#### **Presentation Guidelines for Powerpoint Users**

- The Council Chamber is equipped with five 52" plasma screens that are viewable from different angles throughout the room. **Presentations must be developed in a Wide Screen format (16:9) and fonts must be a minimum of 24 pt.** (preferred font – Arial) to maximize viewing. Anything smaller than 24 pt. is difficult to read and the impact of the presentation may be lost. **As such, presentations not meeting minimum requirements will not be accepted.**
- The **front page** of the presentation should indicate the subject matter, and include the presenter's name, title and date of presentation.
- **Presentations** should be used as a tool to highlight information and support/prompt the presenter as opposed to telling the whole story.
- **Avoid using complicated backgrounds**, such as photos, as the slides can appear jumbled and be very difficult to read.
