

# Willow Square Continuing Care Centre

March 4, 2021

# Overview

---

- Alberta Health Services (AHS) was granted possession of Willow Square in January 2021, and immediately began work on the commissioning phase of the project.
- The facility is built on 70% of the Willow Square site and the remaining 30% will be used for future developments as needed.
- Willow Square will provide residents in the Fort McMurray region a modern continuing care centre that will meet their present and changing residential and medical needs.
- We expect to begin welcoming residents in mid-2021.

# Bed Capacity

---

- ✓ Capacity for 142 Beds
- ✓ 108 beds available on opening day
- 36 spaces shelled for future development.
  - Ø 34 long term care beds + 2 respite beds
  - Ø 34 supportive living beds + 2 palliative care beds
  - Ø 36 memory care beds

- Case management as needed by RN

## Willow Square: Commissioning

---

The commissioning phase is crucial to ensuring the building and medical systems, and our healthcare teams are all fully prepared to provide safe and quality care to our patients prior to opening the facility.

Commissioning work includes:

- Final cleaning of the entire building,
- Installation of furniture and equipment.
- Training staff on new medical equipment and systems
