an exchange trip.

Qualifying Requirements / Prerequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/ tournament / competition (Attach copies of official documentation with the application).

The tournament and sanctioning body requirements have all either been met or are underway:

- The team has also applied to be sanctioned/get travel permits from both the provincial association (Alberta Soccer Association) and the CSA (Canadian Soccer Association) to travel and participate in these two tournaments. These tournaments have been sanctioned in the past and approvals are expected. Documentation can be forwarded when finalized.
- All team members are registered with the ASA and sanctioned to travel individually as well
- The team has received approval from the Gothia and Super cup organizing committees - see invite letters attached

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

The U15 Boys 2018 International Team is a team of competitive soccer players from Fort McMurray who are part of the Fury youth soccer program. This group of boys has played together for many years and has had great success in tournaments in this province. They and their families are so committed to their participation in soccer that the team stayed together during the evacuation in 2016 and fulfilled their commitment to participate in the Edmonton Minor Soccer League. They were Provincial Futsal Champions in 2014, placed fourth at the 2016-17 Indoor Tier 2 Provincial Championships and were the Silver medalists at the 2017 Outdoor Tier 2 Provincial Championships. This is a great accomplishment for our team given that they must compete with the top teams from Edmonton and Calgary.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

Travel to these two tournaments overseas would allow the boys to build on the success they have already had. They will experience setting and working towards a longer term goal, which helps them develop overall life skills. The fundraising that is required allows them to participate positively in our community; they are involved in bottle drives, fundraising sales, and bagging groceries at local grocery stores. This also allows our community to see youth in a positive light.

The players involved in the U15 International are developing excellent leadership skills through advancing their competitiveness. They are also encourage to participate in sport for life. The leadership skills built by players on this team are already in play in our community. Players on our team are involved in building sport in the community: some are coaching younger players, some are refereeing, some put on a volleyball seminar for Grade 5 Mega-Boyz sessions, and other players volunteered with a charity, McHappy Days.

The opportunity to travel to participate in the world's largest international youth soccer tournament has presented the players with a long term sport and travel goal. The players are learning about long term goal setting and the commitments that are required to meet that goal. This goes beyond just trying to complete a soccer season or a school term.

The players are presenting a positive face of youth in our community in all the fundraising activities that occur (working coat checks, bagging groceries, etc..)

In addition, some individual players have taken on part time jobs to further fund their trip.

The team coaches are both volunteers with the team , with no children on the team, and provide excellent community role model for the players and community at large.

Re: Legacy Sports Grant Application for Fort McMurray Youth Soccer, U15 Boys 2018 International Team

Dear Chairperson, Community Investment Program:

It's my pleasure to support the application for the Fort McMurray Youth Soccer U15 Boys 2018 International Team for a Legacy Sports Grant. It's been a pleasure watching this group of players develop in a strong competitive team on the pitch and great ambassadors for Fort McMurray off the pitch in the past five years.

This group effectively changed with the appointment of Jay Mutala as head coach in 2013. A technically excellent coach who had trained with professional teams in his native Zambia as teenager, Jay instilled professionalism in a group that had struggled on the field. In addition to working on improving technique, fitness and tactical awareness, there was a real focus on courtesy and sportsmanship. Players were expected to greet coaches and each other with handshakes at the start and end of every training session. I was personally shocked when I went to observe a session and all the kids came over to shake my hand without being prompted.

There was also expectations when the team travelled to play in tournaments and provincial championships out of town. Players had to participate in fundraisers, whether it was bagging groceries in supermarkets, collecting and sorting bottles at drives or cooking and selling hamburgers outside stores. These sorts of activities, which are also ongoing to raise funds for this trip to Europe, build character and connect young people to the costs of activities. Several of the players have now started coaching in our grassroots program for players ages three to six as well as taken their refereeing courses. This group will produce many future volunteers for soccer and the wider community.

I also had an opportunity to coach these players during the summer of 2016, when the Horse River Wildfire forced the evacuation of the community for much of the outdoor season. Jay decided to return to Zambia to visit so I stepped in while we played in the

Edmonton Minor Soccer Association's u-14 Premier League. Both the players and the parents were excellent ambassadors for the community. They demonstrated a great deal of maturity in answering questions time after time about their individual circumstances surrounding their displacement. This is not something you'd expect from a group of 12-year-old boys and they were outstanding representatives for Fort McMurray.

On returning to the community, the parents and players undertook the very sizable task of hosting the 2017 Alberta Soccer Association u14 T-II provincial championships. This was no easy task as we didn't have a girls team entered in the tournament so this group had double the workload in terms of finding sponsors to fund the event and staffing critical volunteer positions to ensure the tournament ran smoothly. Their efforts were commended by the Alberta Soccer Association, who gave us the highest possible ranking as a host. We also received plenty of praise from the parents and players of the 13 other boys and girls teams who travelled to Fort McMurray. A lot of myths about our community were dispelled and they appreciated the hospitality organized by this group. On the field, the boys lost 2-1 in the gold-medal final but were praised for the skill on the field. The tournament's referee-in-chief specifically spoke to me afterwards to praise the behaviour and decorum of the team's parents and fans in conducting themselves in an exemplary fashion.

This is not the most talented group of players I've seen in my 14 years of involvement with the Fort McMurray Youth Soccer Association or the 40-plus years I've spent playing, coaching and watching the sport. This group, though, exemplify the best qualities you want young people to take from sport. They are committed to excellent on and off the field through hard work, discipline and doing things the right way. I hope you feel the same way. If you have any questions, please feel free to contact me directly.

Kind regards,

**Re: Legacy Sports Grant Application for Fort McMurray Youth Soccer, U15 Boys 2018
International Team**

Dear Chairperson, Community Investment Program:

I am happy to submit a reference for the U15 Boys Fury team travelling for international tournaments in Sweden and England. As a Vice President of the FMYSA and a coach of the U17/19 Girls team, I couldn't think of a better group of sport ambassadors from our region to represent Wood Buffalo on an international stage. This is not only a great opportunity for the region to showcase the quality of our sport & recreation on such high stage, but it is also a fantastic opportunity for the individual players to become better young leaders in our community.

I have had the opportunity to work with the coaching staff, team parents, and players on multiple occasions and I can confidently say that they are easily the most dedicated group of volunteer and individuals I have encountered in a long time. They hosted the U15 Boys Tier 2 Provincial Championship in Fort McMurray last summer - an event that showcased our wonderful facilities, talent, and hospitality and created very positive economic impact in the region. A number of the players are destined for high level of competition such as professional soccer and university athletics, while some will be athletes for life.

Sincerely,

Event / Tournament / Competition Name:

Dry-land Training/Haig

Beginning Date: 2018-7-27

(YYYY-MM-DD)

Completion Date: 2018-08-10

(YYYY-MM-DD)

Applicants may apply for events that have happened or are happening between October 1, 2017 and September 30, 2018.

Location: Canmore and surrounding areas

Institution or Organization sanctioning the program:

AIAWCA/CRTG

Event / Tournament / Competition Details:

The Dry-land/Haig Camp takes place in Canmore AB and the surrounding areas, it is a camp that is done in the mountains that provides elevation training as well as an opportunity to do mountain roller skis and runs. It provides me the opportunity to go to the Haig Glacier and ski on snow in the middle of summer, while staying in Canada. Skiing on snow in the summer helps make the transition easier in the fall heading into race season, it also brings out little technique things that can be worked on early in the season before racing begins. Canmore provides places to do long roller skis on incline which is not accessible in Fort McMurray as well as mountain runs/scrambles.

Qualifying Requirements / Prerequisites

List ALL qualifying requirements or prerequisites needed to participate or compete in this event/tournament / competition (Attach copies of official documentation with the application).

It is required to be a member of a registered club in Alberta, of which I am with the Ptarmigan Nordic Ski Club, and competing at provincial level competitions.

The main thing is that the individual has the money to pay for themselves to go. Provincial level funding is rare for cross country skiing and the expenses are great for camps like this.

Applicant History & Involvement

Summarize the applicant's history and involvement with the cultural or sport activity, including past achievements.

I started skiing at the Ptarmigan Nordic Ski Club (PNSC) when I was 9, I was introduced to racing about 5 years ago and really fell in love with it. I qualified for the 2016 Alberta Winter Games and attended I also qualified for the Arctic Winter Games but I was unable to attend, I set myself a goal of qualifying for the 2018 Arctic Winter Games of which I did and exceeded my expectations of simply qualifying, I was competitive in my field with three 5th place finishes of which I was the 3rd Canadian skier against international competition. I compete at a provincial level as well and I have seen my results improve year over year. Last year I was awarded the Killick/PNSC racing grant to help off-set costs last season. I am a coach at the Ptarmigan Nordic Ski Club with the Jackrabbit 3 group, as well I train with the upcoming race team and Track Attack groups. I am a level 1 NCCP certified coach and I hope to further my coaching development in the years to come.

Please provide a brief description of how the proposed activity is of benefit to the applicant and the community:

I want to inspire younger skiers in the club, and I want to see more people from Fort McMurray compete in a higher level of sport. I am inspired by Graeme Killick, he skied the same trails I do, he wore the same club name I do and he's from Fort McMurray. If one person can do it many more can. I hope to inspire the kids that they can do it. Being a coach at the PNSC, I use the training camps I attend as a way to learn from other coaches, I then take the techniques and drills that I learn and I use the same principles when I coach the younger skier at the PNSC. It gives them the same information and techniques that other skiers their age are receiving.

I would benefit from the training because they are at elevation and Canmore has training opportunity's that Fort McMurray just doesn't offer, such as places to roller ski, long mountain runs and a opportunity to ski on the Haig Glacier in the summer. It would also be a opportunity for me to train with my coach and teammates, living in Fort McMurray I don't get to train with them on a day-to-day basis.

RE: Leah Reitz This letter will serve to confirm the commitment demonstrated by Leah Reitz to the sport of Cross Country Skiing.

Leah has been participating in Alberta Cup Racing Series and attending various Cross-Country Alberta camps since 2014, including representing Zone 7 at the 2016 Alberta Winter Games in Medicine Hat, AB.

To further her racing career and improve results, for the 2017/18 season Leah has been training with Capital Region Training Group (CRTG), a high performance Cross-Country Ski team that provides, among other things, coaching and regional training opportunities for athletes located outside of greater Edmonton. Most recently she was selected to represent Team Alberta North at the Arctic Winter Games in Fort Smith/Hay River, NT in March 2018.

She has further developed her skills by becoming a Certified NCCP Community Coach, which requires her to complete coaching duties with younger skiers registered with the local Ptarmigan Nordic Ski Club. Along with the rest of her family, Leah continues to represent one of Alberta's northernmost clubs at Provincial competitions.

On behalf of Cross-Country Alberta, I support Leah's application for the Games Legacy Grant and her commitment to the sport of cross-country skiing.

If you have any questions to would like to verify, please contact the undersigned as follows:

Reference letter for Leah Reitz
April 1, 2018

To whom it may concern

Leah Reitz is the second oldest in a family of ten, her leadership skills come very naturally. Leah has been a member of the Ptarmigan Nordic Ski Club since she joined as a Jack Rabbit then quickly moving up to the Track Attack program with her older sister. Leah has always demonstrated a desire to improve her skiing skills and then to help others reach their goals as well. Leah has been blessed with tremendous power, her double poling is second to none in our club. Leah has used this power to improve her results at the Alberta Cup races and will continue to improve with her disciplined training. Leah was a member of the Zone 7 ski team at the 2016 Alberta Winter Games held in Medicine Hat, Alberta. She was also selected to the Arctic Winter Games Team as well.

Leah is one of our most social skiers, she makes friends very easily (even with her competitors). Her friendly disposition makes her invaluable to our Bunny and Jack Rabbit programs; children really appreciate Leah's approach with them. Leah's leadership does start at home though, I have observed her organizing her younger siblings many times as they pack and unpack their ski gear, she is like a second mom to many of them. Leah is a very deserving athlete and would benefit greatly from the training and coaching she would receive at these training camps. She would bring back so much new found knowledge and would be willing to pass that on to all other club members. The younger skiers, at the Ptarmigan Nordic Ski Club, look up to Leah, not only for her skiing prowess, but also for her dedication to the sport of cross country skiing.

Sincerely,

RE: Games Legacy Grant

Miranda,

I attended the same camp last year and I have full intentions of attending it this year.

Registration for the 2018 camp has not opened yet and it may not be for a few months. The Provincial governing body is in the middle of a direction change having just relieved the Sport Manager (ED) of his duties and a replacement has not been named.

Unfortunately, I can't say any more on behalf of CCA. If you have any other questions about the camp you will have to contact the Chair of the CCA Board - Jo Wolach: jo@xsitra.com

Thanks,
Leah
