## **BACKGROUND**

As discussed during previous meetings, the RMWB Council is aware of costs incurred by The Salvation Army to change administrative offices in its Community and Family Services facility on MacDonald Avenue to provide 24 additional beds in keeping with the Provincial Government's agenda it outlined in 2015.

To meet that request, The Salvation Army made the needed renovations as well as leasing office space in the Hardin Street building for our administration staff at a monthly cost of \$11,186.53. In addition to the annual lease expense of \$152,515.70 and monthly operational costs, a one-time re-location expenditure of \$31,632 was necessary. for a total of \$195,334.23..

The re-located offices became operational in October 2015.

In 2018, renovations at the Men's Emergency Shelter began the first week of January to accommodate the 24 additional beds and were completed by March 30.

The total cost of the renovations was \$294,868, including both capital and operational expenses. The Salvation Army received \$136,000 from the Provincial Government to help cover the cost. We had to assume the remaining balance of \$158,868.

We have included a breakdown of calculated loss due to preparation for the additional emergency shelter beds. These figures do not include operational costs such as staffing.

Thank you for the opportunity to submit this report. The Salvation Army has always felt supported by the RMWB and appreciate the additional support you have considered with the challenging situation we now find ourselves in.

The Salvation Army Community Services Centre  
“A place of **HOPE**”

In 2017

The Salvation Army of Fort McMurray  
provided **24,455** beds to those needing a safe supportive  
place to stay.

**As requested**

We were prepared to provide **8,030** more.

Then our Funding was interrupted.

**The Salvation Army moved its administrative offices to  
accommodate the expansion requested of 24 additional  
beds.**

**During the 2017-2018 fiscal year, as a direct result of this  
move and the costs incurred in relation to the renovations  
we find ourselves**

**in a deficit of \$ 343,015.70.**

**Having 24 Beds empty each night  
without the funding to provide staffing necessary to  
support the needs of the additional patrons.**

# Shelter Expansion

- The expansion of the shelter has included the development of female dorms and a private washroom for their use. This will allow us to provide beds for all genders presenting with needs.
- The ability to provide supportive services to 24 additional individuals on wait lists.
- The additional beds will provide opportunity to house and support individuals post and pre treatment supporting community services such as Pastew Detox, Mark Amy, The Treatment Centre, Housing First Programs, etc.
- Is in line with the proposal of the provincial government to have one emergency shelter provider.

With the added cost of the expansion and lack of funding we are unable to consider opening the 24 additional beds.

As you are aware there are increased asks from our many departments due to the current economy. With hopes we may move forward and be able to provide additional services we are asking His Honor the Mayor and Members of the Council to consider reimbursing The Salvation Army for the costs incurred due to the disruption in funding.
