

AR&SS Proposal

Programming

- When ARSS is running their programming it will be within their dedicated area.
- Should they need to use amenities within the Anzac Recreation Centre, they will need to book the space in advance at determined (negotiated) rates. (example within this powerpoint)

Wakes & Funerals

- Wakes and funerals will take priority over scheduled events and activities in the fieldhouse
- If a wake is required, all planned events will be bumped
- The RRC will pipe and drape the fieldhouse for privacy of family and guests
- Track will be shut down for the duration of the wake
- Wake and funerals will be at no charge to the family
- If the wake is multi-day, security will be provided by the RRC free of charge to allow family to stay with their loved ones

Café

- 3 options for the café
 1. ARSS would run the café and be able to use it as a community kitchen for their needs, but would need to agree to run the café at the following operational hours from September until the end of March. This provides a revenue opportunity to ARSS. A monthly calendar of events would be provided to ARSS that are scheduled in the building so that AR&SS can open the concessions
 - Monday – Friday 5pm-830pm
 - Saturdays and Sundays 8am-6pm
 2. The RRC runs the café and would grant access to the ARSS when needed with the requirement for ample notice to be provided.
 3. The RRC would RFP the café for lease and ARSS would purchase items from the leaseholder the same as other community members. RMWB will potentially provide a warming station within dedicated ARSS space. Nothing would prevent ARSS from negotiating competitive catering with leaseholder.

Playground

- The existing playground will be moved into the concourse and continue to be programmed by RRC.
- Playground will remain available to the general public and available for bookings. ARSS could book at set rates.

Youth Room

- The ARSS would agree to not rent the former youth room space to 3rd parties but would utilize for their own purposes including programming and meetings.

Former Indoor Playground Room

- RMWB will assist ARSS with interior configuration of this room for office cubicles and potentially a warming area with sink, fridge and counter space.
