

ANZAC JR LEADERS/ SCOUTS

ABOUT OUR HALL

- Our Community Hall is the HEART of our community.
- Our parents, grandparents, aunts, uncles, and friends helped BUILD the hall all by themselves!
- The Hall supports Anzac's traditional ways, our cultural activities, and our social and recreational events and programs for ALL AGES!
- The Community Hall offers our group a free and accessible space (it includes a kitchen!) for our group to meet.
- There were pictures on the walls that showed the history and past memories in the community which was always nice to look at and hear stories from elders

REASONS WE WANT TO KEEP OUR HALL

- Close to our school .. Right next door! A lot easier walking for activities in the winter time.
- Free events like Family Movie Nights with Supper that we made together and the after school program where we got to play with our friends
- There's no designated space for the nurse at the Rec Centre
- The hall is more open and welcoming.
- We fundraise for our activities and currently have to use our money for the Rec Centre to host our weekly meetings.

WE THINK COUNCILLOR ALLEN SAID IT BEST AT THE OCTOBER 2018 MEETING:

- “I’ve seen the impacts of what happens when people from other communities make decisions for another community”.
- “partner together and build something meaningful”.
